FERNAND LAMAZE

Painless Childbirth The Lamaze Method

Marjorie Karmel

Painless Childbirth The Lamaze Method:

Painless childbirth Fernand Lamaze, 1976 Thank You, Dr. Lamaze Marjorie Karmel, 1981 A new edition of the original work including a revised Lamaze exercise manual for the 80s *Babies Without Tears* Marjorie Karmel, 1959

Painless Childbirth Fernand Lamaze, 1956 Examines the causes of pain in childbirth and recommends a method for training women for natural childbirth without pain **Babies Without Tears. A Mother's Experiences of the Lamaze Method of Painless Childbirth** Marjorie Karmel, 1959 *Chestnut's Obstetric Anesthesia E-Book* David H. Chestnut, Cynthia A. Wong, Lawrence C. Tsen, Warwick D Ngan Kee, Yaakov Beilin, Jill M. Mhyre, Brian T. Bateman, Naveen Nathan, 2019-02-20 Comprehensive user friendly and up to date Chestnut's Obstetric Anesthesia Principles and Practice 6th Edition provides the authoritative clinical information you need to provide optimal care to your patients This substantially revised edition keeps you current on everything from basic science to anesthesia techniques to complications including coverage of new research that is paving the way for improved patient outcomes An expert editorial team ensures that this edition remains a must have resource for obstetric anesthesiologists and obstetricians nurse anesthetists and anesthesiology assistants and anesthesiology and obstetric residents and students Presents the latest information on anesthesia techniques for labor and delivery and medical disorders that occur during pregnancy emphasizing the treatment of the fetus and the mother as separate patients with distinct needs Contains new chapters on shared decision making in obstetric anesthesia and chronic pain during and after pregnancy Features extensive revisions from cover to cover including consolidated information on maternal infection and postoperative analgesia Covers key topics such as neonatal assessment and resuscitation pharmacology during pregnancy and lactation use of nitrous oxide for labor analgesia programmed intermittent epidural bolus PIEB technique epidural analgesia associated fever the role of gastric ultrasonography to assess the risk of aspiration sugammadex in obstetric anesthesia the role of video laryngoscopy and new supraglottic airway devices spinal dysraphism and cardiac arrest in obstetric patients Incorporates the latest guidelines on congenital heart disease and the management of sepsis as well as difficult airway guidelines that are specific to obstetric anesthesia practice Offers abundant figures tables and boxes that illustrate the step by step management of a full range of clinical scenarios Enhanced eBook version included with purchase Your enhanced eBook allows you to access all of the text figures and references from the book on a variety of devices **Lamaze** Paula A. Michaels, 2014-03 Advocated as the oldest most natural method of childbirth Lamaze is a practice involving breathing techniques that help a woman work through contractions psychoprophylaxis It has been omnipresent in American culture since the 1970s advocated by the medical community and mothers alike While it would seem that it emerged from the back to the earth culture of the 1960s and 1970s Paula Michaels in this book reveals a shocking history the Lamaze method was actually invented in the Cold War Soviet Union Michaels discovers that a French obstetrician Fernand Lamaze saw the technique being used in Russia in the 1950s and brought it back to his maternity ward

in Paris In order to make the method more appealing to Americans early U S advocates hid its Soviet origins and were able to spread it as a grassroots movement This work involving multiple languages and archives in a range of nations promises to be eye opening for scholars the medical community and general readers alike In setting the practice of Lamaze into its context it will shed light on the history of medicine the history of feminism and Cold War history

A History of Midwifery in the United States Helen Varney Burst, Joyce E. Thompson, 2015-11-04 Written by two of the profession s most prominent midwifery leaders this authoritative history of midwifery in the United States from the 1600s to the present is distinguished by its vast breadth and depth The book spans the historical evolution of midwives as respected autonomous health care workers and midwifery as a profession and considers the strengths weaknesses threats and opportunities for this discipline as enduring motifs throughout the text It surveys the roots of midwifery the beginnings of professional practice the founding of educational institutions and professional organizations and entry pathways into the profession Woven throughout the text are such themes as the close link between midwives and the communities in which they live their view of pregnancy and birth as normal life events their efforts to promote health and prevent illness and their dedication to being with women wherever they may be and in whatever health condition and circumstances they may be in The text examines the threats to midwifery past and present such as the increasing medicalization of childbearing care midwifery s lack of a common identity based on education and practice standards the mix of legal recognition and reimbursement issues for midwifery practice Illustrations and historical photos depict the many facets of midwifery and engaging stories provide cultural and spiritual content This is a must have for all midwives historians professional and educational institutions and all those who share a passion for the history of midwifery and women Key Features Encompasses the most authoritative and comprehensive information available about the history of midwifery in the United States Considers the strengths weaknesses threats and opportunities for midwifery Illustrated with historical photos and drawings Includes engaging stories filled with cultural and spiritual content introductory quotes to each chapter and plentiful chapter notes Written by two preeminent leaders in the field of midwifery

Natural Childbirth The Swiss Way Esther Marilus, 1979-11-01 What s the Swiss way A program developed by Swiss obstetricians and gymnastic teachers which recommends a combination of breathing physical exercise and relaxation techniques for an easier pregnancy and delivery Not pain free but pain controlled with special consideration for troublesome areas feet back varicose veins plus more Also advice for fathers postpartum exercises and other relevant information

Birthing Fathers Richard K. Reed, 2005-01-19 Treating birth as ritual Reed makes clever use of his anthropological expertise qualitative data and personal experience to bring to life the frustrations and joys men often encounter as they navigate the medical model of birthing William Marsiglio author Sex Men and Babies Stories of Awareness and Responsibility In the past two decades men have gone from being excluded from the delivery room to being admitted then invited and finally expected to participate actively in the birth of their children No longer mere observers fathers attend baby showers go

to birthing classes and share in the intimate everyday details of their partners pregnancies In this unique study Richard Reed draws on the feminist critique of professionalized medical birthing to argue that the clinical nature of medical intervention distances fathers from child delivery He explores men s roles in childbirth and the ways in which birth transforms a man s identity and his relations with his partner his new baby and society In other societies birth is recognized as an important rite of passage for fathers Yet in American culture despite the fact that fathers are admitted into delivery rooms little attention is given to their transition to fatherhood The book concludes with an exploration of what men s roles in childbirth tell us about gender and American society Reed suggests that it is no coincidence that men s participation in the birthing process developed in parallel to changing definitions of fatherhood more broadly Over the past twenty years it has become expected that fathers in addition to being strong and dependable will be empathetic and nurturing Well researched candidly written and enriched with personal accounts of over fifty men from all parts of the world this book is as much about the birth of fathers as it is about fathers in birth
