Clothing and Landscape in Victorian England Rachel Worth, 2018-01-30 In the context of this rapidly changing world Rachel Worth explores the ways in which the clothing of the rural working classes was represented visually in paintings and photographs and by the literary sources of documentary autobiography and fiction as well as by the particular pattern of survival and collection by museums of garments of rural provenance Rachel Worth explores ways in which clothing and how it is represented throws light on wider social and cultural aspects of society as well as how traditional styles of dress like men s smock frocks or women s sun bonnets came to be replaced by fashion Her compelling study with black white and colour illustrations both adds a broader dimension to the history of dress by considering it within the social and cultural context of its time and discusses how clothing enriches our understanding of the social history of the Victorian period *Apples and Orchards since the Eighteenth Century* Joanna Crosby, 2023-11-16 Showing how the history of the apple goes far beyond the orchard and into the social cultural and technological developments of Britain and the USA this book takes an interdisciplinary approach to reveal the importance of the apple as a symbol of both tradition and innovation From the 18th century in Britain technology innovation in fruit production and orchard management resulted in new varieties of apples being cultivated and consumed while the orchard became a representation of stability In America orchards were contested spaces as planting seedling apple trees allowed settlers to lay a claim to land In this book Joanna Crosby explores how apples and orchards have reflected the social economic and cultural landscape of their times From the association between English apples and English virtues of plain speaking hard work and resultant high quality produce to practices of wassailing highlighting the effects of urbanisation and the decline of country ways and customs Apples and Orchards from the Eighteenth Century shows how this everyday fruit provides rich insights into a time of significant social change Art and Womanhood in Fin-de-Siecle Writing Catherine Delyfer, 2015-10-06 Lucas Malet is one of a number of forgotten female writers whose work bridges the gap between George Eliot and Virginia Woolf Malet s writing was intrinsically linked to her passion for art This is the first book length study of Malet s novels From Realism to Art Nouveau Laura Lombardi, 2009 A breathtaking and superbly designed volume on the influential form of the Realist to Art Nouveau art movements It lets you trace the roots of modern art beginning with Realist paintings such as Courbet s *The Stonebreakers* and Millet s *The Gleaners* works that shocked mid 19th century Paris with their unblinking depiction of the lives of the poor From Realism to Art Nouveau beautifully captures this turbulent era with an incisive text and breathtaking reproductions of works by Manet Rossetti Sargent Monet Seurat Cezanne Van Gogh Gauguin Rodin Klimt and others The Spectator , 2000 *The British*

Campbell, Musée de Pont-Aven, 2004 Après avoir pris le travail des peintres finlandais en 1990 américains en 1995 irlandais en 1999 le Musée de Pont-Aven rend hommage aux nombreux peintres britanniques qui ont séjourné en Bretagne durant la deuxième moitié du XIXe et la première moitié du XXe siècle. À la suite de Turner qui visite la Bretagne de Morlaix à Nantes en 1826 nombre de ses compatriotes manifestent une curiosité pour explorer la péninsule armoricaine. Les premiers voyageurs viennent en observateurs, aquarellistes, ils se sentent attirés aux paysages et aux sites urbains, tous ont une volonté de capter des impressions de voyage. À cette phase de découverte romantique de la Bretagne succède une phase d'installation avec des séjours répétés dans des lieux de prédilection qui donnent naissance des centres picturaux : Pont-Aven, Concarneau, Douarnenez, Cancale. La Bretagne est la province qui a suscité le plus d'intérêt dans la société victorienne et c'est la première destination touristique des Anglais qui y viennent pour la beauté des paysages, l'architecture et les mœurs paysannes. Les textes d'Émile Souvestre ou le Barzaz Breiz d'Hersart de la Villemarqué sont traduits en anglais et appréciés, les revues vantent la contrée et en font un lieu en vogue pour un public britannique de voyageurs d'écrits et d'artistes. Les artistes anglais et écossais venus spécialement pour peindre sur le motif explorent avec délectation une civilisation paysanne intacte qui leur semble exotique. En quelque sorte, ces peintres naturalistes avec leur désir d'ailleurs avec leur attrait pour l'Autre nous tendent un miroir où se reflète la fois la culture du voyageur et celle du pays visité, une vision idéaliste qui nous interroge. À la recherche d'un endroit propice au travail en plein air, les peintres britanniques sont parmi les premiers membres de la colonie artistique de Pont-Aven arrivés en même temps que les Américains. Ils seront nombreux, se succéderont en garnison, remarquablement fidèles, résidant ici plusieurs mois par an, débarquant des bateaux ou arrivant par les chemins de fer. La qualité de l'accueil, l'esprit de tolérance, la facilité de trouver des modèles qui acceptent de poser, la lumière si variable sont autant de raisons pour fixer le foyer artistique. Les relations entre la grande et la petite Bretagne ont toujours été complexes et ont donné lieu de multiples confrontations avec nos plus proches voisins. Paradoxalement, les Anglais ont eu un rôle de découvreurs pour la Bretagne, ils nous apportent le regard de l'Autre, ils nous font entrer dans leur propre imaginaire et nous renvoient une image de nous-mêmes.
