Painters in Tahiti Patrick O'Reilly, 1978 Noa Noa Paul Gauguin, 1919 **Gauguin Tahiti** George T. M. The Paintings of Paul Gauguin Eugene Henri Paul Gauguin, 2011-10-14 In this book 310 paintings are reproduced on 224 color plates It is a rather large collection in one compendium covering the prolific painter's and artist's most dramatic and expressive period from 1887 to his death in 1903 The book begins with a biography a eulogy by Charles Morice 1903 and excerpts from Gauguin's book *Noa Noa* narrating his adventures on Tahiti and the Marquesas Islands In a somber slightly hoarse voice Gauguin said Primitive art comes from the spirit and uses nature So called refined art comes from sensuality and serves nature Nature is the servant of the first and the mistress of the second But the servant cannot forget her origins she degrades the artist by allowing him to adore her This is how we fall into the abominable error of Naturalism Naturalism begins with the Greece of Pericles Since then there have been no more or less great artists except those who have somehow reacted against this error but their reactions have been no more than leaps of memory glimmers of good sense within a movement of decadence in the end uninterrupted for centuries Truth is purely cerebral art this is primitive art the most learned of all this was Egypt There is the principle In our present misery there can be no salvation without a rational and sincere return to the principle And this return is the necessary action of Symbolism in poetry and art *Noa Noa* Paul Gauguin, 1947 Gauguin Still Lives on Tahiti David Fairman, 2013 Following the path of famous painter Paul Gauguin award winning photographer David Fairman spent six weeks in Tahiti and returned with a captivating series of pictures taken in his unique Pointillist style These images complimented perfectly by excerpts from Gauguin's diaries and letters reveal a much more personal side to the life of a man who after his death in 1903 would become one of the great legends of French Polynesia Fairman's pictures were exhibited alongside original paintings at the Tahiti Gauguin Museum to popular acclaim Through this book's beautiful photography and fascinating quotations we see that Gauguin truly does still live on in Tahiti

An Artist in the Rigging William B. Dillingham, 2008-08-01 *An Artist in the Rigging* is a study of Herman Melville's early novels *Typee* *Omoo* *Mardi* *Redburn* and *White Jacket* The author considers these fictions from the standpoint of thematic relationship rather than of chronological development He shows that while the five hero narrators are separate and distinct entities they have much in common and can be seen as representing different facets of an emergent composite hero from the sensitive and restless young man who leaves home to search hungrily for experience to the wanderer immersed in a deep probing of himself and his world The hero's thirst for psychological independence what comes to be his overriding ambition is never satisfied and destruction becomes inevitable culminating in a paradoxical apotheosis in which the narrator hero achieves this independence but only at the expense of his humanity Dillingham persuasively demonstrates the interrelated qualities of these five novels and in so doing he shows that the young Melville was a far greater literary artist than he gave himself credit for being This fiction constitutes a powerful achievement in richness of texture range of effect and depth of characterization as *An Artist in the Rigging* makes clear
