*Contemporary Chinese Art: Primary Documents* Wu Hung, 2010 Invaluable resource for anyone who wants to understand contemporary Chinese art one of the most fascinating art scenes of the late 20th and early 21st centuries **Inside/out** Asia Society. Galleries, San Francisco Museum of Modern Art, 1998-01-01 The late twentieth century has been marked by momentous political economic and social change throughout the Chinese world Deeply rooted cultural assumptions and ancient visual traditions have been challenged by rapid modernization and conflicting global ethnic and local identities Inside Out New Chinese Art was the first major international exhibition to explore the impact of these challenges on artists in the People's Republic of China Hong Kong Taiwan and those of the 1980s Diaspora The multifaceted exhibition and accompanying catalog encompass an extensive range of artistic forms including installation video and performance art as well as more traditional media such as oils and ink The art is grouped according to themes some specific to regions and others that reflect widespread and overlapping trends With the inclusion of ambiguous territories like Hong Kong and Taiwan the exhibition opens up a perspective of modern Chinese art from the outside as well as a looking out from the inside The catalog features essays by eminent Chinese art scholars and curators along with leading curators and historians of Western art Together they promote Chinese art's rightful place in the contemporary global cultural arena and at the same time acknowledge the influence of its rich heritage The diversity and freshness of the exhibition reflects the explosion of creativity among Chinese artists during the past decade The ironic social commentary of Li Shan's The Rouge Series no 24 the apartment art of artists reacting against the traditional patronage of large museums and corporations and Wang Jin's sly humor in portraying consumer fetishes in today's China are a few examples of the spirited artistry awaiting the viewers of Inside Out *Ink Art* Metropolitan Museum of Art (New York, N.Y.), 2013 Featuring 70 works in various media paintings calligraphy photographs woodblock prints video and sculpture that were created during the past three decades Ink Art Past as Present in Contemporary China will demonstrate how China's ancient pattern of seeking cultural renewal through the reinterpretation of past models remains a viable creative path Although all of the artists have transformed their sources through new modes of expression visitors will recognize thematic aesthetic or technical attributes in their creations that have meaningful links to China's artistic past The exhibition will be organized thematically into four parts and will include such highlights as Xu Bing's dramatic Book from the Sky ca 1988 an installation that will fill an entire gallery Family Tree 2000 a set of vivid photographs documenting a performance by Zhang Huan in which his facial features and his identity are obscured gradually by physiognomic texts that are inscribed directly onto his face and Map of China 2006 by Ai Weiwei which is constructed entirely of wood salvaged from demolished Qing dynasty temples *China* Lorenzo Sassoli de Bianchi, 2005 China The New Contemporary Painting presents the works of 18 artists working in the medium today Some of the paintings shown in this volume provide insight into China's current cultural social and political climate while drawing on
