The Drama of American History Series James Lincoln Collier, Christopher Collier, 2017-02-07 History is dramatic and the renowned award-winning authors Christopher Collier and James Lincoln Collier demonstrate this in a compelling series aimed at young readers. The volumes in this collection explore far beyond the dates and events of a historical chronicle to present a moving illumination of the ideas, attitudes, and tribulations that led to the birth of this great nation. This collection features six books in the Drama of American History series covering American history from prehistoric Native American life and culture through the Federalist era of the late eighteenth century: Pilgrims and Puritans 1620-1676, The French and Indian War 1660-1763, The Paradox of Jamestown 1585-1700, Clash of Cultures: Prehistory 1638, The American Revolution 1763-1783, Building a New Nation: The Federalist Era 1789-1801. *From Protest to Freedom* Mokerrom Hossain, 2010-02-21 This book presents the socio-political history of birth of Bangladesh. It provides a brief summary of the roles the Bengali Muslims played in relation to British rule and the Pakistan movement. It narrates the dynamics that took place during British Colonial administration that inspired the people of this land toward freedom and equality on the basis of modern democratic principles they experienced in whatever limited fashion during the British rule. It also illuminates the people's expectations that with the replacement of Colonial democracy they could establish true democracy as was exposed through the writings of Western scholars. It provides a summary of how the hopes and aspirations of the East Pakistani Bengalis were shattered due to West Pakistani politicians' attitudes and actions. It provides a description how military rule further alienated East Pakistani Bengalis due to its new form of central government: Basic Democracy, and how discrimination gave impetus for further protests and agitations. It illustrates how economic and social discriminations created disparities and uneven development and how East Pakistani Bengalis responded as a group. It explains the rise of Bengali nationalism. It is shown how East Pakistani Bengalis were committed to the restoration of a true democratic system of governance as the only way to save Pakistan from disintegration. It shows how the downfall of Aga Mohammad Ayub Khan 1907-1974 and the rise of Yahya Khan 1917-1980 were nothing but a change of face and a repeat of deceitfulness. It describes the occupation period when the West Pakistani army literally occupied East Pakistani Bengali population. It describes how during the occupation period the West Pakistani army committed genocide and how most of the world powers remained indifferent to it. Finally, a description has been provided of the Mukti Bahin, the people's army of East Bengal, how it was formed and how it fought against Pakistan's pampered army until the surrender of West Pakistani army and Bangladesh was born. This book provides a comprehensive understanding of a long chain of events that ultimately led to the victory on December 16, 1971. **Policy modeling of a dual grain market** Raj Krishna, Amm?
