Pakistan And The Afghan Conflict 1979 1985 With An Afterword Covering Events:

Historical Dictionary of Pakistan Shahid Javed Burki, 2015-03-19 Pakistan is unlike most other countries in the emerging world. It is one of the two nations the other being the state of Israel founded on the basis of religion. Although it was created to provide a homeland for the Muslim community of British India in its original form it was able to accommodate only about half of the people of Islamic faith who lived in the subcontinent. Pakistan's birth in 1947 resulted in one of the largest movements of people in human history when some 14 million people left their homes with 8 million Muslims leaving India for what is now Pakistan and 6 million Hindus and Sikhs moving in the opposite direction. This was the first large scale incidence of ethnic cleansing the world was to witness. This fourth edition of *Historical Dictionary of Pakistan* covers its history through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Pakistan.

War and State-Building in Afghanistan Scott Gates, Kaushik Roy, 2014-11-20 The Mughals, British, and Soviets all failed to subjugate Afghanistan. Failures which offer valuable lessons for today. Taking a long historical perspective from 1520 to 2012, this volume examines the Mughal, British, Soviet, and NATO efforts in Afghanistan, drawing on new archives and a synthesis of previous counter-insurgency experiences. Special emphasis is given to ecology, terrain, and logistics to explain sub-conventional operations and state building in Afghanistan. *War and State Building in Modern Afghanistan* provides an overall synthesis of British, Russian, American, and NATO military activities in Afghanistan which directly links past experiences to the current challenges. These timely essays are particularly relevant to contemporary debates about NATO's role in Afghanistan: do the war and state building policies currently employed by NATO forces undercut or enhance a political solution? The essays in this volume introduce new historical perspectives on this debate and will prove illuminating reading for students and scholars interested in military history, the history of warfare, international relations, and comparative politics.

The Struggle for Pakistan Ayesha Jalal, 2014-09-16 Established as a homeland for India's Muslims in 1947, Pakistan has had a tumultuous history beset by assassinations, coups, ethnic strife, and the breakaway of Bangladesh in 1971. The country has found itself too often contending with religious extremism and military authoritarianism. Now, in a probing biography of her native land amid the throes of global change, Ayesha Jalal provides an insider's assessment of how this nuclear-armed Muslim nation evolved as it did and explains why its dilemmas weigh so heavily on prospects for peace in the region. An important book, Ayesha Jalal has been one of the first and most reliable Pakistani political historians on Pakistan. *The Struggle for Pakistan* is her most accessible work to date. She is especially telling when she points to the lack of serious academic or political debate in Pakistan about the role of the military. Ahmed Rashid, *New York Review of Books*. Jalal shows that Pakistan never went off the rails; it was moreover never a democracy in any meaningful sense. For its entire history, a military caste and its supporters in

Troubled Regions and Failing States Kristian Berg Harpviken, 2010-07-07 Is the phenomenon of state failure better understood through a focus on the regional context To what extent may studies of regional security benefit from a focus on the capacities and vulnerabilities of the states involved This title addresses these questions

Recovering the Frontier State Rasul Bux Rais, 2008-01-01 The book explores how legacies of internal strife and foreign invasions have altered the balance of social and political forces that provided some measure of stability to Afghanistan The country faces structural constraints in the way of reviving itself owing to ethnic fragmentation Taliban insurgency and shallow social roots of political power The central argument is that Afghanistan needs positive international engagement to find a new balance among its fractious social groups and build effective state and nationhood

Jihad & Co Aisha Ahmad, 2017 The rise of militant jihadist groups is one of the greatest international security crises in the world today In civil wars across the modern Muslim world Islamist groups have emerged out of the ashes surged dramatically to power and routed their rivals on the battlefield

Recovering the Frontier State Rasul Bakhsh Rais, 2008-03-20 This book examines the prospects for rebuilding state and nation in Afghanistan with regard to Operation Enduring Freedom carried out by the international coalition It starts off by delineating the conceptual basis of Afghanistan's status as a frontier state Looking at geo_strategic aspects Afghanistan's position as an historical buffer between empires and its internal characteristics _weak authority structure internal conflicts interventions by neighbors legitimacy of internal conquest and trans national ethnicities the book provides insights into the unique geo political context of Afghanistan Whilst the author deems the legacy of the previous intervention for containment as a major contributing factor to the disorder in Afghanistan's state and society he draws on lessons from the past intervention to assuage current obstacles and stalemate that is hindering political social and economic development in Afghanistan Focusing on the impediments to development in Afghanistan the background against which the problem needs to be analyzed and consequently countered is effectively set out Incessant war and insurgency has led to mobilization along ethnic and religious lines in Afghanistan and has had profound effects on the kinds of intuitions that have perpetuated over time Ethnic and religious groups have applied constant pressure on the state and this dissonance has had enduring negative consequences on nation building social cohesion and state society relationships Pre emptive and reactive intervention by neighboring states and their links to ethnic groups inside Afghanistan is another dimension which is analyzed An extensive exploration into the geo political history of social groups of Afghanistan with an intensive account of the rise of various power contenders as a function of their history their links with external actors and their traditional position in the indigenous vertical hierarchy are made Unconventional war and counter insurgency operations funded by foreign and local elements are examined and policy guidelines for negotiations and conflict resolution are discussed The work provides fresh insights into the rise of the Taliban and adds further to the scholarly debate about the causes for the consolidation of Taliban power It
