Pakistan Crisis:

Pakistan's Inter-Services Intelligence Directorate Owen L. Sirrs, 2016-07-01 This book is the first comprehensive study of Pakistan's Inter Services Intelligence Directorate ISI. The rise of Pakistan-backed religious extremist groups in Afghanistan, India, and Central Asia has focused international attention on Pakistan's premier intelligence organization and covert action. This book addresses critical gaps in our understanding of this agency, including its domestic security mission, covert backing of the Afghan Taliban, and its links to al Qaeda. Using primary source materials, including declassified intelligence and diplomatic reporting, press reports, and memoirs, this book explores how ISI was transformed from a small, negligible counterintelligence outfit of the late 1940s into the national security behemoth of today, with extensive responsibilities in domestic security, political interference, and covert action. This study concludes that reforming or even eliminating ISI will be fundamental if Pakistan is to successfully transition from an army-run national security state to a stable democratic society that enjoys peaceful relations with its neighbours. This book will be of interest to students of intelligence studies, South Asian politics, foreign policy, and international security in general. **Relief Problems in East Pakistan and India, Part 1** United States. Congress. Senate. Judiciary, 1971

Pakistan's Nuclear Weapons Bhumi Chakma, 2012-10-12 Pakistan is a vitally important country in the contemporary global political system. It is a de facto nuclear state and a pivotal country in the War on Terror. This book provides a comprehensive study of a nuclear-armed Pakistan, investigating the implications of its emergence as a nuclear weapons state. Setting out the historical background of Pakistani nuclear development, the book examines the lessons for proliferation that can be drawn from the Pakistan case. It explains the changes and continuities of Pakistan's nuclear policy, assessing its emerging force posture and the implications for Pakistani, South Asian, and global security. It also considers the extent to which Pakistan can be said to have a nuclear doctrine, the Pakistani nuclear command and control system, and the relationship between Pakistan and the Non-Proliferation Regime. Addressing the issue of whether Pakistan should be viewed as a proliferator and the implications of a nuclear Pakistan for global terrorism, *Pakistan's Nuclear Weapons* is an important study of all the major issues surrounding Pakistan's emergence as a nuclear power. **Relief Problems in East Pakistan and India: September 30, 1971; p. 227-353** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate Problems Connected with Refugees and Escapees, 1971 *The India-Pakistan Nuclear Relationship* E. Sridharan, 2020-11-29 Conflict resolution and promotion of regional cooperation in South Asia has assumed a new urgency in the aftermath of the nuclear tests by India and Pakistan in 1998 and underlined by the outbreak of fighting in Kargil in 1999, full mobilization on the border during most of 2002, and continued low-intensity warfare and terrorism in Jammu and Kashmir. The stability of nuclear deterrence between the two countries is therefore a matter of great

urgency and has found a place on the scholarly agenda of security studies in South Asia Several books have been written on India's nuclear programme but these have been mostly analytical histories The India Pakistan Nuclear Relationship is a new departure in that it is the first time that a group of scholars from the South Asian subcontinent have collectively tried to apply deterrence theory and international relations theory to South Asia **Pakistan's Nuclear Policy** Zafar

Khan, 2014-07-17 In May 1998 in reaction to India's nuclear weapons tests Pakistan tested six nuclear weapons Following this the country opted for a policy of minimum deterrence and within a year Pakistan had altered its policy stance by adding the modifier of minimum credible deterrence This book looks at how this seemingly innocuous shift seriously impacted on Pakistan's nuclear policy direction and whether the concept of minimum has lost its significance in the South Asian region's changed changing strategic environment After providing a brief historical background exploring why and how Pakistan carried out the nuclear development program the book questions why Pakistan could not sustain the minimum deterrence that it had conceptualized in the immediate aftermath of the 1998 test It examines the conceptual theoretical framework of the essentials of minimum deterrence in order to question whether Pakistan's nuclear policy remained consistent with this as well as to discover the rudimentary factors that are responsible for the inconsistencies with regard to minimum deterrence conceived in this study The book goes on to look at the policy options that Pakistan had after acquiring the nuclear capability and what the rationale was for selecting minimum deterrence The book not only highlights Pakistan's deterrent force building but also analyzes closely Pakistan's doctrinal posture of first use option Furthermore it examines the policy towards arms control and disarmament and discusses whether these individual policy orientations are consistent with the minimum deterrence Conceptually providing a deeper understanding of Pakistan's post 1998 nuclear policy this book critically examines whether the minimum deterrence conceived could be sustained both at the theoretical and operational levels It will be a useful contribution in the field of Nuclear Policy Security Studies Asian Politics Proliferation Non Proliferation Studies and Peace Studies This book will be of interest to policy makers scholars and students of nuclear policy nuclear proliferation and arms control related research *Pakistan's Wars* Tariq Rahman, 2022-06-09 This book studies the wars Pakistan has

fought over the years with India as well as other non state actors Focusing on the first Kashmir war 1947-48 the wars of 1965 and 1971 and the 1999 Kargil war it analyses the elite decision making which leads to these conflicts and tries to understand how Pakistan got involved in the first place The author applies the gambling model to provide insights into the dysfunctional world view risk taking behaviour and other behavioural patterns of the decision makers which precipitate these wars and highlight their effects on India Pakistan relations for the future The book also brings to the fore the experience of widows children common soldiers displaced civilians and villagers living near borders in the form of interviews to understand the subaltern perspective A nuanced and accessible military history of Pakistan this book will be indispensable to scholars and researchers of military history defence and strategic studies international relations political studies war and conflict studies

and South Asian studies The United States and Pakistan, 1947-2000 Dennis Kux, 2001-06-05 The first comprehensive account of this roller coaster relationship this book is a companion volume to Kux's *Estranged Democracies* recently called the definitive history of Pakistani American relations in the New York Times US-Pakistan Relationship A.Z. Hilali, 2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration The book explores the causes of Pakistan's involvement in the Afghanistan war and the United States support to prevent Soviet adventurism It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters it also provided access to its military bases to use against the Soviet Union The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics Furthermore it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan's development towards a progressive moderate and democratic society Ideally suited to courses on foreign policy **Relief Problems in East Pakistan and India** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate Problems Connected with Refugees and Escapees, 1971 *Federalist Solutions to Pakistan's Political Crises* Sikander Ahmed Shah, 2024-04-30 *Federalist Solutions to Pakistan's Political Crises* investigates the transformative potential of communal democratic norms within Pakistan's politico economic sphere Analyzing the current consociational structure which inordinately predicates federal organization on ethnic identity the book reveals the particular challenges facing Pakistan exacerbated by the imposition of neoliberal norms on its society and economy Advocating for a localized centripetalist model Sikander Ahmed Shah proposes leveraging power sharing to counter the prevailing hegemonic trends and to foster greater sociocultural cohesion within Pakistan's diverse polity This model entails dividing Pakistan's federal provinces into smaller diverse entities more reflective of their particular constituent demographics while integrating key democratic principles such as distributive justice grassroots democracy minority protections and multiculturalism into its governance structures The book explores Pakistan's civil military asymmetry emphasizing the influential role of the military establishment and its intertwined relationship with preexisting inter ethnic tensions The analysis also extends to the China Pakistan Economic Corridor CPEC examining its impact on Pakistan's federal structure socio economic fabric and civil military dynamics within the context of China's distinctive economy Throughout the work seeks to provide locally relevant and indigenously viable solutions for positive and equitable outcomes challenging historical power imbalances that have marginalized certain groups in Pakistan **Afghanistan and Pakistan** United States. Congress. House. Committee on Oversight and Government Reform, 2011 Consists mainly of text from the book *Reconciling with the Taliban* *From Crisis to Crisis: Pakistan 1962-1969* Herbert Feldman, 1972 The Book Studies The Politics And Administration Of Pakistan Under The Constitution Introduced By Ayub Khan In 1962 The Political Situation Is Discussed In All Its Aspects The Constitution Itself And Ayub Khan's Manipulation Of It The Conduct Of The 1965 Presidential Elections Foreign Policy Particularly

Relations With India The Economy The Growth Of Corruption In The Administration The Suppression Of Criticism And The Increasing Discontent Of The People It Assesses Ayub Khan And His Great Decade And Reasons For His Failure Appendices Include Details Of The Careers Of Zulfikar Ali Bhutto And Altaf Gauhar And Of Such Matters As The Relative Strength Of The Indian And Pakistani Armed Forces Prior To The Hostilities Of September 1965 Stamp On First End Page Name Of Previous Owner On The Title One Marking With Pen Condition Good
