**Creating a New Medina** Venkat Dhulipala,2015-02-09 This book examines how the idea of Pakistan was articulated and debated in the public sphere and how popular enthusiasm was generated for its successful achievement especially in the crucial province of UP now Uttar Pradesh in the last decade of British colonial rule in India It argues that

Pakistan was not a simply a vague idea that serendipitously emerged as a nation state but was popularly imagined as a sovereign Islamic State a new Medina as some called it In this regard it was envisaged as the harbinger of Islam s renewal and rise in the twentieth century the new leader and protector of the global community of Muslims and a worthy successor to the defunct Turkish Caliphate The book also specifically foregrounds the critical role played by Deobandi ulama in articulating this imagined national community with an awareness of Pakistan s global historical significance **Pakistan Affairs** ,1987 Pakistan Enigma Political Development Lawrence Ziring,2019-06-10 This volume was conceived to serve a variety of reader categories It should meet the needs of teachers and students engaged in the study of Pakistan it is hoped that it will offer area specialists an enlarged perspective from which to examine their own findings and it ought to prove useful to the general reader who wishes to keep abreast of the forces and events shaping our time Every effort has been made to define the essential themes to provide the pertinent data to analyze the significant events thoroughly and to present the material in a lucid fast moving manner Overall the book should be both informative and provocative Given my long association with Pakistan the many years spent investigating and experiencing its development the unique opportunities I have enjoyed for personal contact with the country s passing leadership as well as its diverse population I have taken liberties which less involved scholars would no doubt avoid I make no apologies for this somewhat personalized approach or for the pointed comments that will be found throughout the volume The Pakistan story does not lend itself to sterile description It is an exciting and important chronicle and it ought to be presented in a fashion that stimulates debate in addition to making available the necessary facts I trust I have succeeded in fulfilling both objectives **Islam, Muslims and the Modern State** Hussin Mutalib,Taj ul-Islam Hashmi,2016-07-27 This is the most recent and up to date study on the state of affairs in the Muslim world at a time when Muslims like others are confronted with the challenges posed by a rapidly changing new world order Some 15 countries and regions are covered in this scholarly collection The contributors are well informed academics and experts from 10 leading universities and institutes Religious Fundamentalism in Developing Countries Santosh C. Saha,Thomas K. Carr,2001-03-30 Using a variety of methodological approaches this timely book offers a thorough examination of the impact and implications of religious fundamentalism in developing nations The authors explore why and how adherence to fundamentalist principles affects the social political and religious development of such countries as Israel India Pakistan Bangladesh Egypt and the Philippines One of the most significant contributions of this volume is that it challenges the assumption that fundamentalism in developing countries is based solely on religious motivations The authors maintain that fundamentalism of this sort is motivated by both religious and political convictions This combination of religious and political motivations allows fundamentalism to exert a tremendous influence on the public policies of these developing nations As the social fabric of such countries continues to be developed it is clear that fundamentalism will continue to play a significant and potentially dangerous role *Exports, Politics, And Economic Development* John Q
