## **Palace Inns A Connoisseurs Guide To Historic:**

The Palace Inns Brian McGinty, 1978      **Built to Last 100+ Year-Old Hotels West of the Mississippi** Stanley Turkel, 2017-05-23 This volume completes my three books about hundred year old hotels in the United States Built to Last 100 Year Old Hotels in New York 2009 32 Hotels Built to Last 100 Year Old Hotels East of the Mississippi 2011 86 Hotels Built to Last 100 Year Old Hotels West of the Mississippi 2017 60 Hotels This trilogy describes 178 hotels in the United States that are each more than a hundred years old and fifty rooms or larger The fascinating stories about their creation and the people who nurtured them represent great American business history They should be a required reading for every hotel owner general manager hotel employee and student of hotel management Every hotel in the country should have copies on hand to distribute to hotel guests      Great American Hoteliers Stanley Turkel, 2009-09-16 During the thirty years prior to the Civil War Americans built hotels larger and more ostentatious than any in the rest of the world These hotels were inextricably intertwined with American culture and customs but were accessible to average citizens As Jefferson Williamson wrote in *The American Hotel* Knopf 1930 hotels were perhaps the most distinctively American of all our institutions for they were nourished and brought to flower solely in American soil and borrowed practically nothing from abroad Development of hotels was stimulated by the confluence of travel tourism and transportation In 1869 the transcontinental railroad engendered hotels by Henry Flagler Fred Harvey George Pullman and Henry Plant The Lincoln Highway and the Interstate Highway System triggered hotel development by Carl Fisher Ellsworth Statler Kemmons Wilson and Howard Johnson The airplane stimulated Juan Trippe John Bowman Conrad Hilton Ernest Henderson A M Sonnabend and John Hammons My research into the lives of these great hoteliers reveals that none of them grew up in the hospitality business but became successful through their intense on the job experiences My investigation has uncovered remarkable and startling true stories about these pioneers some of whom are well known and others who are lost in the dustbin of history      **Histories, Meanings and Representations of the Modern Hotel** Kevin J. James, 2018-08-15 This book surveys current writing on the history of the modern hotel focusing on three areas of vibrant and timely scholarly enquiry the uniqueness of the American hotel the contested status of the colonial and postcolonial hotel and the hotel's embroilment in violent conflict It explores the hotel as an institution that incubates innovation enables commercial relations on a variety of scales and supplies an arena for negotiating relations of political cultural and economic power The volume presents a number of case studies including the hotel in wartime and as a terrorist target and critically engages with innovative scholarship that links the relationship of the hotel to wider narratives of Western modernity It is aimed at tourism studies scholars as well as history and critical and applied tourism studies students at undergraduate and graduate levels      *Great American Hotel Architects Volume 2* Stanley Turkel CMHS, 2020-10-27 The fourteen architects featured in this book designed 304 hotels and apartment hotels Many were designed on the European plan for families to live without full service kitchens Meals were prepared and served

in restaurant type dining rooms catering exclusively to residents and their families The apartment hotels employed full time service staffs who prepared and served daily room service meals The first apartment hotels were built between 1880 and 1895 They were followed by a second wave of construction after the passage of the 1899 building code and the 1901 Tenement House Law The third wave of apartment hotel construction occurred during the 1920s and ended with the Great Depression of the thirties The passage of the Multiple Dwelling Act of 1929 altered height and bulk restrictions and permitted high rise apartment buildings for the first time Summer by the Seaside Bryant Franklin Tolles, 2008 A sweeping richly illustrated architectural study of the large historic New England coastal resort hotels **Lincoln's Greatest Case: The River, the Bridge, and the Making of America** Brian McGinty, 2015-02-09 The untold story of how one sensational trial propelled a self taught lawyer and a future president into the national spotlight In May of 1856 the steamboat Effie Afton barreled into a pillar of the Rock Island Bridge unalterably changing the course of American transportation history Within a year long simmering tensions between powerful steamboat interests and burgeoning railroads exploded and the nation's attention absorbed by the Dred Scott case was riveted by a new civil trial Dramatically reenacting the Effie Afton case from its unlikely inception complete with a young Abraham Lincoln's soaring oratory to the controversial finale this masterful Christian Science Monitor account gives us the previously untold story of how one sensational trial propelled a self taught lawyer and a future president into the national spotlight **The Rest I Will Kill: William Tillman and the Unforgettable Story of How a Free Black Man Refused to Become a Slave** Brian McGinty, 2016-08-16 A surprising work of narrative history and detection that illuminates one of the most daring and long forgotten heroes of the Civil War Independence Day 1861 The schooner S J Waring sets sail from New York on a routine voyage to South America Seventeen days later it limps back into New York's frenzied harbor with the ship's black steward William Tillman at the helm While the story of that ill fated voyage is one of the most harrowing tales of captivity and survival on the high seas it has almost unbelievably been lost to history Now reclaiming Tillman as the real American hero he was historian Brian McGinty dramatically returns readers to that riotous explosive summer of 1861 when the country was tearing apart at the seams and the Union army was in near shambles following a humiliating defeat at the First Battle of Bull Run Desperate for good news the North was soon riveted by reports of an incident that occurred a few hundred miles off the coast of New York where the Waring had been overtaken by a marauding crew of Confederate privateers While the white sailors became chummy with their Southern captors free black man William Tillman was perfectly aware of the fate that awaited him in the ruthless slave filled ports south of the Mason Dixon Line Stealthily biding his time until a moonlit night nine days after the capture Tillman single handedly killed three officers of the privateer crew then took the wheel and pointed it home Yet with no experience as a navigator only one other helper and a war torn Atlantic seaboard to contend with his struggle had just begun It took five perilous days at sea all thrillingly recounted here before the Waring returned to New York Harbor where the story of Tillman

s shipboard courage became such a tabloid sensation that he was not only put on the bill of Barnum s American Museum but also proclaimed to be the first hero of the Civil War As McGinty evocatively shows however in the horrors of the war then engulfing the nation memories of his heroism even of his identity were all but lost to history As such *The Rest I Will Kill* becomes a thrilling and historically significant work as well as an extraordinary journey that recounts how a free black man was able to defy efforts to make him a slave and become an unlikely glimmer of hope for a disheartened Union army in the war battered North

*New York Hotel Experience* Annabella Fick,2017-03-15 For more than two hundred years hotels have played a significant role in American history The modern hotel is even an American invention In five case studies of iconic New York hotels this book presents the hotel experience of the white upper class literati young artists African Americans and Jewish Americans in the twentieth century Using a variety of texts including autobiographies movies and novels the impact of hotel experience on society and culture which has been neglected until now becomes apparent This unique approach offers a new way of reading New York and helps to better understand the city s special dynamics

**A Toast to Eclipse** Brian McGinty,2012-08-31 The sparkling wines of California rival the best French Champagnes today but their place at our tables came about through careful craftsmanship that began more than a century ago The predecessor of today s California bubbly was Eclipse Champagne the first commercially successful California sparkling wine produced by Arpad Haraszthy in the mid to late nineteenth century In *A Toast to Eclipse* Brian McGinty offers a definitive history of the wine exploring California s winemaking past and two of the people who put the state s varietal wines on the map Arpad and his father Agoston Haraszthy the legendary father of California viticulture Inspired by his father s dream of making California one of the world s great viticultural regions Arpad Haraszthy 1840 1900 pursued that goal at a time when the best grapes for making California wine had yet to be discovered when the best locations for vineyards had not yet been established and when the public could hardly believe that good wine could be made in a country overrun with gold miners and desperados As a young man Arpad spent two years in the Champagne country of northeastern France studying the classic methods of French sparkling wine manufacture before bringing his knowledge home to California As McGinty shows the story of the award winning wine Haraszthy created is also the story of San Francisco during its heyday as the largest most dynamic city in the American West McGinty reveals new information about California varietals and winemaking districts and probes the controversy about whether Agoston Haraszthy introduced the Zinfandel grape to the Golden State Aficionados of wine and of California history will find this narrative insightful and refreshing and all readers will gain an appreciation for Arpad Haraszthy Eclipse and the delicate process of making a wine sparkle

**Built to Last** Stanley Turkel CMHS ISHC,2013-09-05 *Built to Last* 100 Year Old Hotels East of the Mississippi is a sequel to my 2011 book *Built To Last* 100 Year Old Hotels in New York It has 86 chapters one for each century old hotel of 50 rooms or more east of the Mississippi River and each is illustrated by an antique postcard The Foreword was written by Joseph McInerney CHA President of the American Hotel Lodging Association

The book has been accepted for promotion distribution and sale by the American Hotel Lodging Educational Institute My research into the histories of these hotels turned up fascinating stories about single minded developers brilliant and accidental architects dedicated owners famous and infamous guests and even the story of an underground bunker shelter the size of two football fields built under a hotel to house the U S Government in the event of a nuclear war

**Anglo-American Travelers and the Hotel Experience in Nineteenth-Century Literature** Monika Elbert, Susanne Schmid, 2017-08-24 This volume examines the hotel experience of Anglo American travelers in the nineteenth century from the viewpoint of literary and cultural studies as well as spatiality theory Focusing on the social and imaginary space of the hotel in fiction periodicals diaries and travel accounts the essays shed new light on nineteenth century notions of travel writing Analyzing the liminal space of the hotel affords a new way of understanding the freedoms and restrictions felt by travelers from different social classes and nations As an environment that forced travelers to reimagine themselves or their cultural backgrounds the hotel could provide exhilarating moments of self discovery or dangerous feelings of alienation It could prove liberating to the tourist seeking an escape from prescribed gender roles or social class constructs The book addresses changing notions of nationality social class and gender in a variety of expansive or oppressive hotel milieu in the private space of the hotel room and in the public spaces foyers parlors dining areas Sections address topics including nationalism and imperialism the mundane vs the supernatural comfort and capitalist excess assignments trysts and memorable encounters in hotels and women s travels The book also offers a brief history of inns and hotels of the time period emphasizing how hotels play a large role in literary texts where they frequently reflect order and disorder in a personal and or national context This collection will appeal to scholars in literature travel writing history cultural studies and transnational studies and to those with interest in travel and tourism hospitality and domesticity

**Archy Lee's Struggle for Freedom** Brian McGinty, 2019-12-17 In San Francisco CA in 1858 a young African American man was freed from the claims of a white man who sought to return him to slavery in Mississippi This was one year after the Supreme Court s notorious Dred Scott decision and during the California Gold Rush which saw the population of the state rise from 7 000 to more than 60 000 in a few short years Archy Lee was the name of the man who with the aid of anti slavery lawyers and determined opponents of human bondage had just won his freedom from the claims of Charles Stovall With the aid of pro slavery lawyers and equally determined supporters Stovall had sought to capture him and carry him back to a far away slave plantation Yet the book is not solely about Archy Lee It is also about the travel routes that the gold seekers followed to California in the 1850s some by land over the Great Plains some by sea around Cape Horn yet others by sailing from the east coast of North America to the isthmus of Panama where they crossed over the land there by train and continued on by sea to San Francisco It is about the efforts of the racially motivated lawmakers to suppress the rights of all of California s residents except whites and to subject people of African Asian Hispanic and Native American descent to second third or even fourth class citizenship It is about the residents of the state including

many whites who fought back against those efforts seeking to ameliorate or repeal the discriminatory laws and introduce a measure of fairness and justice into California's civil life. It is about the lawyers and judges who participated in Archy Lee's legal struggles in 1858, some supporting his claims for freedom while others ferociously opposed them and in the process elevated their own political and professional profiles.

**Hotel Mavens** Stanley Turkel CMHS, 2014-09-19. The word maven is defined by Wikipedia as a trusted expert in a particular field who seeks to pass knowledge on to others. Since the 1980s it has become more common when the New York Times columnist William Safire adapted it to describe himself as the language maven. The word from Hebrew is mainly confined to American English and was included in the Oxford English Dictionary second edition 1989. My three hotel mavens are:

1. Lucius M. Boomer, one of the most famous hoteliers of his time, was chairman of the Hotel Waldorf Astoria Corporation. In a career of over half a century, he directed such celebrated hotels as the Bellevue Stratford in Philadelphia, the Taft in New Haven, the Lenox in Boston, and the McAlpin in Claridge, Sherry Netherland, and the original as well as the current Waldorf Astoria in New York.
2. George C. Boldt, who was the genius of the original Waldorf Astoria. It was said of him that he made innkeeping a profession and more than any man was responsible for the modern American hotel.
3. Oscar of the Waldorf, who was described in 1898 by the New York Sun. In only one New York hotel, however, is there a personage deserving to be called a *matre d'hotel*. Anyone who studies him closely will soon arrive at a firm conviction that he might quite as appropriately have been called General or Admiral if circumstances had not led him into the hotel business. Oscar knows everybody. Oscar was a superstar of his time and one of the stalwarts who managed both the original and the current Waldorf Astoria. Among his many duties, Oscar commanded a staff of 1,000 persons, besides conducting a school for waiters at the time the only one of its kind in the United States. In 1896, Oscar wrote one of the greatest cookbooks of its time, *The Cook Book* by Oscar of the Waldorf. It contains 907 pages and 3,455 recipes.

*Historical Times Illustrated Encyclopedia of the Civil War* Patricia L. Faust, 1991. From the front inside cover: *Historical Times Illustrated Encyclopedia of the Civil War* is the most complete one-volume reference on the Civil War ever produced. More than 2,000 entries ranging in length from a few lines to several pages and arranged alphabetically from abatis and abolition to Zollicoffer and Zouave. Cover every important aspect and individual of that momentous conflict. Military events, campaigns, and battles are thoroughly presented, but so too are political, economic, and social developments that occurred during the war. Particularly useful is the system of cross-reference that indicated in each essay those names and terms which have their own entries.

*American History* Robert James Maddox, 1981. This nineteenth of ANNUAL EDITIONS AMERICAN HISTORY VOLUME 1 provides convenient, inexpensive access to current articles selected from the best of the public press. Organizational features include an annotated listing of selected World Wide Web sites, an annotated table of contents, a topic guide, a general introduction, brief overviews for each section, a topical index, and an instructor's resource guide with testing materials. Morrison, Carroll Spear Morrison, 1980      *Hotel Planning and Design* Walter A. Rutes (FAIA), Richard H.
