Lost Land of Lemuria widens into a provocative exploration of the poetics and politics of loss to consider how this sentiment manifests itself in a fascination with vanished homelands hidden civilizations and forgotten peoples More than a consideration of nostalgia it shows how ideas once entertained but later discarded in the metropole can travel to the periphery and can be appropriated by those seeking to construct a meaningful world within the disenchantment of modernity Sumathi Ramaswamy ultimately reveals how loss itself has become a condition of modernity compelling us to rethink the politics of imagination and creativity in our day
