Legal Professional sets the standard for professional responsibility textbooks. Now in its sixth edition, the text has been reorganized to reflect the changes in the paralegal profession. It begins with concrete concepts that have been given some clear direction in the courts and state legislatures: UPL, confidentiality, and conflicts. Before moving on to the more technical, rule-driven concepts: advertising, billing, and fees, and then to the most abstract rules: competence, zealous representation, and integrity. Written from the viewpoint of the paralegal, this book uses plain English and an upbeat tone to keep readers engaged. It then reinforces each chapter's learning objectives with improved end-of-chapter materials such as multiple choice, fill-in-the-blank, and true/false questions. Unique to the 6th Edition is end-of-chapter materials for classroom collaborative learning activities: hypotheticals for classroom discussion and cases for consideration, each with their own set of questions. Still the most popular book in its genre, the 6th Edition continues to tackle the most important ethical issues facing paralegals today in a frank, conversational style. New to this edition are 24 scenario-based videos that deal with the most common ethical situations paralegals will encounter on the job.
