Political Participation And Learning:

Political Participation and Learning Kenneth P. Langton, 1980 **Education for Civic and Political Participation** Reinhold Hedtke, Tatjana Zimenkova, 2013 Participation as an element of active citizenship in democracies is a key project of international and national educational policy Institutionalized approaches for compulsory schools provide participatory access to all young European citizens But does this picture depict the possibilities and practices of participation appropriately Can this standard approach to participation be translated into action in view of diverse polities policies political cultures institutions and practices of participation This book explores what prerequisites must be given for a successful implementation of such a comprehensive international project Political Learning in Adulthood Roberta S. Sigel, 1989 In the wake of World War II the issues of political stability in general and the survival of stable democracies in particular captured the attention of American political scientists An inevitable offshoot of this interest was the study of political behavior how it is acquired and how and why it persists In its early stages work on political socialization focused exclusively on childhood and adolescence as if the learning process ends when adulthood begins Only recently has adult socialization emerged as a legitimate field of study within political science In Political Learning in Adulthood social scientists for the first time examine the changes in political outlook and behavior that take place during the adult years providing an invaluable overview of the problems theories and methodological approaches that characterize the field of political socialization They consider which political values remain constant and which are subject to change and they explore the ways in which both ordinary and extraordinary life events affect adults political worldviews Among specific topics considered are the effects of age and aging the relation between participation in the work force and the development and expression of political views continuity and change in the wake of revolutionary social and political movements and the effects of such traumatic and life threatening situations as war and terrorist activity **Handbook of Research on Adult Learning and Development** M Cecil Smith, Nancy DeFrates-Densch, Assistant Editor, 2008-11-19 The time is right for this comprehensive state of the art Handbook that analyzes integrates and summarizes theoretical advances and research findings on adult development and learning a rapidly growing field reflecting demographic shifts toward an aging population in Western societies Featuring contributions from prominent scholars across diverse disciplinary fields education developmental psychology public policy gerontology neurology public health sociology family studies and adult education the volume is organized around six themes theoretical perspectives on adult development and learning research methods in adult development research on adult development research on adult learning aging and gerontological research policy perspectives on aging The Handbook is an essential reference for researchers faculty graduate students and practitioners whose work pertains to adult and lifespan development and learning *Research, Advocacy, and Political Engagement* Sally Tannenbaum, 2023-07-03 As institutions of higher education embrace civic engagement service learning has emerged as a most effective way to engage students in

field experiences where they will confront profound questions of the relevance of academic learning to addressing community needs Each volume in this series is organized around a specific community issue and provides multiple perspectives on both the theoretical foundations for understanding the issues and purposeful approaches to addressing them The contributors to these books who represent disciplines in the sciences humanities and social sciences offer vivid examples of how they have integrated civic engagement in their courses explain their objectives and demonstrate how they assess outcomes To stimulate adaptation of the approaches described in these books each volume includes an Activity Methodology table that summarizes key elements of each example such as class size type of community partner the activity and the methodology or pedagogy employed and potential applications of the example in other disciplines This volume presents inventive approaches to using service learning to introduce students to political engagement The work of faculty representing a wide variety of disciplines this compilation of innovative and varied courses offers models to adapt and ideas to stimulate the creativity of instructors The contributors view political engagement from distinct vantage points Political scientists look at political engagement from a more traditional perspective Mathematicians develop courses that explore the statistical implications Economists focus on cost benefit analysis Business professors provide an entrepreneurial angle Feminists consider the language implications of political engagement The chapters in this book describe how teachers in Politics Education Urban and Regional Planning Business Communications Sociology Mathematics Economics and Women s Studies have created effective activities that advance disciplinary knowledge develop collaboration with communities and engage students in the political process

Civic Education in the Twenty-First Century Donald M. Gooch, Michael T. Rogers, 2015-09-18 Imagine an America where politicians governmental institutions schools new technologies and interest groups work together to promote informed engaged citizens Civic Education in the Twenty First Century brings together scholars from various disciplines to show how such a United States is possible today Inspired by Alexis de Tocqueville s analysis of American democracy in the early 1800s this edited volume represents a multidimensional evaluation of civic education in its new and varied forms While some lament a civics crisis in America today Civic Education in the Twenty First Century raises hope that we can have an informed and active citizenry We find the activities of a number of politicians government institutions schools and interest groups as promising developments in the struggle to educate and engage Americans in their democracy New technologies and new innovations in civic education have laid the foundation for a revitalized American civic ecology With Civic Education in the Twenty First Century we call for the United States to make these practices less isolated and more common throughout the country The volume is broken into three major sections First there are four chapters exploring the history and philosophical debates about civic education particularly with respect to its role in America s educational institutions Then the second section provides seven groundbreaking inquiries into how politicians and political institutions can promote civic education and engagement through their routine operations As some

examples this section explores how politicians through campaigns and judiciaries through community programs enhance civic knowledge and encourage civic engagement This section also explores how new technologies like the Internet and social media are increasingly used by government institutions and other entities to encourage a more politically informed and engaged citizenry Finally the third section contains six chapters that explore programs and practices in higher education that are enhancing civic education engagement and our knowledge of them From the virtual civics campus of Fort Hayes State to citizens academies throughout the country this section shows the possibilities for schools today to once again be civics actors and promoters Research Handbook on Education and Democracy Jan Germen Janmaat, Anne Bert Dijkstra, 2025-05-14

This timely Research Handbook examines how the many facets of education can foster democratic competences It reviews state of the art research and identifies a number of under explored issues in the field highlighting the potential of educational reforms in improving democratic engagement across a wealth of demographics This title contains one or more Open Access chapters **Political Identity and Democratic Citizenship in Turbulent Times** Kristensen, Niels Noergaard, 2020-06-19

Turbulent times challenge democratic politics and governance in Western countries Party systems in many instances have failed to produce solutions to vital policy problems like immigration state borders welfare or environmental issues While subjective perceptions of macroeconomic outcomes are consistently related to political trust at the micro level few studies have explored how individuals develop political engagement and identity New insights are needed from studies focusing on how people become politically active and how political identities develop *Political Identity and Democratic Citizenship in Turbulent Times* is a critical scholarly research publication that investigates discusses deconstructs analyzes and tests the concept of political identity and its evolving role in modern democracy Moreover it explores the contours of politics and brings together studies that examine the democratic potential of a diversity of participatory spheres institutions and arenas Highlighting topics such as political culture consumerism and welfare states this book is ideal for politicians policymakers government officials sociologists historians academicians professionals researchers and students **Handbook on**

Teaching and Learning in Political Science and International Relations John Ishiyama, William J. Miller, Eszter Simon, 2015-02-27 With a focus on providing concrete teaching strategies for scholars the Handbook on Teaching and Learning in Political Science and International Relations blends both theory and practice in an accessible and clear manner In an effort to help faculty *EFA Global Monitoring Report - 2013-2014 - Teaching and Learning Achieving quality for all* UNESCO, 2014-02-04 The 2013 2014 Education for All Global Monitoring Report shows that a lack of attention to education quality and a failure to reach the marginalized have contributed to a learning crisis that needs urgent attention Worldwide 250 million children many of them from disadvantaged backgrounds are not learning the basics *Teaching and Learning Achieving Quality for All* describes how policy makers can support and sustain a quality education system for all children regardless of background by providing the best teachers The Report also documents global progress in achieving Education

for All goals and provides lessons for setting a new education agenda post 2015 In addition the Report identifies that insufficient financing is hindering advances in education

Political Science William J. Crotty, 1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works

Researching and Transforming Adult Learning and Communities Rob Evans, Ewa Kurantowicz, Emilio Lucio-Villegas, 2015-12-17 Can adult education and learning be understood without reference to community and people's daily lives The response to be found in the chapters of this volume say emphatically no they cannot Adult learning can be best understood if we look at the social life of people in communities and this book is an attempt to recover this view The chapters of this volume reflect ongoing research in the field of adult education and learning in and with communities At the same time the work of the authors presented here offers a very vital reflection of the work of the ESREA research network Between Local and Global Adult Learning and Communities The chapters showcase the broad range of professional practice the variety in both methodology and theoretical background as well as the impressive scope of field research experience the authors bring to bear in their papers The first section provides the broad view of research into adult learning and community development emphasising how social movements are at the heart of local and global change and that they are critically important sources of power The second section focuses in on the practice of educators mediators working in local and regional contexts in which the tensions of the wider policy and discourse environment impact on adult learners The third section privileges the view at the close level of research inside local communities in the field International researchers and practitioners particularly young researchers who are active in adult learning and in local global communities will be interested in this book The emphasis of the chapters is on participatory and emancipatory social research Empowerment of women in rural communities involvement of communities in social and environmental movements power sharing in community research projects and the exposure of hegemonic globalising forces at work in ethnic communities are among the themes developed in this volume

Global Education Monitoring Report Global Education Monitoring Report Team, UNESCO, 2024-10-31 *Creating sustainable futures for all; Global education monitoring report, 2016; gender review* UNESCO, 2016-10-10 The Gender Review discusses global and regional trends in achieving parity in education access participation and completion and in selected learning outcomes stressing that there is much room for progress It then shifts to an evidence based discussion of relationships between education gender and sustainable development by discussing work civic and political engagement and leadership as well as health and well being It concludes with ways forward what action is implied by evidence and data for achieving more gender equal societies and how progress towards such societies is to be measured

Fountain of Youth Daniel M. Shea, John Clifford Green, 2007 This book services as a discussion and analysis of the issues surrounding the participation of youth in American politics and the strategies and tactics that can be used to

engage young votes in the book the authors provide us with an important discussion of why engaging this generation matters. A consistent theme throughout the eleven diverse chapters is the importance of taking young people seriously. This book should influence research and political strategy as the Millennial Generation takes its place in the American electorate. Back cover

Resources in Education, 1998 Handbook of Civic Engagement and Education Richard Desjardins, Susan Wiksten, 2022-12-08 Underscoring the complex relationship between civic engagement and education at all stages of life this innovative Handbook identifies the contemporary challenges and best approaches and practices to encourage civic engagement within education.

Political Education in a Democracy Harold Entwistle, 2012 In this volume the author analyzes the relationships of concepts such as socialization and political education explains those aspects of the theory and practice of democracy that are especially relevant for schools and suggests ways in which teachers can better provide for the political education of their students.

Education for Citizenship in Times of Global Challenge Wolfram Schulz, John Ainley, Julian Fraillon, Bruno Losito, Gabriella Agrusti, Valeria Damiani, Tim Friedman, 2024-10-25 This open access book investigates the ways in which young people around the world are prepared to undertake their roles as citizens. It presents the international results from the third cycle of the study IEA's International Civic and Citizenship Education Study ICCS 2022. Based on data from 24 countries or benchmarking participants from Europe Latin America and Asia ICCS 2022 studies contexts for and learning outcomes of civic and citizenship education in a wide range of national contexts at the beginning of the third decade of the 21st Century. It responds to both enduring and emerging challenges of educating young people in a world where contexts of democracy and civic participation continue to change. The study addresses issues related to young people's engagement through digital technologies migration and diversity perceptions of the political system global citizenship and education for sustainable development. Further it contains data that reflects civic related aspects of recent developments such as students' perceptions of restrictions in response to national emergencies and their trust in scientists. Over the past 50 years the IEA has conducted comparative research studies in a range of domains focusing on educational policies practices and outcomes in many countries around the world. Prior to ICCS 2022 the IEA had conducted four international comparative studies of civic and citizenship education with a first survey implemented in 1971 a second in 1999 a third in 2009 and a fourth in 2016. ICCS 2022 data allows education systems to evaluate the strengths of educational policies from a comparative perspective and to measure progress in achieving critical social objectives of their educational policy agendas.
