Political Theory And Feminist Social Criticism

Rogers M. Smith

Political Theory And Feminist Social Criticism:

Political Theory and Feminist Social Criticism Brooke A. Ackerly, 1984 **Political Theory and Feminist Social Criticism** Brooke A. Ackerly, 2000-07-31 Drawing on theoretical insights from Third World women's activism Political Theory and Feminist Social Criticism develops democratic theory as a critical theory relevant to dealing with real world inequalities Brooke Ackerly examines the methods by which real world feminist activists have criticized society and argues that their activities show how feminist theory can move beyond its theoretical impasse toward articulating social criticism with critical teeth Her book will be of interest to political and social theorists and to students and scholars of women's studies feminism and human rights Intelligent Compassion Catia Cecilia Confortini, 2012-09-27 The Women's International League for Peace and Freedom WILPF has a unique role in post war peace activism It is the longest surviving international women's peace organization and one of the oldest peace organizations in the West Founded in 1915 when a group of women from neutral and belligerent nations in World War I met at The Hague to formulate proposals for ending the war WILPF sent delegations of women to several countries to plead for peace and their final resolutions are often credited with influencing Woodrow Wilson's 14 Points Today the organization counts several thousand members in 36 countries on five continents Since 1948 it has enjoyed consultative status with the UN and it was instrumental in bringing about recent United Nations Security Council Resolutions on Women Peace and Security Beginning in 1945 WILPF began identifying the limitations of its ideological foundations in relation to the international liberal order Catia Cecilia Confortini argues that this period ushered in a turn in the organization's policies and activism one that culminated in the mid 70s and served as an important antecedent to feminist activism that continues today In Intelligent Compassion she traces the organization's changing strategies and ideas over a thirty year period focusing on three key areas of its work disarmament decolonization and the conflict in Israel Palestine By analyzing the shifting ideas and policies of the longest living international women's peace organization Intelligent Compassion finds answers to IR questions about the possibility of emancipatory agency in the theoretical methodology of women peace activists and the extent to which activists can transcend the prevailing practices rules and relations of their eras Feminism and International Relations J. Ann Tickner, Laura Sjoberg, 2013-07-03 Feminist International Relations scholarship in the United States recently celebrated its 20th anniversary Over those years feminist researchers have made substantial progress concerning the question of how gender matters in global politics global economics and global culture The progress has been noted both in the academic field of international relations and increasingly in the policy world Celebrating these achievements this book constructs conversations about the history present state of and future of feminist International Relations as a field across subfields of IR continents and generations of scholars Providing an overview and assessment of what it means to gender IR in the 21st century the volume has a unique format it features a series of intellectual conversations presenting cutting edge research in the field with provocative comments from

senior scholars It examines issues including global governance the United Nations war peace security science beauty and human rights and addresses key questions including What does viewing the diverse problems of global politics through gendered lenses look like in the 21st Century How do feminisms accommodate differences in culture race and religion How do feminist theoretical and policy analyses fit together These conversations about feminist IR are accessible to non specialist audiences and will be of interest to students and scholars of Gender Studies Feminist Politics and International Relations

Women in Political Theory Jane Duran, 2016-02-11 The first volume to explore comprehensively the intersection of feminism politics and philosophy Women in Political Theory sheds light on the contributions of women philosophers and theorists to contemporary political thought With close attention to the work of five central thinkers Sarah Grimk Anna Julia Cooper Jane Addams Rosa Luxemburg and Hannah Arendt this book not only offers sustained analyses of the thought of these leading figures but also examines their relationship with established political theorists of the past such as Locke Machiavelli and the ancients Demonstrating that each of the figures covered was indeed a political theorist of her time whilst highlighting the strength of her thought and the reasons for which it has not been accorded the attention that it merits Women in Political Theory offers a fascinating overview of the political thought of five theorists whose work is central to an understanding of modern thought As such it will be of interest to scholars and students of sociology philosophy political and social theory feminist thought and gender studies

Toward a Humanist Justice Debra Satz, Rob Reich, 2009-06-15 The late Susan Moller Okin was a leading political theorist whose scholarship integrated political philosophy and issues of gender the family and culture Okin argued that liberalism properly understood as a theory opposed to social hierarchies and supportive of individual freedom and equality provided the tools for criticizing the substantial and systematic inequalities between men and women Her thought was deeply informed by a feminist view that theories of justice must apply equally to women as men and she was deeply engaged in showing how many past and present political theories failed to do this She sought to rehabilitate political theories particularly that of liberal egalitarianism in such a way as to accommodate the equality of the sexes and with an eye toward improving the condition of women and families in a world of massive gender inequalities In her lifetime Okin was widely respected as a scholar whose engagement went well beyond the world of theory and her premature death in 2004 was considered by many a major blow to progressive political thought and women s interests around the world This volume stems from a conference on Okin and contains articles by some of the top feminist and political philosophers working today They are organized around a set of themes central to Okin s work namely liberal theory gender and the family feminist and cultural differences and global justice Included are major figures such as Joshua Cohen David Miller Cass Sunstein Alison Jaggar and Iris Marion Young among others Their aim is not to celebrate Okin s work but to constructively engage with it and further its goals

Just Responsibility Brooke A. Ackerly, 2018-02-01 Can we respond to injustices in the world in ways that do more than just address their consequences In this book Brooke A Ackerly

argues that what to do about injustice is not just an ethical or moral question but a political question about assuming responsibility for injustice Ultimately Just Responsibility offers a theory of global injustice and political responsibility that can guide action

The Political Responsibilities of Everyday Bystanders Stephen L. Esquith, 2011-02-28 In a world where every person is exposed daily through the mass media to images of violence and suffering as most dramatically exemplified in recent years by the ongoing tragedy in Darfur the question naturally arises What responsibilities do we as bystanders to such social injustice bear in holding accountable those who have created the conditions for this suffering And what is our own complicity in the continuance of such violence it involves settling accounts as well as recognizing our own complicity even as bystanders

The Oxford Handbook of International Political Theory Chris Brown, Robyn Eckersley, 2018 The essential volume for all those working on International Political Theory and related areas

Is Political Philosophy Impossible? Jonathan Floyd, 2017-09-07 A major new statement on how we do and we ought to do political philosophy

IBSS Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Violence and Democracy John Keane, 2004-06-24 In this provocative book John Keane calls for a fresh understanding of the vexed relationship between democracy and violence Taking issue with the common sense view that human nature is violent Keane shows why mature democracies do not wage war upon each other and why they are unusually sensitive to violence He argues that we need to think more discriminatingly about the origins of violence its consequences its uses and remedies He probes the disputed meanings of the term violence and asks why violence is the greatest enemy of democracy and why today's global triangle of violence is tempting politicians to invoke undemocratic emergency powers Throughout Keane gives prominence to ethical questions such as the circumstances in which violence can be justified and argues that violent behaviour and means of violence can and should be democratised made publicly accountable to others so encouraging efforts to erase surplus violence from the world

The Oxford Handbook of Political Theory John S Dryzek, Bonnie Honig, Anne Phillips, 2008-06-12 Long recognized as one of the main branches of political science political theory has in recent years burgeoned in many different directions Close textual analysis of historical texts sits alongside more analytical work on the nature and normative grounds of political values Continental and post modern influences jostle with ones from economics history sociology and the law Feminist concerns with embodiment make us look at old problems in new ways and challenges of new technologies open whole new vistas for political theory This Handbook provides comprehensive and critical coverage of the lively and contested field of political theory and will help set the agenda for the field for years to come Forty five chapters by distinguished political theorists look at the state of the field where it has been in the recent past and where it is likely to go in future They examine political theory's edges as well as its core the globalizing context of the field and the challenges presented by social economic and technological changes

Handbook of

Gender and Women's Studies Kathy Davis, Mary Evans, Judith Lorber, 2006-04-27 This breathtakingly broad interdisciplinary reader demonstrates how widely feminist thinking has spread how deeply it has shaken settled assumptions in the disciplines and how much new light it throws on contemporary controversies Myra Marx Ferree University of Wisconsin Madison A timely intervention and highly engaged thoughtful and scholarly analysis of the state of gender and women's studies in the West by three eminent feminist scholars Highly cognisant of the central issues that have fractured blocked and enhanced western feminism Bev Skeggs Goldsmiths The comprehensiveness and the interdisciplinary range of themes are impressive and they make the Handbook into a wonderful tool for teachers and students of women's and gender studies Nina Lykke Linköping University Gender and women's studies is one of the most challenging fields within the social sciences the dynamics of gender relations and the social and cultural implications of gender constructions offer a lively forum of debate The Handbook of Gender and Women's Studies presents a comprehensive and engaging review of the most recent developments within the field including the study of masculinity the feminist implications of postmodernism the cultural turn and globalization The authors review current research and offer critical analyses of women's and gender studies in work the welfare state family education religion violence and war and feminist global politics Edited by three leading academics from Europe and the United States and with 25 chapters written by scholars based throughout the world the Handbook situates the most important debates in the field within a uniquely international and interdisciplinary context The Handbook is a useful introduction to gender theory and an exciting starting point for fresh debates

Universal Human Rights in a World of Difference Brooke A. Ackerly, 2008-06-26 From the diverse work and often competing insights of women's human rights activists Brooke Ackerly has written a feminist and a universal theory of human rights that bridges the relativists concerns about universalizing from particulars and the activists commitment to justice Unlike universal theories that rely on shared commitments to divine authority or to an enlightened way of reasoning Ackerly's theory relies on rigorous methodological attention to difference and disagreement She sets out human rights as at once a research ethic a tool for criticism of injustice and a call to recognize our obligations to promote justice through our actions This book will be of great interest to political theorists feminist and gender studies scholars and researchers of social movements

The Oxford Handbook of International Political Sociology Stacie E. Goddard, George Lawson, Ole Jacob Sending, 2025-04-09 This handbook provides an in depth analysis of the theoretical agendas analytical tools and substantive contributions offered by International Political Sociology It explores the range of insights available to those who use sociological theory to engage various facets of world politics from colonialism to globalization Structured around three defining commitments relationalism intersubjectivity and historicism the book outlines what is distinct about IPS where it came from and where it can go next Engaging a wide range of debates in International Relations and related fields of enquiry the volume includes contributions on seminal concepts in the social sciences including power order rule resistance and agency alongside discussion of a range of important issue areas

from climate change to revolutions Taken as a whole the handbook is a seminal point of reference for understanding many of the key dynamics that shape contemporary world politics The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Melbourne and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions **Justice, Sustainability, and Security** E.

Heinze,2013-07-17 Justice Sustainability and Security not only enhances our knowledge of these issues but it teases out our moral dimensions and offer prescriptions for how governments and global actors might craft their policies to better consider their effects on the global human condition The Cambridge Companion to Critical Theory Fred Rush,2004-08-26 Critical Theory constitutes one of the major intellectual traditions of the twentieth century and is centrally important for philosophy political theory aesthetics and theory of art the study of modern European literatures and music the history of ideas sociology psychology and cultural studies In this volume an international team of distinguished contributors examines the major figures in Critical Theory including Horkheimer Adorno Marcuse Benjamin and Habermas as well as lesser known but important thinkers such as Pollock and Neumann The volume surveys the shared philosophical concerns that have given impetus to Critical Theory throughout its history while at the same time showing the diversity among its proponents that contributes so much to its richness as a philosophical school The result is an illuminating overview of the entire history of Critical Theory in the twentieth century an examination of its central conceptual concerns and an in depth discussion of its future prospects

Stories of Peoplehood Rogers M. Smith,2003-06-19 How can we build thriving political communities In this provocative account of how societies are bound together Rogers Smith examines the importance of stories of peoplehood narratives that promise economic or political power and define political allegiances in religious cultural racial ethnic and related terms Smith argues that no nations are purely civic all are bound in part by stories that seek to define elements intrinsic to their members identities and worth These types of stories can support valuable forms of political life but they also pose dangers that must be understood if they are to be confronted In contrast to much contemporary writing *Stories of Peoplehood* argues for community building via robust contestation among sharply differing views This original argument combines accessible theory with colourful examples of myths and stories from around the world and over 2 500 years of human history

Freedom Is Power Lawrence Hamilton,2014-07-31 A novel sophisticated and realistic account of freedom as power through political representation
