William Carlos Williams and the Diagnostics of Culture Brian Bremen A.,1993-04-29 Bremen s study examines the development of William Carlos Williams s poetics focusing in particular on Williams s ongoing fascination with the effects of poetry and prose and his life long friendship with Kenneth Burke Using a framework based on Burke s and Williams s theoretical writings and correspondence as well as on the work of contemporary cultural critics Bremen looks closely at how Williams s poetic strategies are intimately tied to his medical practice incorporating a form of methodological empiricism that extends his diagnoses beyond the individual to include both language and community The book develops a series of rhetorical cognitive medical and political analogues that clarify the poetic and cultural achievements Williams hoped to realize in his writing **Unparalleled Poetry** Emmylou J. Grosser,2023-07-25 For more than 250 years biblical Hebrew poetry scholarship has been dominated by metrical assumptions and the idea of parallelism While a consensus is emerging that biblical poetry is not metrical no consensus has arisen regarding what parallelism is or what makes biblical poetry verse or poetry in the absence of meter graphical lineation and end marking of lines Unparalleled Poetry claims that a new paradigm for biblical poetry is needed a paradigm that is disentangled from parallelism as well as meter Drawing from the Cognitive Poetics work of Reuven Tsur Emmylou Grosser reorients the discussion of biblical poetic structure to how poetic structure can be heard and perceived She argues that the line units of biblical poetry emerge in the cognitive experience of the listener reader and provides an account of the free rhythm versification system of biblical poetry Grosser s cognitive approach to biblical poetry accounts for the wide diversity of lines and poems in the Bible and illuminates both the structures of biblical

poetry and the artistry of potential effects Unparalleled Poetry presents a rewarding new paradigm for readers of the Bible while modeling new possibilities for the study of nonmetrical poetries and phenomena called parallelism throughout the world

Nature-Notes and Impressions Madison Cawein,2015-08-04 Excerpt from Nature Notes and Impressions In Prose and Verse Would I could talk as the flowers talk To my soul and the stars in their ceaseless walk Through Heaven and tell to the high and low The things that they say so all might know The dreams they dream and have told to me As Nature sees would I could see Then might I speak with authority I stand below and look above And see her busy with life and love And can tell the world so little thereof Oh for a soul that could feel much less Or feeling more could so express The things it feels and their tenderness The very essence the soul of art And all the heavens and hells of heart Then might I rise to the very peak The summit of song which poets seek And speak with a voice as the masters speak About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Novel Pedagogy Liwen Zhang, 2024-10-01 Is the novel a category of knowledge that merits serious study Even if the novel has shed the stigma of being mindless entertainment one might easily assume that reading a novel is not studying unless one reads closely and carefully preferably from a scholarly edition or for a scholarly purpose Novel Pedagogy explores how Victorian writers envisioned the novel s potential to become knowledge long before the form s ascendance into the ivory tower Liwen Zhang argues that Victorian novelists constant critique of schooling on the one hand and their frequent invocation of deep knowledge on the other are not self contradictory Instead of offering a blissful escape from education writers such as William Thackeray Charles Kingsley Charles Dickens Elizabeth Gaskell George Eliot and George Gissing seek to offer uniquely novelistic pathways to knowledge Novel Pedagogy offers a new model of novelistic epistemology by showing how the novel unlike other educational genres reflects on the unpleasant realities of learning and of not learning amid the ubiquity of ineffective textbooks reluctant students and false motivations
