**Selected Non-Fictions** Jorge Luis Borges,2000-11-01 Winner of the National Book Critics Circle Award in Criticism The first comprehensive selection in any language of the non fiction much of it appearing here in English for the first time of one of literature s most fertile and original minds San Francisco Chronicle A Penguin Classics Deluxe Edition with flaps and deckle edged paper It will come as a surprise to many readers that the greater part of Jorge Luis Borges s extraordinary writing was not in the genres of fiction or poetry but in various forms of non fiction prose His thousands of pages of essays reviews prologues lectures and notes on politics and culture though revered in Latin America and Europe as among his finest work have scarcely been translated into English Selected Non Fictions presents a Borges almost entirely unknown to American readers Here is the dazzling metaphysician speculating on the nature of time and reality and the inventions of heaven and hell and the almost superhumanly erudite reader of the world s literatures from Homer to Ray Bradbury James Joyce to Lady Murasaki Here too the political Borges taking courageous stands against fascism antisemitism and the Per n dictatorship Borges the movie critic on King Kong and Citizen Kane and the Borgesian art of dubbing and Borges the regular columnist for the Argentine equivalent of the Ladies Home Journal writing hilarious book reviews and capsule biographies of modern writers Like the Aleph in his famous story the magical point in a basement in Buenos Aires from which one can view everything in the world Borges s non fictions are a vortex for seemingly the entire universe Dante and Ellery Queen Shakespeare and the Kabbalah the history of angels and the history of tango the Buddha Bette Davis and the Dionne Quints Selected Non Fictions presents more than 160 of these astonishing writings from his youthful manifestos to his last meditations on his favorite books More than a hundred of these pieces have never before appeared in English and all have been rendered in brilliant new translations by Esther Allen Suzanne Jill Levine and Eliot Weinberger This unique selection presents Borges as at once a deceptively self effacing guide to the universe and the inventor of a universe that is an indispensable guide to Borges For more than seventy five years Penguin has been the leading publisher of classic literature in the English speaking world With more than 2 000 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators      The Prose of Jorge Luis Borges Ion Tudor Agheana,1984 Like the Kafka of one of his essays Jorge Luis Borges imposes himself at first as a man of iconoclastic singularity as a writer who having considered and discarded seemingly all the isms of literature and philosophy creates a world ex nihilo Yet minutely studied Borges like Kafka who under close scrutiny reveals subtle affinities with other literatures exhibits an unmistakable existential strain The analysis of Borges existentialism identifiable in his prose works not as an unitary system but as a philosophical premise together with

the dynamics of surprise constitute the object of the present study

**The Meaning of Experience in the Prose of Jorge Luis Borges** Ion Tudor Agheana, 1988 The absence of metonymical emphasis in Borges prose of the realism promoted by XIXth century writers and the vaguely nihilistic tenor of XXth century philosophy have contributed to the opinion that the Borgesian character is at best a spectral presence To negate the individual however is to negate the vital experience that gives him identity and Borges arguably does not deny human experience The Borgesian protagonist is not really incomplete only projected and perceived incompletely Lived experience informs Borges prose fiction and is indeed central to his critical readings of the great masters Even the readers s own visual experience particularly chromatic perception is subtly alerted and drawn into some of Borges prose writings *Great American Prose Poems* David Lehman, 2008-06-18 A prose poem is a poem written in prose rather than verse But what does that really mean Is it an indefinable hybrid An anomaly in the history of poetry Are the very words prose poem an oxymoron This groundbreaking anthology edited by celebrated poet David Lehman editor of *The Best American Poetry* series traces the form in all its dazzling variety from Poe and Emerson to Auden and Ashbery and on right up to the present In his brilliant and lucid introduction Lehman explains that a prose poem can make use of all the strategies and tactics of poetry but works in sentences rather than lines He also summarizes the prose poem s French heritage its history in the United States and the salient differences between verse and prose Arranged chronologically to allow readers to trace the gradual development of this hybrid genre the poems anthologized here include important works from such masters of American literature as Gertrude Stein William Carlos Williams e e cummings Hart Crane Ernest Hemingway James Schuyler Allen Ginsberg Frank O Hara and Elizabeth Bishop Contemporary mainstays and emerging poets Robert Bly John Ashbery Charles Simic Billy Collins Russell Edson James Tate Anne Carson Yusef Komunyakaa and Lydia Davis among them are represented with their best work in the field The prose poem is beginning to enjoy a tremendous upswing in popularity Readers of this marvelous collection a must have for anyone interested in the current state of the art will learn why

**The Monstered Self** Eduardo González, 1992 Viewing stories and novels from an ethnographic perspective Eduardo Gonz lez here explores the relationship between myth ritual and death in writings by Borges Vargas Llosa Cort zar and Roa Bastos He then weaves this analysis into a larger cultural fabric composed of the works of Chaucer Shakespeare Joyce Benjamin H G Wells Kafka Poe and others What interests Gonz lez is the signature of authorial selfhood in narrative and performance which he finds

willfully and temptingly disfigured in the works he examines horrific and erotic subservient and tyrannical charismatic and repellent Searching out the personal image and plot Gonz lez uncovers two fundamental types of narrative one that strips character of moral choice and another in which characters choices deprive them of personal autonomy and hold them in ritual bondage to a group Thus *The Monstered Self* becomes a study of the conflict between individual autonomy and the stereotypes of solidarity Written in a characteristically allusive elliptical style and drawing on psychoanalysis religion mythology and comparative literature *The Monstered Self* is in itself a remarkable performance one that will engage readers in anthropology psychology and cultural history as well as those specifically interested in Latin American narrative
