*The World They Made Together* Mechal Sobel, 2021-06-08 In the recent past enormous creative energy has gone into the study of American slavery with major explorations of the extent to which African culture affected the culture of black Americans and with an almost totally new assessment of slave culture as Afro American Accompanying this new awareness of the African values brought into America however is an automatic

assumption that white traditions influenced black ones In this view although the institution of slavery is seen as important blacks are not generally treated as actors nor is their divergent culture seen as having had a wide ranging effect on whites Historians working in this area generally assume two social systems in America one black and one white and cultural divergence between slaves and masters It is the thesis of this book that blacks Africans and Afro Americans deeply influenced white s perceptions values and identity and that although two world views existed there was a deep symbiotic relatedness that must be explored if we are to understand either or both of them This exploration raises many questions and suggests many possibilities and probabilities but it also establishes how thoroughly whites and blacks intermixed within the system of slavery and how extensive was the resulting cultural interaction

**The Immoderate Past** C. Hugh Holman, 2008 The Immoderate Past deals with the southern writer s preoccupation with history concentrating on representative novelists from three major periods Finding the origins of this preoccupation in the antebellum period when most American novelists wrote in the mode of Sir Walter Scott C Hugh Holman examines the Revolutionary romances of William Gilmore Simms With the coming of realism to American fiction after the Civil War the southern writer turned to a combination of the realistic method with the novel of manners in order to describe the way of life in the South during the nineteenth century The Civil War replaced the American Revolution as the crucial event in the novels of this second period and was seen as disrupting the quality and texture of antebellum southern life To illustrate the southern novel in the realistic tradition Holman discusses Ellen Glasgow s *The Battleground* DuBose Heyward s *Peter Ashley* Stark Young s *So Red the Rose* Allen Tate s *The Fathers* Margaret Mitchell s *Gone with the Wind* and Margaret Walker s *Jubilee* Since the 1930s writers in the region have experimented with modernistic techniques distorting reality in order to make special statement about the nature and meaning of the southern experience To illustrate this latest development in southern writing Holman turns to William Faulkner s *Light in August* and *Absalom Absalom* Robert Penn Warren s *All the King s Men* *World Enough and Time* *Brother to Dragons* and *Wilderness* and William Styron s *Confessions of Nat Turner* The Immoderate Past closes with a consideration of the extent to which southern novelists have persisted in using time as a major dimension in their fiction whereas time has tended to be displaced by space in the standard American novel
