(Re)Writing Craft Tim Mayers, 2005-06-10 Re Writing Craft focuses on the gap that exists in many English departments between creative writers and compositionists on one hand and literary scholars on the other in an effort to radically transform the way English studies are organized and practiced today In proposing a new form of writing he calls craft criticism Mayers himself a compositionist and creative writer explores the connections between creative writing and composition studies programs which currently exist as separate fields within the larger and more amorphous field of English studies If creative writing and composition studies are brought together in productive dialogue they can in his view succeed in inverting the common hierarchy in English departments that privileges interpretation of literature over the teaching of writing

aspiring or practicing can use to hone their craft perhaps into art Using examples from his own rich literary oeuvre and from the work of a number of successful contemporary poets the author schools us in the critical relationship between poet and reader which is fundamental to what Kooser believes is poetry's ultimate purpose to reach other people and touch their hearts Much more than a guidebook to writing and revising poems this manual has all the comforts and merits of a long and enlightening conversation with a wise and patient old friend a friend who is willing to share everything he's learned about the art he's spent a lifetime learning to execute so well Resources in Education, 2000 *The Library Journal*, 1993-10 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Creativity and the Wandering Mind** David D. Preiss, Diego Cosmelli, James C. Kaufman, 2020-06-20 Creativity and the Wandering Mind Spontaneous and Controlled Cognition summarizes research on the impact of mind wandering and cognitive control on creativity including imagination fantasy and play Most coverage in this area has either focused on the negative consequences of mind wandering on focused problem solving or the positive effect of mindfulness but not on the positive consequences of mind wandering This volume bridges that gap Research indicates that most people experience mind wandering during a large percentage of their waking time and that it is a baseline default mode of brain function during the awake but resting state This volume explores the different kinds of mind wandering and its positive impact on imagination play problem solving and creative production Discusses spontaneous and controlled processes in creativity Examines the relationship between mind wandering consciousness and imagination Reviews research on problem solving imagination play and learning Highlights the positive impact of mind wandering on creative thought and output *In the Process of Poetry* William Watkin, 2001 This is the first major theoretical study of the four main figures of the New York School John Ashbery Frank O'Hara Kenneth Koch and James Schuyler Proposing a reinterpretation of the definition of the avant garde William Watkin describes it as a movement typified by its commitment to art in process over the final art product In a series of in depth and wide reaching readings he then goes on to test this assertion in detailed relation to the poetry of the New York School while also examining how the poets own work further develops and analyses the concept of the avant garde in contemporary culture BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Creative Process Brewster Ghiselin, 1952 Interest is the creative process isn't new Both Plato and Aristotle discussed its intricacies and so have many others over the past two thousand years This unusual collection provides a lively sampling of what 38 writers artists and scientists have had to say about creativity While not always comforting their remarks offer new ways of understanding the creative struggle Discipline and hard work are clearly integral to the process but as editor Brewster Ghiselin notes so too is listening to the voice of eccentricity within ourselves and in the world Page 4 of cover *The Writer's Digest*, 1925
