

The background of the entire slide is a halftone-style photograph of a mountain landscape. In the foreground, there is a green field with scattered purple and yellow wildflowers. In the middle ground, there are rolling hills and a dense forest of evergreen trees. In the background, there are more mountains under a bright blue sky with a few white clouds. s voice emerged from a distinctive perspective where spirituality meets the practicalities of daily life making him a unique figure in Canadian literature This novel is highly recommended for readers intrigued by historical fiction and the moral complexities of the human experience Connor s thoughtful prose invites reflections on ambition and sacrifice making The Prospector not just a tale of adventure but also a profound exploration of character and conscience

Race, Nation, and Reform Ideology in Winnipeg, 1880s-1920s Kurt Korneski,2015-06-09 During the late nineteenth and early twentieth centuries a host of journalists ministers medical doctors businessmen lawyers labor leaders politicians and others called for an assault on poverty slums disreputable boarding houses alcoholism prostitution sweatshop conditions inadequate educational facilities and other social evils Although they represented an array of political positions and advocated a range of strategies to deal with what they deemed problems historians have come to term this impulse urban reform or the urban reform movement This book considers the history of reform ideology in Canada It does so by considering four leading reformers living in what might be described as the most Canadian of Canadian cities Winnipeg Manitoba While the book engages in discussions debates surrounding the particular individuals it considers its more general argument is that to understand the history of reform in Canada requires viewing reformers as simultaneously experiencing and responding to two basic phenomena simultaneously It requires understanding them as confronting the polarizing tendencies exploitation and sometimes grinding poverty that was central to the economic order they often unwittingly helped to impose in northern North America It also however requires seeing them as fundamentally shaped by the process and legacy of the dispossession of Aboriginal peoples and the changing nature of Aboriginal settler relations that were also central to the development of Canada
