Harner, 2008 James L Harner's Literary Research Guide which Choice calls the standard guide in the field evaluates important reference materials in English studies Since the publication of the first edition in 1989 tens of thousands of students and educators have used the Guide as an aid to scholarly research In the new edition Harner has added entries describing resources published since May 2001 and has revised nearly half the entries from the fourth edition The fifth edition contains more than 1 000 entries which discuss an additional 1 555 books articles and electronic resources and cite

723 reviews Readers of earlier editions will notice the inclusion of substantially more electronic resources particularly reliable sites sponsored by academic institutions and learned societies to account for the proliferation of bibliographic databases text archives and other online resources This edition also features a new section on cultural studies Power, Yellow Power, and the Making of Revolutionary Identities Rychetta Watkins, 2012-01-03 Images of upraised fists afros and dashikis have long dominated the collective memory of Black Power and its proponents The guerilla figure taking the form of the black leather clad revolutionary within the Black Panther Party has become an iconic trope in American popular culture That politically radical figure however has been shaped as much by Asian American cultural discourse as by African American political ideology From the Asian African Conference held in April of 1955 in Bandung Indonesia onward to the present Afro Asian political collaboration has been active and influential In Black Power Yellow Power and the Making of Revolutionary Identities author Rychetta Watkins uses the guerilla figure as a point of departure and shows how the trope s rhetoric animates discourses of representation and identity in African American and Asian American literature and culture In doing so she examines the notion of Power in terms of ethnic political identity and explores collaborating and sometimes competing ethnic interests that have drawn ideas from the concept The project brings together a range of texts editorial cartoons newspaper articles novels visual propaganda and essays that illustrate the emergence of this subjectivity in Asian American and African American cultural productions during the Power period roughly 1966 through 1981 After a case study of the cultural politics of academic anthologies and the cooperation between Frank Chin and Ishmael Reed the volume culminates with analyses of this trope in Sam Greenlee's The Spook Who Sat by the Door Alice Walker's Meridian and John Okada's No No Boy The Great Depression and the New Deal Daniel Leab, Kenneth J. Bindas, Alan Harris Stein, Justin Corfield, Steven L. Danver, 2009-12-18 A comprehensive encyclopedia of the 1930s in the United States showing how the Depression affected every aspect of American life In two volumes The Great Depression and the New Deal A Thematic Encyclopedia captures the full scope of a defining era of American history Like no other available reference it offers a comprehensive portrait of the nation from the Crash of 1929 to the onset of World War II exploring the impact of the Depression and the New Deal on all aspects of American life The book features hundreds of alphabetically organized entries in sections focusing on economics politics social ramifications the arts and ethnic issues With an extraordinary range of primary sources integrated throughout The Great Depression and the New Deal is the new cornerstone resource on a historic moment that is casting a shadow on our own unsettled times Liauid Landscape Michele Currie Navakas, 2017-08-28 In Florida land and water frequently change places with little warning dissolving homes and communities along with the very concepts of boundaries themselves While Florida's landscape of saturated swamps shifting shorelines coral reefs and tiny keys initially impeded familiar strategies of early U S settlement such as the establishment of fixed dwellings sturdy fences and cultivated fields over the course of the eighteenth and nineteenth

centuries Americans learned to inhabit Florida s liquid landscape in unconventional but no less transformative ways In Liquid Landscape Michele Currie Navakas analyzes the history of Florida's incorporation alongside the development of new ideas of personhood possession and political identity within American letters From early American novels travel accounts and geography textbooks to settlers guides maps natural histories and land surveys early American culture turned repeatedly to Florida's shifting lands and waters as well as to its itinerant enclaves of Native Americans Spaniards pirates and runaway slaves This preoccupation with Floridian terrain and populations argues Navakas reveals a deep American concern with the challenges of settling a region so exceptional in topography geography and demography Navakas reads a vast archive of popular literary and reference texts spanning Revolution to Reconstruction including works by William Bartram James Fenimore Cooper and Harriet Beecher Stowe to uncover an alternative history of American possession one that did not descend exclusively or even primarily from the more familiar legal political and philosophical conceptions of American land as enduring solid and divisible The shifting southern edge of early America produced a new language of settlement belonging territory and sovereignty and that language would ultimately transform how people all across the rapidly changing continent Walt Whitman Quarterly Review ,1997 imagined the making of U S nation and empire Thoreau's Ecstatic Witness Alan D. Hodder, 2008-10-01 When Henry David Thoreau died in 1862 friends and admirers remembered him as an eccentric man whose outer life was continuously fed by deeper spiritual currents But scholars have since focused almost exclusively on Thoreau s literary political and scientific contributions This book offers the first in depth study of Thoreau s religious thought and experience In it Alan D Hodder recovers the lost spiritual dimension of the writer's life revealing a deeply religious man who despite his rejection of organized religion possessed a rich inner life characterized by a sort of personal experiential nature centered and eclectic spirituality that finds wider expression in America today At the heart of Thoreau s life were episodes of exhilaration in nature that he commonly referred to as his ecstasies Hodder explores these representations of ecstasy throughout Thoreau s writings from the riverside reflections of his first book through Walden and the later journals when he conceived his journal writing as a spiritual discipline in itself and a kind of forum in which to cultivate experiences of contemplative non attachment In doing so Hodder restores to our understanding the deeper spiritual dimension of Thoreau s life to which his writings everywhere bear witness The American Renaissance in New England Wesley T. Mott, 2001 Contains biographical sketches of authors who wrote or began publishing their major works during the American Renaissance in New England between 1830 and 1860 Wide scope of authors includes novelists poets essayists editors humorists translators compilers journalists reformers abolitionists scientists lexicographers special attention is given to the Transcendental authors headed by Emerson and Thoreau Nineteenth-century Literature ,1997 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman Twain and Henry James **Bowker's Best**
