Protect Your Pet More Shocking Facts To Consider:

Not Every Dog Has His Day Jane Duckworth, 2009 Provides a balanced view on the many issues relating to the treatment and care of Australian dogs [The Healthy Pet Manual](#) Deborah Straw, 2005-07-05 This revised and expanded edition of *Why Is Cancer Killing Our Pets* includes the most up to date information on the factors that may cause cancer in pets and preventive measures that can be taken The full spectrum of conventional and alternative treatments is presented in this essential resource for the care and protection of our beloved pets **Protect Your Pet** Ann N. Martin, 2001 Explores problems with commercial pet foods and raw meat diets discusses the dangers of yearly vaccinations and provides healthy pet recipes and alternative food and drug choices **Economies of Death** Patricia J. Lopez, Kathryn A. Gillespie, 2015-04-24 *Economies of Death* Economic Logics of Killable Life and Grievable Death examines the economic logic involved in determining whose lives and deaths come to matter and why Drawing from eight distinct case studies focused on the killability and grievability of certain humans animals and environmental systems this book advances an intersectional theory of economies of death A key feature of late modern capitalism is its tendency to economically order certain human and nonhuman lives and environments while appropriating and commodifying certain bodies and spaces in the process Spanning the social sciences and humanities in its contributions and scope each chapter shows how living beings and places are stripped down to the calculus of their end with profound ethical and political implications for these entities and the world around them From the genocide in Cambodia to the way some animals are considered pets and others food from September 11 2001 and Afghanistan to the politics of redemption for prisoners and ex racehorses in Kentucky these case studies draw from and develop an enriched understanding of bio and necropolitics posthumanism killability and grievability In drawing together the objectification of humans animals and environments and the power laden hierarchies that maintain this objectification this volume highlights how death across these subjects informs and responds to broader geo economic processes This book aims to examine the reach of economies of death across such diverse subjects challenging readers to consider the every day calculus they make in determining whose lives mean more and why **Alisa Merlin's Secrets to Lower Vet Bills** Alisa Merlin, 2007-06 In *Alisa Merlin's Secrets to Lower Vet Bills* Alisa shows the average pet owner how to save money at the vet and improve the health and happiness of their pets Alisa has over 25 years of experience as a Veterinary Technician and Pet Care Coach Her inexpensive and easy to follow pet care tips at home treatments and nutritional guidance will help pets of all ages Most pet owners never realize All animals get fleas even the cleanest indoor only ones The majority of pet owners are shortening the lives of their beloved companions by over vaccinating them There are seven signs of a good veterinarian A good vet will save you money There are three questions to always ask your vet that will save you money and help you make any treatment decisions for your pet even the ultimate one Alisa's regular visits to the pets of the biggest stars in Hollywood have been instrumental to keeping their pets healthy While not every pet owner

can afford the same level of pampering every owner can benefit from the same inexpensive preventive care I am on a mission to enrich the lives of all pets by educating their human companions I have four cats and two dogs Everyday I deal with celebrity clients temperamental vets and LA freeways I have been bitten scratched and barked at sometimes even by the animals
