Liberal Publication Department (Great Britain),1902 **Liberal Magazine** ,1907 **Official Report of Debates, House of Commons** Canada. Parliament. House of Commons,1907 **The Essential America** George McGovern,2004-07-26
 Liberalism is the oldest and most enduring American tradition a philosophy and way of life we inherited from the Founding Fathers This is the central idea of *The Essential America* by George McGovern America s best known and most consistent liberal Referring us to our moral and spiritual foundations McGovern not only presents a resounding defense of liberalism as the most practical and hopeful compass to guide the American ship of state but offers specific proposals for keeping the tradition vibrant *The Essential America* proposes programs for feeding the world s malnourished children Rather than sending our armies abroad McGovern spells out policies that confront the causes of terrorism He proposes cutting our military budget echoing Dwight D Eisenhower s powerful warning about the military industrial complex He condemns preemptive war criticizes tax cuts for the rich and warns against government for the powerful minority Americans have traditionally stood for progress generosity tolerance and protection of the needy McGovern states as well as for multi lateralism in foreign policy and a decent respect for the opinions of mankind He reminds us that while creative tension between liberalism and conservatism is the genius of American politics it is the liberals who have been responsible for every forward step in our national history They built the *Essential America* *Liberalism and Community* Steven Kautz,2018-09-05
 Contemporary political theory has experienced a recent revival of an old idea that of community In *Liberalism and Community* Steven Kautz explores the consequences of this renewed interest for liberal politics Whereas communitarian critics argue that liberalism is both morally and politically deficient because it does not adequately account for equality and virtue Kautz defends liberalism by presenting reports of various partisan quarrels among liberals who love liberty democrats who love equality and republicans who love virtue Founded on the classic texts of Locke and Montesquieu the liberalism that Kautz advocates is cautious and conservative He defends it against the arguments of important new communitarians Richard Rorty Michael Walzer Benjamin Barber and Michael Sandel and contrasts communitarian and liberal views on key questions He discusses Walzer s account of moral reasoning in a democratic community engages Barber on the nature and limits of republican community and takes on Rorty s communitarian account of moral psychology and the nature of the self Kautz also explores the concepts of virtue tolerance and patriotism issues of particular interest to communitarians which pose special problems for liberal political theory in an effort to rebuild a new and more tenable interpretation of liberal rationality 13
1/2 Reasons Why NOT To Be A Liberal Judd Dunning,2020-11-10 THE DEFINITIVE GUIDE TO WINNING AN ARGUMENT WITH A LIBERAL Antifa leftists may still burn this book but more than a few center left individuals will read 13 1 2 Reasons Why NOT to Be a Liberal and develop a new respectful understanding of conservatism Dinesh D Souza Although conservatives outnumber liberals in 44 out of 50 states it s a situation conservatives know very well in today s contentious political environment Conservatives often find themselves in discussions with liberals who relentlessly hammer conservatives

with insults accusations and unfounded assumptions about conservatism The question is What is a proud and informed conservative to do The answer is 13 1 2 Reasons Why NOT to be a Liberal And How To Enlighten Others the conservative playbook to persuasive facts and arguments that detail the policies accomplishments and often ignored compassionate nature of the conservative philosophy Presented in an easy to access format Judd Dunning s ideological treatise will empower readers not only to hold their own in an argument with a liberal but also to change hearts and minds or at worst preserve a few more mutually respectful relationships with more ease clarity and dignity Both a current and timeless conservative philosophical and argumentative manifesto made for conservative right leaning independent libertarian or on the fence Americans who are both passionate about politics and love being Americans If you can t achieve a win win civil discussion with a liberal at least you can use 13 1 2 Reasons Why NOT to be a Liberal to land some clear intelligent blows You will no longer serve as a liberal s doormat You can maintain your pride and then move on to someone who really wants to both talk and listen A Freethinker probably a conservative Do As I Say (Not As I Do) Peter Schweizer, 2006-10-10 I don t own a single share of stock Michael Moore Members of the liberal left exude an air of moral certitude They pride themselves on being selflessly committed to the highest ideals and seem particularly confident of the purity of their motives and the evil nature of their opponents To correct economic and social injustice liberals support a whole litany of policies and principles progressive taxes affirmative action greater regulation of corporations raising the inheritance tax strict environmental regulations children s rights consumer rights and much much more But do they actually live by these beliefs Peter Schweizer decided to investigate in depth the private lives of some prominent liberals politicians like the Clintons Nancy Pelosi the Kennedys and Ralph Nader commentators like Michael Moore Al Franken Noam Chomsky and Cornel West entertainers and philanthropists like Barbra Streisand and George Soros Using everything from real estate transactions IRS records court depositions and their own public statements he sought to examine whether they really live by the principles they so confidently advocate What he found was a long list of glaring contradictions Michael Moore denounces oil and defense contractors as war profiteers He also claims to have no stock portfolio yet he owns shares in Halliburton Boeing and Honeywell and does his postproduction film work in Canada to avoid paying union wages in the United States Noam Chomsky opposes the very concept of private property and calls the Pentagon the worst institution in human history yet he and his wife have made millions of dollars in contract work for the Department of Defense and own two luxurious homes Barbra Streisand prides herself as an environmental activist yet she owns shares in a notorious strip mining company Hillary Clinton supports the right of thirteen year old girls to have abortions without parental consent yet she forbade thirteen year old Chelsea to pierce her ears and enrolled her in a school that would not distribute condoms to minors Nancy Pelosi received the 2002 Cesar Chavez Award from the United Farm Workers yet she and her husband own a Napa Valley vineyard that uses nonunion labor Schweizer s conclusion is simple liberalism in the end forces its adherents to become hypocrites

They adopt one pose in public but when it comes to what matters most in their own lives their property their privacy and their children they jettison their liberal principles and embrace conservative ones Schweizer thus exposes the contradiction at the core of liberalism if these ideas don't work for the very individuals who promote them how can they work for the rest of us

The Extra-parliamentary Hansard, 1899-1901, 1900 Edinburgh Companion to Contemporary Liberalism Mark Evans, 2019-07-29 This is the premier collection of material on a comprehensive range of topics in contemporary liberalism It shows how liberalism can tackle wide ranging practical concerns that urgently demand attention in twenty first century politics

Bridging the Foreign Policy Divide Derek Chollet, Tod Lindberg, David Shorr, 2009-09-10 Bridging the Foreign Policy Divide brings together twenty leading foreign policy and national security specialists some of the leading thinkers of their generation to seek common ground on ten key controversial areas of policy In each chapter conservative and liberal experts jointly outline their points of agreement on many of the most pressing issues in U S foreign policy pointing the way toward a more constructive debate In doing so the authors move past philosophical differences and identify effective approaches to the major national security challenges confronting the United States An outgrowth of a Stanley Foundation initiative this book shows what happens when specialists take a fresh look at politically sensitive issues purely on their merits and present an alternative to the distortions and oversimplifications of today's polarizing political environment

The Decline of Private Law Gonçalo de Almeida Ribeiro, 2019-05-02 This book is a large scale historical reconstruction of liberal legalism from its inception in the mid nineteenth century the moment in which the jurists forged the alliance between political liberalism and legal expertise embodied in classical private law doctrine to the contemporary anxiety about the possibility of both a liberal solution to the problem of political justification and of law as a

respectable form of expert knowledge Each stage in the history is a moment of synthesis between a substantive and a methodological idea The former is the liberal political theory of the period purporting to provide a solution to the problem of political justification The latter is a conception of legal method or science supposedly vindicating the access of the expert to the political choices embodied in the law Thus each moment in the history of liberal legalism integrates a political theory with a jurisprudential conception Although it reaches the unsettling conclusion that liberal legalism has largely failed by its own standards the book urges us to avoid quietism scepticism or cynicism in the hope that a deeper understanding of the fragility of our values and institutions inspires a more thoughtful broadminded and nurtured citizenship *The British Constitution* H.R.G. Greaves,2023-07-21 First published in 1938 The British Constitution discusses the basic features of the British Constitution The author argues that the Constitution is more than a body of institutions working in accordance with principles laid down in law or expressed in conventions It is society in its political aspect In addition to the features of the Constitution the book also explains the functions of the House of Commons the House of Lords the King the Cabinet the parties the administration and the armed forces This book will be of interest to anyone keen on learning about the British Constitution as well as students of political science and history Debates of the Senate of the Dominion of Canada of 1867/68-1949 Canada. Parliament. Senate,1896 Unstoppable Ralph Nader,2014-04-29 Ralph Nader has fought for over fifty years on behalf of American citizens against the reckless influence of corporations and their government patrons on our society Now he ramps up the fight and makes a persuasive case that Americans are not powerless In *Unstoppable* he explores the emerging political alignment of the Left and the Right against converging corporate government tyranny Large segments from the progressive conservative and libertarian political camps find themselves aligned in opposition to the destruction of civil liberties the economically draining corporate welfare state the relentless perpetuation of America's wars sovereignty shredding trade agreements and the unpunished crimes of Wall Street against Main Street Nader shows how Left Right coalitions can prevail over the corporate state and crony capitalism He draws on his extensive experience working with grassroots organizations in Washington and reveals the many surprising victories by united progressive and conservative forces As a participator in and keen observer of these budding alliances he breaks new ground in showing how such coalitions can overcome specific obstacles that divide them and how they can expand their power on Capitol Hill in the courts and in the decisive arena of public opinion Americans can reclaim their right to consume safe foods and drugs live in healthy environments receive fair rewards for their work resist empire regain control of taxpayer assets strengthen investor rights and make bureaucrats more efficient and accountable Nader argues it is in the interest of citizens of different political labels to join in the struggle against the corporate state that will if left unchecked ruin the Republic override our constitution and shred the basic rights of the American people *Official Reports of the Debates of the House of Commons of the Dominion of Canada* Canada.
