Adeline Soldin

Proust 1st Edition:

Proust's Snobs, Inverts, and Jews Adeline Soldin, 2025-03-06 An intersectional investigation of identity formation in Marcel Proust's magnum opus *À la recherche du temps perdu*. As metonyms for broader categories such as class, sexuality, and ethnicity, the three most discussed identity groups in Proust's *la Recherche du Temps Perdu*—snobs, invertes, and Jews—prove to be deeply intertwined and perplexing representations. Attentive to these interwoven complexities, *Proust's Snobs, Inverts, and Jews* examines the novelist's exploitation of classification systems as a means to subvert the notion of a fixed identity. To illustrate Proust's challenges to a social order that restricts our perceptions of identity, Adeline Soldin addresses the inconsistencies and friction surrounding the portrayal of these key figures in his seven-volume novel. Many scholars have recognized that the narrator's formative journey in *La Recherche* leads to disillusionment and increased mockery of his fellow characters. Soldin contends, however, that Proust does not merely deride characters' behavior but rather interrogates their diverse motivations and tendencies, thereby exposing the performative nature of identity. *Proust's Snobs, Inverts, and Jews* draws on Judith Butler's theories of performativity to illustrate Proust's precocious portrayal of identity in *La Recherche* as an elusive, unattainable idea that characters pursue yet consistently fail to establish. Ultimately, the enigmatic and anonymous narrator models fluidity and promotes fantasy and imagination to compensate for the limitations imposed on individuals by social and linguistic conventions.

Proust's English Daniel Karlin, 2007 A study of English words and phrases in *À la recherche du temps perdu*, dealing with the social comedy of French Anglomania and with Proust's understanding of the necessary impurity of all languages and artistic creation. Karlin demonstrates that English is a significant presence in this French masterpiece.

Deleuze on Art Michael Jasper, 2017-08-21 This book examines the role of art in French philosopher Gilles Deleuze's 1925–1995 late writings. Can works of art produce not only visual and spatial effects but also render ideas manifest? Can movement be treated in architecture so that it changes our relation to time? In what ways can sculpture help us to think differently in a more open and creative way? In the last decade of his life, Deleuze wrote about these and other questions, increasingly turning to art as a model for a new way of thinking. Using examples from twentieth-century architecture, film, literature, painting, and sculpture, this book follows Deleuze's engagement with art to illustrate a new image of thought. This book is of interest to architects, artists, and theorists and to those wishing to learn about Deleuze's work and contemporary aesthetic practice and theory.

Proust's Songbook Jennifer Rushworth, 2024-06-04 In Proust's *Songbook*, Jennifer Rushworth analyzes and theorizes the presence and role of songs in Marcel Proust's novel *la recherche du temps perdu*. In *Search of Lost Time*, instead of focusing on instrumental music and large-scale forms such as symphonies and opera as is common in Proust musical studies, Rushworth argues for the centrality of songs and lyrics in Proust's opus. Her work analyzes the ways in which the author inserted songs at key turning points in

his novel and how he drew inspiration from contemporary composers and theorists of song Rushworth presents detailed readings of five moments of song in *la recherche du temps perdu* highlighting the songs significance by paying close attention to their lyrics music composers and histories Rushworth interprets these episodes through theoretical reflections on song and voice drawing particularly from the works of Reynaldo Hahn and Roland Barthes She argues that songs in Proust's novel are connected and resonate with one another across the different volumes yet also shows how song for Proust is a solo amateur and intimate affair In addition she points to Proust's juxtapositions of songs with meditations on the notion of *mauvaise musique* bad music to demonstrate the existence of a blurred boundary between songs that are popular and songs that are art According to Rushworth a song for Proust has a special relation to repetition and memory due to its typical brevity and that song itself becomes a mode of resistance in *la Recherche* especially on the part of characters in the face of family and familial expectations She also defines the songs in Proust's novel as songs of farewell noting that to sing farewell is a means to resist the very parting that is being expressed and demonstrates how songs in formal terms resist the forward impetus of narrative

The Notes Ludwig Hohl, 2021-01-01 A collection of illuminating

observations on life and art from an acclaimed Swiss modernist Tess Lewis's translation is worthy of her willfully demanding subject leaping between what Hohl calls the incandescence of the aphorism and in his dream narratives and miniature fairy tales a shadowy beauty reminiscent of his better known compatriot Robert Walser. Max Norman, Wall Street Journal. The Notes should be celebrated: it is wonderful that this volume of Hohl's compact aphoristic observations has finally arrived in English. Alexandra Sattler, Arts Fuse. Revered by Bertolt Brecht and Max Frisch as one of Switzerland's most commanding writers, Ludwig Hohl spent most of his waking hours with a pen in hand collecting quotes from others and recording ruminations of his own. Composed between 1934 and 1936 during his residence in the Netherlands in a state of extreme spiritual desolation, The Notes is Hohl's magnum opus: an assemblage of his epiphany-like observations disparate in subject yet threaded together by a relentless exploration of the nature and origins of creativity. Inspired by Spinoza, Goethe, and many others, The Notes contends with the purpose of work, the vitality of art, and the inevitability of death: a valiant uncompromising exercise in hope against the devastating backdrop of twentieth-century Europe. This abridged edition expertly translated by Tess Lewis and with an illuminating foreword by Joshua Cohen introduces the reader to this remarkable work and its writer.

Proust's Way: A Field Guide to In Search of Lost Time Roger Shattuck, 2011-02-07 Shattuck leaves us not only with a deepened appreciation of Proust's great work but of all great literature as well. Richard Bernstein, New York Times. For any reader who has been humbled by the language, the density, or the sheer weight of Marcel Proust's *In Search of Lost Time*, Roger Shattuck is a godsend. Winner of the National Book Award for Marcel Proust, a sweeping examination of Proust's life and works, Shattuck now offers a useful and eminently readable guidebook to Proust's epic masterpiece and a contemplation of memory and consciousness throughout great literature. Here Shattuck laments Proust's defenselessness against zealous editors, praises some translations, and presents Proust as a novelist whose philosophical gifts were matched only by his irrepressible comic sense. Proust's Way, the culmination of a lifetime of scholarship, will serve as the next generation's guide to one of the world's finest writers of fiction. *Essays on Deleuze* Daniel W. Smith, 2012-05-31 Brings together 18 key essays plus two completely new essays by one of the world's leading commentators on the work of the French philosopher Gilles Deleuze.

Critical Excess Colin Davis, 2010-04-06 This lucidly written book looks at the interpretative audacity of five major overreaders: Jacques Derrida, Gilles Deleuze, Emmanuel Levinas, Slavoj Žižek, and Stanley Cavell. Davis asks what is at stake and what is to be gained by their approaches to literature and film. **The Proustian Mind** Anna Elsner, Thomas Stern, 2022-12-30 When Marcel Proust started to work on *In Search of Lost Time* in 1908, he wrote this question in his notebook: Should I make it a novel, a philosophical study, or am I a novelist? Throughout his famous multi-volume work, Proust directly engages several philosophers, and few novels are as thoroughly saturated with philosophical themes and concepts as *In Search of Lost Time*. *The Proustian Mind* is an outstanding reference source to the rich philosophical range of Proust's work and the first major volume of its kind. Including 31 chapters by an international team of contributors, the volume is

divided into seven clear parts Proust's life and works metaphysics and epistemology mind and language aesthetics ethics gender and sexuality predecessors contemporaries and successors Within these sections key Proustian themes are explored from a philosophical standpoint including time the self memory imagination jealousy beauty love subjectivity and desire The final section considers Proust in relation to important philosophers such as Schopenhauer Nietzsche Bergson Merleau Ponty Sartre de Beauvoir and Deleuze The Proustian Mind is essential reading for those studying aesthetics philosophy of literature phenomenology and ethics and will also be of interest to those in literature studying modernism French literature and the relationship between literature and philosophy
