Proust Mann Joyce In The Modernist Context:

Proust, Mann, Joyce in the Modernist Context, Second Edition Gerald Gillespie, 2010-09 Gillespie belongs to an endangered scholarly species that of the real comparatists Comparative Literature The Political, Economic, Cultural and Biological Suicide of Ireland Seán Ó Nualláin, 2022-07-08 This book explores the wilful self destruction of Ireland since the mid 1990s It proposes that a Celtic confederation should co exist with the UK in IONA The high resource low population density countries of Ireland and Scotland should reach out to their peers in Wales and England with an offer of belonging An immense and beautiful new possibility is proposed to replace the current illegal congeries **Bloomsday 100** Morris Beja, Anne Fogarty, 2009-10-25 June 16 2004 was the one hundredth anniversary of Bloomsday the day that James Joyce s novel Ulysses takes place To celebrate the occasion thousands took to the streets in Dublin following in the footsteps of protagonist Leopold Bloom The event also was marked by the Bloomsday 100 Symposium where world renowned scholars discussed Joyce's seminal work This volume contains the best most provocative readings of Ulysses presented at the conference The contributors to this volume urge a close engagement with the novel They offer readings that focus variously on the materialist historical and political dimensions of Ulysses The diversity of topics covered include nineteenth century psychology military history Catholic theology the influence of early film and music hall songs on Joyce the post Ulysses evolution of the one day novel and the challenge of discussing such a complex work amongst the sea of extant criticism

From Ego to Eco, 2017-11-20 From Ego to Eco Mapping Shifts from Anthropocentrism to Ecocentrism investigates philosophical political and aesthetic formations of ecocentrism Representing a variety of disciplines and testing a broad scope of critical approaches the contributors of this volume argue that anthropocentrism is not as often claimed a predominant world view but rather a widely contested concept Within various historical and national contexts the individual contributors of this book discuss the significance and relevance of ecocentrism and offer new avenues to emerging discourses in the humanities Contributors are Darrell Arnold Roman Bartosch Aengus Daly Gearoid Denvir Elisabeth J tten Karla McManus Sabine Lenore M ller Maureen O Connor Lillis Laoire Helen Phelan Tina Karen Pusse and Christian Schmitt Kilb Fault Lines of Modernity Kitty Millet, Dorothy Figueira, 2018-09-20 This state of the art collection offers fresh perspectives on why intersections between literature religion and ethics can address the fault lines of modernity and are not necessarily the cause of modernity s faults From a diverse cohort of scholars from around the world with appointments in comparative literature and other disciplines the essays suggest that the imagined hegemony of a Judeo Christian Western project is neither exclusively true nor productive However the essays also suggest that elements of the Western religious traditions are important vectors for understanding modernity s complicated relationship to the past **Echoland Gerald** Ernest Paul Gillespie, Gerald Gillespie, 2006 This book follows several major European literary echoes still reverberating since the mysterious emergence of such archetypal figures as Faust Hamlet Quixote and Don Juan alongside lingering ancient and

medieval protagonists in the Renaissance Four centuries of attempts to redefine modern identity are traced against the evolution of a new genre of totalizing encyclopaedic literature the humoristic tradition which re weaves the positive and negative strands of the European and today also New World grand narrative The book s method inspired by Joyce is to listen to recurrent motifs in the cultural flow from Humanism to Postmodernism for clues to an identity transcending the personal

Enchantment C. Stephen Jaeger, 2012-03-19 What is the force in art C Stephen Jaeger asks that can enter our consciousness inspire admiration or imitation and carry a reader or viewer from the world as it is to a world more sublime. We have long recognized the power of individuals to lead or enchant by the force of personal charisma and indeed in his award winning Envy of Angels Jaeger himself brilliantly parsed the ability of charismatic teachers to shape the world of medieval learning In Enchantment he turns his attention to a sweeping and multifaceted exploration of the charisma not of individuals but of art For Jaeger the charisma of the visual arts literature and film functions by creating an exalted semblance of life a realm of beauty sublime emotions heroic motives and deeds godlike bodies and actions and superhuman abilities so as to dazzle the humbled spectator and lift him or her up into the place so represented Charismatic art makes us want to live in the higher world that it depicts to behave like its heroes and heroines and to think and act according to their values It temporarily weakens individual will and rational critical thought It brings us into a state of enchantment Ranging widely across periods and genres Enchantment investigates the charismatic effect of an ancient statue of Apollo on the poet Rilke of the painter D rer's self portrayal as a figure of Christ like magnificence of a numinous Odysseus washed ashore on Phaeacia and of the black and white projection of Fred Astaire dancing across the Depression era movie screen From the tattoos on the face of a Maori tribesman to the haunting visage of Charlotte Rampling in a film by Woody Allen Jaeger's extraordinary book explores the dichotomies of reality and illusion life and art that are fundamental to both cultic and aesthetic experience

Romantic Prose Fiction Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not

only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume guickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

Bibliographic Index , 2007

The German Joyce Robert K. Weninger, 2016-11-29 The first comprehensive account of the enormous impact of Joyce on German modernist and postmodern writers An indispensable book on Joyce s German face Gerald Gillespie Stanford University In August 1919 a production of James Joyce s Exiles was mounted at the Munich Schauspielhaus and quickly fell due to harsh criticism The reception marked the beginning of a dynamic association between Joyce German language writers and literary critics It is this relationship that Robert Weninger analyzes in The German Joyce Opening a new dimension of Joycean scholarship this book provides the premier study of Joyce s impact on German language literature and literary criticism in the twentieth century The opening section follows Joyce s linear intrusion from the 1910s to the 1990s by focusing on such prime moments as the first German translation of Ulysses Joyce s influence on the Marxist Expressionism debate and the Nazi blacklisting of Joyce s work Utilizing this historical reception as a narrative backdrop Weninger then presents Joyce s horizontal diffusion into German culture Weninger succeeds in illustrating both German

readers great attraction to Joyce s work as well as Joyce s affinity with some of the great German masters including Goethe and Rilke He argues that just as Shakespeare was a model of linguistic exuberance for Germans in the eighteenth century Joyce became the epitome of poetic inspiration in the twentieth This volume through Weninger's critiques and repositions simultaneously revisits the fraught relationship between influence and intertextuality in literary studies and reassesses their value as tools for contemporary comparative criticism today Robert K Weninger emeritus professor of German and comparative literature at King's College London is author or editor of over ten books including Arno Schmidts Joyce Rezeption 1957 1970 Ein Beitrag zur Poetik Arno Schmidts and is a past editor of the Journal of Comparative Critical Studies

Yearbook of Comparative and General Literature ,2003 Outside the Margins Robert Bonazzi, 2015 A collection of literary criticism by one of the major Texas critics The literature covered includes mainly Texas the Southwest and Latin America from 1980 to 2015 Bibliographie de la philosophie International Institute of Philosophy, 2004 **Myth in Modern Literature** Josh Torabi,2020-12-20 This book is the first major study that explores the intrinsic connection between music and myth as Nietzsche conceived of it in The Birth of Tragedy 1872 in three great works of modern literature Romain Rolland's Nobel Prize winning novel Jean Christophe 1904 12 James Joyce's modernist epic Ulysses 1922 and Thomas Mann's late masterpiece Doctor Faustus 1947 Juxtaposing Nietzsche's conception of the Apollonian and Dionysian with narrative depictions of music and myth Josh Torabi challenges the common view that the latter half of The Birth of Tragedy is of secondary importance to the first Informed by a deep knowledge of Nietzsche's early aesthetics the book goes on to offer a fresh and original perspective on Ulysses and Doctor Faustus two world famous novels that are rarely discussed together and makes the case for the significance of Jean Christophe which has been unfairly neglected in the Anglophone world despite Rolland's status as a major figure in twentieth century intellectual and literary history. This unique study reveals new depths to the work of our most enduring writers and thinkers Modernist Idealism Michael J. Subialka, 2021-11-01 Offering a new approach to the intersection of literature and philosophy Modernist Idealism contends that certain models of idealist thought require artistic form for their full development and that modernism realizes philosophical idealism in aesthetic form This comparative view of modernism employs tools from intellectual history literary analysis and philosophical critique focusing on the Italian reception of German idealist thought from the mid 1800s to the Second World War Modernist Idealism intervenes in ongoing debates about the nineteenth and twentieth century resurgence of materialism and spiritualism as well as the relation of decadent avant garde and modernist production Michael J Subialka aims to open new discursive space for the philosophical study of modernist literary and visual culture considering not only philosophical and literary texts but also early cinema The author's main contention is that in various media and with sometimes radically different political and cultural aims a host of modernist artists and thinkers can be seen as sharing in a project to realize idealist philosophical worldviews in aesthetic form How to Read a Moment Mathias Nilges, 2021-03-15 In How to Read a Moment Mathias

Nilges shows that time is inseparable from the stories we tell about it demonstrating that the contemporary American novel offers new ways to make sense of the temporality that governs our present Time is a thing that grows scarcer every day observes one of Don DeLillo's characters. The future is gone The Baffler argues Where's my hoverboard a meme demands Contemporary capitalism a system that insists that everything happen at once creates problems for social thought and narrative alike After all how does one tell the time of instantaneity. In this moment of on demand service and instant trading it has become difficult to imagine the future. The novel emerged as the art form of a rapidly changing modern world a way of telling time in its progress. Nilges argues that this historical mission is renewed today through works that understand contemporaneity as a form of time shaping that props up our material world and cultural imagination. But the contemporary American novel does not simply associate our present with a crisis of futurity. Through analyses of works by authors such as DeLillo Jennifer Egan Charles Yu and Colson Whitehead Nilges illustrates that the novel presents ways to make sense of the temporality that controls our purportedly fully contemporary world. In so doing the novel recovers a sense of possibility and hope forwarding a dazzling argument for its own importance today.
