Military Governors and Imperial Frontiers c. 1600-1800 Andrew Mackillop,Steve Murdoch,2003-05-15 This volume examines Scotland s experience of and reaction to European expansion between c 1600 1800 Although Scotland lacked an independent empire in the seventeenth century it gained unfettered access to the global empire of England after 1707 The volume argues that beneath this seemingly stark discontinuity there lay considerable continuity Using a series of case studies on Scottish governors serving in the empires of Denmark Norway Weden and their eighteenth century Russian and British equivalents it highlights the previously underestimated chronological and geographic extent of Scotland s engagement in European expansion It concludes that a blend of informal networks of kinship and local association complemented the official status of Scottish governors and produced a relatively distinctive and effective strategy for participating in imperialism
