Prubiangerman Militarism 191418 In Australian Perspective:

Prussian-German Militarism, 1914-18 in Australian Perspective John Anthony Moses,1991 Australia declared war on the German Empire in August 1914 not only because as a Dominion within the British Empire it was considered a matter of course In fact the Australian Government had made up its own mind about the nature of the German threat to national security There were a number of influential writers at the time who contributed to the formation of a distinct Australian image of German militarism Foremost among these was Professor George Arnold Wood the first Challis Professor of History in Sydney 1891 1928 He had analysed the nature of Prussian German political culture from the stand point of a radical English trained liberal and projected an accurate image of the enemy Basic to this was Wood s carefully drawn distinction between the Germany of true culture and humanity on the one hand and the barbarous feudal aristocracy of Prussia on the other which had determined German political culture since Bismarck had founded the Reich under Prussia in 1871

Prussian-German Militarism, 1914-18 in Australian Perspective George Arnold Wood,1989 *Political Culture in Australian Perspective* John A. Moses,2024-08-01 *The Anzac Illusion* Eric Montgomery Andrews,1993 This provocative book is reassessment of Australia s role in World War I and its relations with Britain *Australian national bibliography* ,1961 The Europeans in Australia Alan Atkinson,2014-09-01 This is the third and final volume of the landmark award winning series The Europeans in Australia that gives an account of settlement by Britain It tells of the various ways in which that experience shaped imagination and belief among the settler people from the eighteenth century to the end of World War I Volume Three Nation tells the story of Australian Federation and the war with a focus as ever on ordinary habits of thought and feeling In this period for the first time the settler people began to grasp the vastness of the continent and to think of it as their own There was a massive funding of education and the intellectual reach of men and women was suddenly expanded to an extent that seemed dazzling to many at the time Women began to shape public imagination as they had not done before At the same time the worship of mere ideas had its victims most obviously the Aboriginal people and the war itself proved what

vast tragedies it could unleash The culmination of an extraordinary career in the writing and teaching of Australian history The Europeans in Australia grapples with the Australian historical experience as a whole from the point of view of the settlers from Europe Ambitious and unique it is the first such large single author account since Manning Clark s A History of Australia Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies Brecht & Co Ulrike Garde,2007 German speaking playwrights have exercised a considerable if subtle influence on Australian theatre history Presenting a range of paradigmatic case studies this book offers a detailed account of Australian productions of German language drama between 1945 and 1996 The reception of Bertolt Brecht is used as a touchstone for analysing stagings of plays by writers such as Max Frisch Rolf Hochhuth Peter Handke and Franz Xaver Kroetz In addition more recent developments in the reception of German drama on the Australian stage are discussed **A Global Encyclopedia of Historical Writing, Volume 2** D.R. Woolf,2022-09-30 First published in 1998 Including a wide range of information and recommended for academic libraries this encyclopedia covers historiography and historians from around the world and will be a useful reference to students researchers scholars librarians and the general public who are interested in the writing of history Volume II covers entries from K to Z **No Regrets in the Evening of Life** Neville Buch,2018-03-14 The type of local and school history before the reader may be unfamiliar It is a definitive and scholarly history in the style of many grammar school histories in Queensland Although it is not unknown for Australian public and private schooling it is unique for Queensland state schools By saying it is a definitive and scholarly history what is meant is not that the history is complete only that it reaches decisive conclusions in a substantive treatment In this particular case the historian is someone who has been trained at the level of a higher degree Fighting Words Raymond Evans,1999 With an open heart and inquiring intellect Raymond Evans sets out to uncover a past not studied in the school books of his youth Growing up in the 1950s he lived in a community devoid of Aboriginal presence It was an enclave of Welsh migrant families with all the rituals and traditions of a faraway Home His evolving historical consciousness was fired by the need to connect with these shadowy absences and to engage with his adopted homeland Interwoven with his personal journey is a revealing selection of race relations histories which cover a wide arena from the Aboriginal European conflicts of colonial Queensland to the anti Chinese riots of 1888 and civilian internment

during World War I Evans also moves beyond frontier conflict into the long period of repressive government control of Aboriginal lives In writing on race gender and labour relations he illustrates how selective history can be by omitting the contribution of Aboriginal labourers men and women These form a critical bridge to understanding the complexities of race relations today Scholars at War Geoffrey G. Gray,Doug Munro,Christine Winter,2012-01-01 SCHOLARS AT WAR is the first scholarly publication to examine the effect World War II had on the careers of Australasian social scientists It links a group of scholars through geography transnational national and personal scholarly networks and shared intellectual traditions explores their use and contextualizes their experiences and contributions within wider examinations of the role of intellectuals in war SCHOLARS AT WAR is structured around historical portraits of individual Australasian social scientists They are not a tight group rather a cohort of scholars serendipitously involved in and affected by war who share a point of origin Analyzing practitioners of the social sciences during war brings to the fore specific networks beliefs and institutions that transcend politically defined spaces Individual lives help us to make sense of the historical process helping us illuminate particular events and the larger cultural social and even political processes of a moment in time **History For A Nation** Stuart Macintyre,2016-10-18 There is a common belief that Australia acquired history only when it grew up and threw off its colonial origins after the Second World War Yet earlier generations of Australians created their own histories to express their sense of who they were and what they might be This book reveals that the quest for an Australian past found its way into our universities and schools from the early years of the Commonwealth Ernest Scott was the most prolific teacher and writer of history in inter war Australia A self taught degreeless professor he laid the foundations of a historical profession in this country and wrote the textbook that taught generations of schoolchildren the meaning of Australian history An Englishman and an imperialist active in public affairs he trained Australians to understand their colonial past as a guide to nationhood At the time when Australians debate their nationhood Asianisation and the republic A History for a Nation recalls a lost culture of urgent contemporary significance **Three Suns I saw** Manfred Jurgensen,2015-08-13 This is a unique collection of prose verse and visual art in acknowledgment of the German Australian writer Manfred Jurgensen and his prodigious literary work over the past 55 years **One of Us?** David Dutton,2002 When Paul Keating announced his plans for an Australian Republic in 1995 he emphatically appealed for Australia s head of state to be one of us But what does it mean to be one of us Who can be an Australian citizen Who was entitled to citizenship in the past By what paths can newcomers become one of us And how have these paths changed since 1901 One of Us A Century of Australian Citizenship traces the meanings of citizenship and belonging that are evident in the Australian Government s civil policies The book shows that since Federation Australian citizenship has had much less to do with questions of civil and political rights democracy and sovereignty than with a determination to create a cohesive and loyal citizenry The government s policies have addressed the problems it has faced in incorporating migrants and in controlling the movement of people in and out of the country At a time when questions

of who can be one of us are as alive as ever and when citizenship race and multiculturalism are vital issues in contemporary politics this comprehensive examination of our past is vital to our understanding of the issue of citizenship today **History Wars** Doug Munro, 2021-10-21 In 1993 Manning Clark came under severe posthumous attack in the pages of Quadrant by none other than Peter Ryan who had published five of the six volumes of Clark's epic *A History of Australia*. In applying what he called an overdue axe to a tall poppy, Ryan lambasted the History as an imposition on Australian credulity and declared its author a fraud both as a historian and a person. This unprecedented public assault by a publisher on his best-selling author was a sensation at the time and remains lodged in the public memory. In *History Wars*, Doug Munro forensically examines the right and wrongs of Ryan's allegations, concluding that Clark was more sinned against than sinning and that Ryan repeatedly misrepresented the situation. More than just telling a story, Munro places the Ryan-Clark controversy within the context of Australia's History Wars. This book is an illuminating saga of that ongoing contest. James Curran, University of Sydney. The Ryan-Clark controversy speaks to the place of Manning Clark in Australia's national imagination. Had Ryan taken his axe to another historian, it's unlikely that we would be still talking about it 30 years later. But Clark was the author and keeper of Australia's national story, however imperfect his scholarship and however blinkered that story. Few, if any, historians in the Anglo-American world have occupied the space that Clark occupied by dint of will, force of personality and felicity of pen. Donald Wright, University of New Brunswick. **Clio's Lives** Doug Munro, John G. Reid, 2017-10-09 Including contributions from leading scholars in the field from both Australia and North America, this collection explores diverse approaches to writing the lives of historians and ways of assessing the importance of doing so. Beginning with the writing of autobiographies by historians, the volume then turns to biographical studies, both of historians whose writings were in some sense nation-defining and those who may be regarded as having had a major influence on defining the discipline of history. The final section explores elements of collective biography, linking these to the formation of historical networks. A concluding essay by Barbara Caine offers a critical appraisal of the study of historians' biographies and autobiographies to date and maps out likely new directions for future work. *Clio's Lives* is a very good scholarly collection that advances the study of autobiography and biography within the writing of history itself, taking theoretical questions in significant new directions. The contributors are well-known and highly respected in the history profession and write with an insight and intellectual energy that will ensure the book has considerable impact. They examine cutting-edge issues about the writing of history at the personal level through autobiography and biography in diverse and innovative ways. Together, the writers have provided reflective chapters that will be widely read for their impressive theoretical advances as well as being inspirational for new entrants to the disciplinary area. Patricia Grimshaw, University of Melbourne. *Clio's Lives* brings together a most interesting and varied cast of contributors. Its chapters contain sophisticated and well-penned ruminations on the uses of biography and autobiography among historians. These are clearly connected with the general themes of the volume. This delightfully mixed bag makes very

good reading and as well will serve as a substantial contribution to the study of the biography and autobiography Eric Richards Flinders University **Journal of the Royal Australian Historical Society** Royal Australian Historical Society,1993 Includes Annual report and statement of accounts varies slightly **Black Australian Literature** Heinz Schürmann-Zeggel,1997
