Literature: Writing in Times of Political Trauma Andrew M. Drozd, 2025-05-20 Modern Czech culture has experienced a series of political traumas starting in the 1930s Despite the difficult shifting conditions Czech writers have not only managed to contend with the situation but have produced many fine literary efforts This volume consists of seven articles by an international team of authors who are specialists in Czech literature The first four chapters treat very well known writers There is one chapter on Karel apek and his play The White Plague There are three chapters on Milan Kundera the

internationally best known Czech writer with one of these chapters covering both Kundera and Bohumil Hrabal The last three chapters deal with more recent and or lesser known writers One chapter treats the Brothers Topol and the music underground one chapter treats Czech literary responses to the period of the Normalization and the final chapter treats Eda Kriseov This volume presents new perspectives on Czech literature and will be of interest to specialists in Czech literature and history Central European literature and history Nazism and Communism For example although much has been written about Kundera the three articles provide further treatments of three different aspects of his work his ties to Russian literature his misogyny and the philosophical content of his novels Specialists interested in the period of the Normalization and after will find the last three chapters particularly useful The chapters are suitable for classroom use in courses in both Czech literature and Czech or Central European history All material from Czech language sources presented in the chapters is given in English translation

The Seven Mysteries of Life Guy Murchie,1999 All life in all worlds this was the object of the author s seventeen year quest for knowledge and discovery culminating in this book In a manner unmistakably his own Murchie delves into the interconnectedness of all life on the planet and of such fields as biology geology sociology mathematics and physics He offers us what the poet May Sarton has called a good book to take to a desert island as sole companion so rich is it in knowledge and insight

The Savage and Beautiful Country Alan McGlashan,1988 Alan McGlashan presents a sensitive view of the modern world and of time of our memories and forgetfulness joys and sorrows He takes the reader on a safari into regions that are strange and yet familiar into the savage and beautiful country of the mind No cures are offered but we are provoked to reflect on our roles and attitudes in the contemporary world jungle

The Living Classroom, Second Edition Christopher M. Bache,2024-12-01 A pioneering work in teaching and transpersonal psychology The Living Classroom explores the dynamics of collective consciousness in the classroom In this second edition Bache has in his own words come out of the psychedelic closet speaking candidly about the role that psychedelics played in the development of his integral holistic pedagogy Combining scientific research with personal accounts collected over thirty years Bache examines the subtle influences that radiate invisibly around teachers as they work unintended cognitive resonances that spring up between teachers and students in the classroom While these kinds of synchronistic connections are often overlooked by traditional academics Bache demonstrates that they occur too frequently and are too pointed to be dismissed as mere coincidence Drawing upon Rupert Sheldrake s theory of morphic fields Bache proposes that well taught courses generate learning fields around them forms of collective consciousness that can trigger new insights and startling personal transformations Moving beyond theory this book is rich with student stories and offers practical hands on strategies for teachers who want to begin working with these learning fields to take their teaching to a more conscious level

Healing the Split John E. Nelson,1994-03-15 The links between madness creative genius and spiritual experiences have tantalized philosophers and scientists for centuries In *Healing the Split* John Nelson brings the lofty ideas of transpersonal

psychology down to earth so they can be applied in a practical way to explain the bizarre effects of insanity on the human mind Drawing on a vast knowledge of Eastern philosophy and mainstream neuropsychiatry he heals the split between orthodox and alternative views with a comprehensive approach that goes beyond both Starting where R D Laing and Thomas Szasz left off Nelson revises and expands their radical views in light of modern brain science He then turns to ancient tantric yoga for a synthesis that weaves brain psyche and spirit into a compelling new conception of mental illness For professionals who seek to meet the needs of their patients more creatively this book offers a unique synthesis For people in emotional crisis it clarifies the distinctions among intractable psychosis temporary breakdowns in the service of healing spiritual emergencies and psychic breakthroughs spiritual emergence And for anyone interested in the seemingly inexplicable workings of the human mind gone mad this fascinating exploration of psychotic states of consciousness will be exciting reading

Percy Bysshe Shelley James Bieri,2005 Shelley found a retreat on the Bay of Lerici where joined by his friends Edward and Jane Williams he sailed his new boat and confided darkening thoughts to Edward Trelawny Shelley s love lyrics to Jane his last inamorata were written as he composed his final great work *The Triumph of Life* broken off by his untimely drowning a controversial sailing tragedy that is considered here in detail Shelley s fascinating posthumous life is narrated in the subsequent intermingled lives of the poet s most intimate associates

Psyche Unbound Zenobia Neil,2022-08-23 Neil s retelling of the myth of Cupid and Psyche is a sensuous feast Mesmerizing Mia Hopkins author of *Thirsty* For fans of *The Song of Achilles* and *Hotter than Hades* comes an unforgettable story of sacrifice sensuality and monsters both seen and unseen The celebrated beauty of Roman princess Psyche has enraged Venus the Goddess of Love As punishment Psyche is left naked on the beach to be sacrificed to a monster When Cupid the God of Love swoops her up and flies her to the monster s palace Psyche mistakenly wraps her legs around his waist looks into his eyes and falls in love Blindfolded and tied to a bed Psyche awaits the monster vowing to be brave as she faces death Yet when the monster arrives he marries her on the condition she never see his face As she grows to love her shadow husband she can t stop thinking about the God of Love Consumed by curiosity Psyche breaks her promise by lighting a lamp Awaking in a rage and furious with her betrayal her husband banishes her from the palace Psyche begs Venus for another chance at love Unmoved Venus demands Psyche perform three impossible tasks If Psyche succeeds her husband

will return If she fails she will be condemned to death J. G. Ballard D. Harlan Wilson,2017-11-10 Prophetic short stories and apocalyptic novels like *The Crystal World* made J G Ballard a foundational figure in the British New Wave Rejecting the science fiction of rockets and aliens he explored an inner space of humanity informed by psychiatry and biology and shaped by surrealism Later in his career Ballard s combustible plots and violent imagery spurred controversy even legal action while his autobiographical 1984 war novel *Empire of the Sun* brought him fame D Harlan Wilson offers the first career spanning analysis of an author who helped steer SF in new if startling directions Here was a writer committed to moral ambiguity one who drowned the world and erected a London high rise doomed to descend into savagery and coolly picked apart the characters trapped within each story Wilson also examines Ballard s methods his influence on cyberpunk and the ways his fiction operates within the sphere of our larger culture and within SF itself **Nineteen Years** Sam Eliza Green,2025-07-26 In this debut collection Sam Eliza Green invites us on a surreal poetic journey that intimately explores the intricacies of metamorphosis **Conscious Motherhood** Katherine Dickson,2005-03-17 *Conscious Motherhood* is a personal account of how having a child changes one woman s life It is the story of one woman s experience of herself during these changes This semi autobiography traces the journey toward increasing psychological and emotional wholeness and the role of motherhood in this process The birth of the child initiates a dichotomy between home life and work life and how the new mother deals with the conflict between continuing her career or full time motherhood Immediately after the birth she experiences her body as an instrument in the titanic force of life In the early days at home with her baby she feels she has left civilization and has descended psychologically to a place which is very close to both life and death Without the structure that a career gives life she experiences daily life against the patriarchal structures of family and marriage A sense of emptiness within loss of her center and loss of control of her own life is felt In her isolation she feels the presence of her mother and grandmother and seeks role models and mentors in her friends Her mind is filled with images of women and mothers as well as images of daughters recapitulating their own mothers experiences She questions how she would like her experiences to be different from those of her mother and what utopian motherhood could be like and how these expectations are shaped by one s early experience of home and domesticity The sense of inner revolution and upheaval is paralleled by chaotic and violent events in society The year is 1968 Martin Luther King and Robert Kennedy are assassinated the women s movement begins students riot and many protest the Vietnam War These events form the backdrop of a long journey told in twelve chapters in the creative nonfiction genre The point or purpose of the work is to both present a unique personal account of individual growth as well as to present those aspects of a major experience which are universal What is valuable and interesting about this journey is that this rite of passage is told from the woman s point of view and the woman s experience through the life writing or memoir style *The Cambridge Guide to Women's Writing in English* Lorna Sage,1999-09-30 This Guide aims to consolidate and epitomise the re reading of women s writing that has gone on in the last twenty five years This is an

opportunity for stock taking a timely project when so much writing has been rediscovered reclaimed and republished There are entries on writers on individual texts and on general terms genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English the visionary writings of Julian of Norwich and Margery Kempe are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy the history of colonisation and the development of post colonial cultures using and changing the English language The entries are written by contributors from all the countries covered The result is a work of reference with a unique feeling for the vitality wealth and diversity of women s writing Memory Unbound Lucy Bond,Stef Craps,Pieter

Vermeulen,2016-11-01 Though still a relatively young field memory studies has undergone significant transformations since it first coalesced as an area of inquiry Increasingly scholars understand memory to be a fluid dynamic unbound phenomenon a process rather than a reified object Embodying just such an elastic approach this state of the field collection systematically explores the transcultural transgenerational transmedial and transdisciplinary dimensions of memory four key dynamics that have sometimes been studied in isolation but never in such an integrated manner Memory Unbound places leading researchers in conversation with emerging voices in the field to recast our understanding of memory s distinctive variability

centripetal force of what Novalis calls The Self of one's self The author begins with a unique reading of Schelling's early Naturphilosophie as primal site rather than Freudian scene thinking this site through his Philosophical Inquiries Into the Nature of Human Freedom to The Ages of the World Reading Jungian metapsychology and its core concepts as therapeutic amplifications of Schelling the author articulates an intellectual counter transference in which Schelling and Jung contemporise each other The book then demonstrates how Romantic metasubjectivity operates in the libidinal matrix of Romantic poetry through readings of William Wordsworth's The Prelude and Percy Shelley's Prometheus Unbound The book concludes with a discussion of the hit TV series Breaking Bad as a case study of the challenges Romantic metasubjectivity raises for fundamental ethical dilemmas which confront us in the twenty first century Romantic Metasubjectivity is a highly original work of scholarship and will appeal to students and scholars in German Idealism Romanticism philosophy psychoanalysis theory Jung studies and those with an interest in contemporary theories of the subject Psyche's Interludes Charles Bagot Cayley,1857 International Who's Who in Poetry 2005 Europa Publications,2004-08-02 The 13th edition of the International Who's Who in Poetry is a unique and comprehensive guide to the leading lights and freshest talent in poetry today Containing biographies of more than 4 000 contemporary poets world wide this essential reference work provides truly international coverage In addition to the well known poets talented up and coming writers are also profiled Contents Each entry provides full career history and publication details An international appendices section lists prizes and past prize winners organizations magazines and publishers A summary of poetic forms and rhyme schemes The career profile section is supplemented by lists of Poets Laureate Oxford University professors of poetry poet winners of the Nobel Prize for Literature winners of the Pulitzer Prize for American Poetry and of the King's Queen's Gold medal and other poetry prizes **Gender Equity & Reconciliation** William Keepin,Cynthia Brix,2022-10-03 Gender equity is woefully overdue we cannot wait any longer Yet gender equity will wait just as it has for thousands of years until women and men and people of all genders co create it together One sided solutions are not enough and shame and blame will get us nowhere The new pathway to healing and creating right relations between the genders can only be forged by courageously confronting gender injustice from all sides and moving through the ensuing collective alchemy to transform gender injustice from the inside out Inspired by the principles of Truth and Reconciliation developed by Archbishop Desmond Tutu in South Africa the Gender Equity and Reconciliation International GERI process has been implemented over three decades for thousands of people on six continents Guided by the twin powers of truth and love and supported by skillful facilitation the GERI process as demonstrated in this book creates safe forums to empower the unraveling of gender and sexual conditioning with alchemical depth and acumen and initiate a whole new culture of gender relations and beloved community With contributions from dozens of GERI participants twelve distinguished world leaders in related fields and special inserts from such notable persons as Stanislav Grof M D Jetsunma Tenzin Palmo and Peter Rutter M D this book is an invaluable resource for
