Psychiatrie In Selbstdarstellungen:

Geschichte der Psychiatrie Heinz Schott, Rainer Tölle, 2006 Die Geschichte der Psychiatrie in einer umfassenden Darstellung Der Medizinhistoriker Heinz Schott und der klinische Psychiater Rainer Tölle legen eine umfassende an den Sachproblemen und Praxisfragen orientierte Geschichte der Psychiatrie vor ein Mu f r jeden der sich f r die Geschichte der menschlichen Seele ihrer Krankheiten und deren Behandlung interessiert Die heutigen Lehrb cher der Psychiatrie gehen nicht mehr auf die Geschichte des Faches ein Umgekehrt blenden historische Darstellungen der Psychiatrie den aktuellen Stand der Disziplin aus Dabei ist der Bedarf an einer Zusammenf hrung beider Aspekte st rker als je zuvor Viele der intern und ffentlich gef hrten Kontroversen um die Psychiatrie lassen sich nur mit der n tigen historischen Tiefensch rfe angemessen verstehen und kl ren Das vorliegende Werk hervorgegangen aus der langj hrigen Zusammenarbeit eines Medizinhistorikers und eines Psychiaters ist eine systematische an den theoretischen Konzepten und praktischen Problemen orientierte Geschichte der Psychiatrie von den Anf ngen bis zur Gegenwart In eigenen Kapiteln werden die Geschichte der Krankenversorgung der psychiatrisch bedeutsamen Krankheiten sowie ihrer Therapieformen behandelt Auch von der Fachwelt bisher weniger beachtete Themen etwa D monologie und Mesmerismus sind ber cksichtigt Zur Sprache kommen aber auch die Irrwege im 20 Jahrhundert darunter insbesondere das Thema Juden und Psychiatrie Die ganz besondere Aufmerksamkeit der Autoren gilt schlie lich der kritischen Auseinandersetzung mit dem Menschenbild in der Psychiatrie wie sie sich in philosophisch orientierten Ans tzen etwa der Daseinsanalyse oder der medizinischen Anthropologie widerspiegeln

Zur Geschichte der Psychiatrie HAENEL, 2013-11-11 **The War in Their Minds** Svenja Goltermann, 2017-01-09
Historians are increasingly looking at the sacrifices Germans had to make during World War II In this context Svenja Goltermann has taken up a particularly delicate topic German soldiers experience of violence during the war and repercussions of this experience after their return home Part I of her book explores the ways in which veterans experiences of wartime violence reshaped everyday family life involving family members in complex ways Part II offers an extensive analysis of the psychiatric response to this new category of patient and in particular the reluctance of psychiatrists to recognize the psychic afflictions of former POWs as constituting the grounds for long term disability Part III analyzes the cultural representations of veterans psychic suffering encompassing the daily press popular films novels and theater Originally published in German as Die Gesellschaft der Überlebenden The War in Their Minds examines hitherto unused source material psychiatric medical files of soldiers to make clear how difficult it was for the soldiers and their families to readjust to normal everyday life Goltermann allows these testimonies of violence guilt justification and helplessness speak for themselves and sensitively explores how the pension claims of returning soldiers were to compete with the claims of the Holocaust victims to compensation *Die Psychiatrie in der Kritik* T. Rechlin, J. Vliegen, 2013-03-07 In der vorliegenden Schrift werden die Thesen Urspr nge und Entwicklungen der seit Beginn der 60er Jahre zun chst in England sp ter in Italien

in Frankreich und in Deutschland aufkommenden Bewegung der sogenannten Antipsychiatrie kritisch dargestellt und ihr Einfluß auf die Psychiatrie heute untersucht Die psychiatriekritischen Essays deren Inhalte nach wie vor eine erhebliche Popularität genießen richteten sich gleichermaßen gegen den psychiatrisch medizinischen Krankheitsbegriff die psychiatrische Therapie und die psychiatrischen Institutionen **Psychiatric Cultures Compared** Marijke Gijswijt-Hofstra, Harry Oosterhuis, Joost Vijsselaar, 2005 The comparative global history of mental health care in the twentieth century remains relatively uncharted territory Psychiatric Cultures Compared offers an overview of various national psychiatric cultures comparing for example advances in Dutch psychiatry with developments abroad Wide ranging essays cover analyses of the field of psychiatric nursing the changing use of psychotropic medicine the emergence of in and outpatient mental health sectors the rise of the anti psychiatry movement and a critical look at modern day deinstitutionalization

Phänomenologie und psychotherapeutische Psychiatrie Gerhard Dammann, 2014-11-20 Die phänomenologische Psychiatrie und anthropologische sowie daseinsanalytischen Zugänge dominierten die deutschsprachige Psychiatrie der 1950er und 1960er Jahre Heute ist es um die Phänomenologie still geworden Die Diskussion um das ICD 11 zeigt dass die Klassifikationssysteme ICD 10 und DSM IV die phänomenologische Psychiatrie kaum strecken konnten Das Buch rückt die Phänomenologie wieder in den Fokus der Psychiatrie Sie ergreift das methodische Repertoire eines jeden diagnostisch tätigen Kliniklers Beiträge zur speziellen Psychopathologie und zeigen die Bedeutung und Vielfalt der phänomenologischen Psychiatrie

Psychiatrie-Enquete: mit Zeitzeugen verstehen Felicitas Söhner, 2019-11-15 Die Psychiatrie Enquete von 1975 führte zu großen Veränderungen im psychiatrischen System Wie ist sie entstanden und welche Folgen hatte sie Wie erinnern beteiligte Akteure innen die Entstehungsgeschichte Die Historikerin Felicitas Söhner hat 28 Interviews mit Zeitzeugen geführt und ausgewertet unter ihnen Ärzte Pflegerkranke Therapeuten Sie nimmt die internationalen fachlichen gesellschaftlichen und sozialpolitischen Einflüsse ebenso in den Blick wie die Rolle der Medien oder den Einfluss informeller Netzwerke Eine spannende und erhellende historische Aufarbeitung der Ereignisse auf der Basis von Interviews und Quelldokumenten eine Oral History der Psychiatrie Enquete *Das Ringen um das Selbst* Sandra Schmitt, 2018-06-25 Schizophrenie kaum ein anderer psychiatrischer Krankheitsbegriff wurde in der zweiten Hälfte des 20. Jahrhunderts so intensiv und kritisch diskutiert Auch innerhalb der Psychiatrie herrschte alles andere als Einigkeit über den Begriff die Ursachen und Behandlungsmethoden Von den ersten Berichten psychotherapeutischer Behandlungen bis hin zu den Erfahrungsschilderungen von Betroffenen rekonstruiert Sandra Schmitt wie sich die Vorstellungen von Schizophrenie nach 1945 veränderten welche Rolle die Psychoanalyse dabei spielte und wie die Psychiatrie darüber in eine Krise geriet und sich durch methodische Verwissenschaftlichungen wieder stabilisierte Die Studie beschreibt die Zirkulation von Wissen und die Etablierung neuer Deutungen des Schizophreniekonzeptes und liefert so einen Beitrag zur Wissens- und Kulturgeschichte der Psychiatrie in Ost und Westdeutschland **Psychiatrie in Selbstdarstellungen** Ludwig Jakob Pongratz, 1977 **A**

Historical Dictionary of Psychiatry Edward Shorter, 2005-02-17 This is the first historical dictionary of psychiatry. It covers the subject from autism to Vienna and includes the key concepts, individuals, places and institutions that have shaped the evolution of psychiatry and the neurosciences. An introduction puts broad trends and international differences in context and there is an extensive bibliography for further reading. Each entry gives the main dates, themes and personalities involved in the unfolding of the topic. Longer entries describe the evolution of such subjects as depression, schizophrenia and psychotherapy. The book gives ready reference to when things happened in psychiatry, how and where they happened and who made the main contributions. In addition, it touches on such social themes as women in psychiatry, criminality and psychiatry, and homosexuality and psychiatry. A comprehensive index makes immediately accessible subjects that do not appear in the alphabetical listing. Among those who will appreciate this dictionary are clinicians curious about the origins of concepts they use in their daily practices, such as paranoia, selective serotonin reuptake inhibitors (SSRIs) or tardive dyskinesia; basic scientists who want ready reference to the development of such concepts as neurotransmitters, synapse or neuroimaging; students of medical history keen to situate the psychiatric narrative within larger events; and the general public curious about illnesses that might affect them, their families and their communities, or readers who merely want to know about the grand chain of events from the asylum to Freud to Prozac. Bringing together information from the English, French, German, Italian and Scandinavian languages, the Dictionary rests on an enormous base of primary sources that cover the growth of psychiatry through all of Western society.

Psychotherapy in the Third Reich Thomas Blomberg, 2018-04-27 The idea for this book sprang from Geoffrey Cocks' curiosity as to what happened in the new dynamic field of psychotherapy in Germany with the advent of Hitler. While traditional views merely asserted that the Nazis destroyed the field of psychotherapy in Germany, a viewpoint justifiably based on the testimony of those in the field who had emigrated from Germany to escape Nazi persecution, Cocks learned that there was more to the story. He looked to several interesting shards of evidence that pointed to the possibility that one could reconstruct a history of morally questionable professional developments in German psychotherapy during the Third Reich. The evidence included the existence of a journal for psychotherapy published continuously from 1928 to 1944, accounts of a psychotherapist who assumed leadership of his colleagues and who was a relative of the powerful Nazi leader Hermann Goering, and a strong psychotherapeutic lobby in German medicine that was intellectually impoverished but apparently not destroyed by the expulsion of the prominent and predominantly Jewish psychoanalytic movement. Non-Jewish psychoanalysts and psychotherapists had in fact pursued their profession under the aegis of the so-called Goering Institute with substantial support from agencies of the Nazi party, the Reich government, the military and private business. Much research has been done in the ten years since the first edition of this book was published, hence the need for a second edition. Included is more information on the history of psychotherapy and psychoanalysis in Nazi Germany, on the social history of the Third Reich, and on the history of the professions in Germany.

Three new chapters analyze postwar developments and conflicts as well as broader issues of continuity and discontinuity in the history of modern Germany and the West In addition the author has reorganized the volume along chronological and narrative lines for greater ease of reading Psychotherapy in the Third Reich is an important work for psychotherapists psychologists psychoanalysts sociologists and historians

Heidelberger Gelehrtenlexikon 1933-1986 Dagmar Drüll, 2009-02-21 Das Heidelberger Gelehrtenlexikon 1933 1986 enth lt Namen und Biographien von insgesamt 975 Professoren darunter 19 Professorinnen Aufgenommen wurden alle planm igen au erordentlichen und ordentlichen Professoren die zwischen 1933 und 1986 an der Universit t Heidelberg gelehrt haben Der Band schlie t l ckenlos an die vorangegangenen drei B nde des 1981 ins Leben gerufenen Projektes an und gibt damit einen berblick ber die Professorenschaft von 1386 bis 1986 mit insgesamt 2843 Professoren und amtierenden Magister Die Anlage des Lexikons ist analog zu den Vorg ngerb nden gestaltet Das Lexikon 1933 1986 ist in Fortsetzung zu den vorherigen B nden ein wichtiges Nachschlagewerk f r Forschungen zur Neueren Geschichte Wissenschafts Universit ts Sozial Bildungs und Kulturgeschichte sowie der Sozialgeographie Daneben leistet es einen wichtigen Beitrag zur nationalen regionalen und sozialen Zusammensetzung und Fluktuation des deutschen und internationalen Gelehrtenstandes im Dritten Reich und der Nachkriegszeit

Deinstitutionalisation and After Despo Kritsotaki, Vicky Long, Matthew Smith, 2016-11-29 The book relates the history of post war psychiatry focusing on deinstitutionalisation namely the shift from asylum to community in the second part of the twentieth century After the Second World War psychiatry and mental health care were reshaped by deinstitutionalisation But what exactly was involved in this process What were the origins of deinstitutionalisation and what did it mean to those who experienced it What were the ramifications both positive and negative of such a fundamental shift in psychiatric care Post War Psychiatry in the Western World Deinstitutionalisation and After seeks to answer these questions by exploring this momentous change in mental health care from 1945 to the present in a wide range of geographical settings The book articulates a nuanced account of the history of deinstitutionalisation highlighting the constraints and inconsistencies inherent in treating the mentally ill outside of the asylum while seeking to inform current debates about how to help the most vulnerable members of society

Medizinische Gewalt Markus Hedrich, 2014-09-15 Die Elektroschocktherapie EST erlebt aktuell auch in Deutschland ein wenn auch hoch umstrittenes Comeback Markus Hedrich sp rt den hiermit verbundenen diskursiven Verflechtungen von Kr per Elektrizit t und staatlicher Gewalt nach Er zeigt dass der elektrische Stuhl 1890 eine Folgeentwicklung aus der psychiatrischen Elektrotherapie war und wiederum ab 1940 die Einf hrung der EST in den USA bef rdert hat Streng restringierte Krankenakten erlauben zudem erstmals eine Analyse der Elektroschocktherapie im forensischen Stationsalltag was tiefe Einblicke in die Dialektik von staatlicher Gewalt und Individuum und damit in die conditio humana erlaubt

A History of 'Unitary Psychosis' Gerhart Zeller, Eric J. Engstrom, German E. Berrios, 2025-06-04 Gerhart Zeller s prize winning 1961 study of the history of the concept of unitary

psychosis has never before been published in German or English To date the manuscript remains by far the best historical account of the early development of the concept in Germany The editors introduction analyzes Zeller s monograph on three temporal levels First as a rediscovered original contribution to historical scholarship on nineteenth century psychiatric classification Second as an historical document in its own right situated on the threshold between the murderous atrocities of the Holocaust and the psychiatric reforms of the 1970s and 80s Psychiatrie Enqu te Third as a unique contribution to post Neo Kraepelinian discourse and to the critiques of contemporary psychiatric nosologies DSM and research agendas RDoC In helping to elucidate the historical evolution of dimensional approaches to psychiatric classification the monograph is likely to resonate within wider current biomedical trends toward personalized medicine and molecular diagnostics and to find a readership among psychiatric practitioners and historians alike

Doing psychiatry in postwar Europe

Gundula Gahlen, Volker Hess, Marianna Scarfone, Henriette Voelker, 2024-04-30 Doing psychiatry engages with the history of European psychiatry in the second half of the twentieth century through a close and fresh look at the practices that contributed to reshape the mental health field Case studies from across Europe allow readers to appreciate how new ways of doing contributed to transform the field beyond the watchwords of deinstitutionalisation the prescription of neuroleptics centrality of patients and overcoming of asylum era habits Through a variety of sources and often adopting a small scale perspective the chapters take a close look at the way new practices emerged and at how they installed themselves eventually facing resistance injecting new purposes and contributing to enlarging psychiatry s fields of expertise therefore blurring its once more defined boundaries

Young Foucault

Elisabetta Basso, 2022-11-22 In the 1950s long before his ascent to international renown Michel Foucault published a scant few works His early writings on psychology psychopathology and anthropology have been dismissed as immature However recently discovered manuscripts from the mid 1950s when Foucault was a lecturer at the University of Lille testify to the significance of the work that the philosopher produced in the years leading up to the archaeological project he launched with History of Madness Elisabetta Basso offers a groundbreaking and in depth analysis of Foucault s Lille manuscripts that sheds new light on the origins of his philosophical project She considers the epistemological style and methodology of these writings as well as their philosophical context and the scholarly networks in which Foucault was active foregrounding his relationship to existential psychiatry Young Foucault blurs the boundaries between biography and theory exploring the transformations and at times contradictions that characterize the intellectual trajectory of a philosopher who as Foucault himself put it turned to psychology and from psychology to history Retracing the first steps of the philosopher s intellectual journey Basso shows how Foucault s early writings provide key insights into his archaeological work of the 1960s Assembling a vast array of archival sources including manuscripts reading notes notes for lectures and conferences and correspondence this book develops a new and deeper understanding of Foucault s body of work

Inventing the Criminal Richard F. Wetzell, 2003-06-19 Recent years have witnessed a resurgence of biological research into the causes of crime but the origins of this kind of research date back to the late nineteenth century Here Richard Wetzell presents the first history of German criminology from Imperial Germany through the Weimar Republic to the end of the Third Reich a period that provided a unique test case for the perils associated with biological explanations of crime Drawing on a wealth of primary sources from criminological legal and psychiatric literature Wetzell shows that German biomedical research on crime predominated over sociological research and thus contributed to the rise of the eugenics movement and the eventual targeting of criminals for eugenic measures by the Nazi regime However he also demonstrates that the development of German criminology was characterized by a constant tension between the criminologists hereditarian biases and an increasing methodological sophistication that prevented many of them from endorsing the crude genetic determinism and racism that characterized so much of Hitler s regime As a result proposals for the sterilization of criminals remained highly controversial during the Nazi years suggesting that Nazi biological politics left more room for contention than has often been assumed

Pharmakopsychiatrie - Neuro-Psychopharmakologie ,1980

This book delves into Psychiatrie In Selbstdarstellungen. Psychiatrie In Selbstdarstellungen is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Psychiatrie In Selbstdarstellungen, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Psychiatrie In Selbstdarstellungen
- Chapter 2: Essential Elements of Psychiatrie In Selbstdarstellungen
- Chapter 3: Psychiatrie In Selbstdarstellungen in Everyday Life
- Chapter 4: Psychiatrie In Selbstdarstellungen in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Psychiatrie In Selbstdarstellungen. This chapter will explore what Psychiatrie In Selbstdarstellungen is, why Psychiatrie In Selbstdarstellungen is vital, and how to effectively learn about Psychiatrie In Selbstdarstellungen.
3. In chapter 2, the author will delve into the foundational concepts of Psychiatrie In Selbstdarstellungen. This chapter will elucidate the essential principles that must be understood to grasp Psychiatrie In Selbstdarstellungen in its entirety.
4. In chapter 3, the author will examine the practical applications of Psychiatrie In Selbstdarstellungen in daily life. The third chapter will showcase real-world examples of how Psychiatrie In Selbstdarstellungen can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Psychiatrie In Selbstdarstellungen in specific contexts. This chapter will explore how Psychiatrie In Selbstdarstellungen is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Psychiatrie In Selbstdarstellungen. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Psychiatrie In Selbstdarstellungen.
