**Global Corporate Intelligence** George Roukis, Hugh Conway, Bruce H. Charnov, 1990-05-08 In this volume noted experts in a variety of information business and management fields offer a comprehensive overview of the role information plays in global business and its impact on competition and competitiveness At the core of the collection is a common belief in the essential value of information to the modern business and a recognition that the corporate intelligence function must today cope with changing realities produced by both new technology and the globalization of markets Taking these as their points of departure the contributors discuss a broad spectrum of corporate intelligence issues ranging from the uses of artificial intelligence and the structure of the corporate intelligence system to the nature of security threats financial warfare and corporate risk assessment The chapters are divided into five sections and begin with two essays on the emerging interrelated global world order George Roukis discusses the corporate intelligence process as it embodies the global view while Hugh Conway shows how modern technology has changed the corporate intelligence function Three chapters explore the information applications of new technologies including the use of the computer to further all aspects of corporate intelligence gathering and the emergence of an information industry to serve the needs of intelligence gatherers The following section contains chapters that address in turn the use of intelligence in strategic decisionmaking coping with bad news the process of intelligence gathering and field marketing intelligence Turning to a discussion of outside threats to corporate intelligence data security the contributors examine computer security in general defense related computer security and the terrorist threat to corporations In the final section the contributors look at a number of strategic challenges A particularly interesting chapter examines corporate intelligence in Japan others look at geography and corporate risk assessment the Soviet foreign intelligence service and corporate responses to financial warfare Competitive intelligence and marketing executives as well as students in international business programs will find this volume enlightening and provocative reading *Air University Library Index to Military Periodicals*, 1988 **The International Economy**, 1987

*The Function of Intelligence in Crisis Management* Shaun P. McCarthy, 2019-01-04 First published in 1998 this work is a study of the relationship between intelligence and policy and focuses on the function of intelligence in crisis management It provides an integrated approach to the theory of the intelligence process and the principles of crisis management It identifies those factors that influence the producer consumer relationship within the context of the Traditionalist vs Activist approaches i e The Kent Kendall debate New insight into the practical limitations of the Traditionalist approach to intelligence is provided Using terrorism as a crisis phenomenon the study analyses the function of intelligence and the reasons behind the intelligence and the reasons behind the intelligence failures during the Reagan Administration s Foreign Policy initiatives in Lebanon 1981 1985 With its focus on intelligence theory and management as well as crisis management and policy making this book will appeal to academics scholars intelligence practitioners historians policy makers and business management professionals Although the work focuses on the U S intelligence community and the behavioural trends

within American intelligence and security organisations the principles and lessons learned can be applied to business and government in other democracies **American Intelligence, 1775-1990** Neal H. Petersen,1992 Harvard Business School Core Collection Baker Library,1999 **Teaching Intelligence in 1990s:** Judith M. Fontaine,1992 To find more information about Rowman and Littlefield titles please visit [www rowmanlittlefield com](http://www.rowmanlittlefield.com) *Library Reference Services and Information Literacy: Models for Academic Institutions* Cordell, Rosanne M.,2013-06-30 As classrooms and universities strive to adapt their instructional methods to an ever progressing technological age it is imperative that academic libraries also revisit the ways in which reference and instruction services are organized and implemented Library Reference Services and Information Literacy Models for Academic Institutions not only advocates for a more intentional integration of reference and instructional services but it also provides organizational background staff objectives and various successes and challenges that have already been experienced by real institutions This publication is an important reference source for librarians practitioners and university leaders who wish to maximize the current utilization of their resources **Information Protection and Network Security** Clifford Neuman,John Perry Barlow,1996 *The Intelligent Corporation* Jon Sigurdson,Yael Tågerud,1992 State ,1988 *On Intelligence* Robert David Steele,2001 Information for a New Age ,1995-01-15 Written by such noted experts as Evan Farber Daniel Callison Deanna Marcum and Robert Kieft these articles address topics that range from bibliographic instruction and the future of school public academic and special libraries to the relevance and survival of the librarian s role Included are the competitive papers for LIRT s 25th anniversary Seeking to promote information literacy and to answer such significant questions as How will the librarian s role change in the 1990s and what aspects will remain the same this work is essential reading for library professionals and will serve as a supplementary textbook in library science classes *International Relations* Conway W. Henderson,1998 This text is a distinctly post Cold War learning tool that will help make sense of the rapid changes now taking place in international relations The author s goal is to contribute to an understanding of a world more willing to abide by rules and norms especially as expressed in international law and a world shifting to an emphasis on the soft power of economic influence rather than relying on the hard power of military force While this text is cautiously optimistic about humankind s future as we enter the 21st century it warns about continuing turbulence caused by terrorism rogue states intense trade competition ethnic conflict and the antagonism between rich and poor states The chapters are tied together with an overarching theme that argues the world is moving from an international anarchy based on fear and military power to the early stages of an international society comprised of multiple actors cooperating to solve problems they handle on their own
