Real Pushers:

Pushing Cool Keith Wailoo, 2021-11-02 Spanning a century Pushing Cool reveals how the twin deceptions of health and Black affinity for menthol were crafted and how the industry's disturbingly powerful narrative has endured to this day Police put Eric Garner in a fatal chokehold for selling cigarettes on a New York City street corner George Floyd was killed by police outside a store in Minneapolis known as the best place to buy menthols Black smokers overwhelmingly prefer menthol brands such as Kool Salem and Newport All of this is no coincidence The disproportionate Black deaths and cries of I can't breathe that ring out in our era because of police violence COVID 19 or menthol smoking are intimately connected to a post 1960s history of race and exploitation In Pushing Cool Keith Wailoo tells the intricate and poignant story of menthol cigarettes for the first time He pulls back the curtain to reveal the hidden persuaders who shaped menthol buying habits and racial markets across America the world of tobacco marketers consultants psychologists and social scientists as well as Black lawmakers and civic groups including the NAACP Today most Black smokers buy menthols and calls to prohibit their circulation hinge on a history of the industry's targeted racial marketing In 2009 when Congress banned flavored cigarettes as criminal enticements to encourage youth smoking menthol cigarettes were also slated to be banned Through a detailed study of internal tobacco industry documents Wailoo exposes why they weren't and how they remain so popular with Black smokers

Bad Boy Anne W. Shubert, 2014-08-12 It begins on a rainy Monday morning Detective Sergeant Beverly Trotwood is on her way to work at the Cop Shop when a shiny pickup truck begins to play bumper tag with her Jeep Cherokee The driver is wearing an over the head Bill Clinton mask The explosion comes next Residents at the marina where Bev lives are startled when a bomb goes off in the galley oven of a sailboat The owners are out on the dock at the time but what happens to their sleeping cat is far from pretty Soon anonymous letters arrive in Bevs in a basket at the office Printed in black marker pen and signed with a Bad Boy sticker each is a list of names Unpleasant things happen to the people on the lists A loan shark is beaten within an inch of his life a trigger happy cop is found dead in the New River Bev investigates the Bad Boy case Her sidekick Ivory Jones helps so does Radar Thompson in forensics For aggravation they're dealt Wally Finster a big ex marine with a potbelly and a crush on Bev Bev and Ivory go on stakeout in the burbs there is a rousing rodeo and the Bad Boy is captured And Bev still hasn't decided whether or not to marry Art Ardsbarger

Exhibitors Daily Review, 1924 **The Inactivist** Chris Eaton, 2009-11-18 Set in a future where buying advertising space on children's teeth is not uncommon The Inactivist is the story of Kitchen a guy who's given up trying Nothing matters work romance the world His co-workers have even formed an Inactivist group to stop all change Only when Kitchen meets Gage does he rethink the idea that trying is for suckers

Health Advocacy, Inc. Sharon Batt, 2017-06-15 Over the past several decades a gradual reduction in state funding has pressured patient groups into forming private sector partnerships raising

an important ethical question do these alliances ultimately lead to policies that are counter to the public interest Health activist scholar and cancer survivor Sharon Batt examines the issue by investigating Canada's breast cancer movement from 1990 to 2010 Health Advocacy Inc dissects the relationship between the companies that sell pharmaceuticals and the individuals who use them drawing links between neoliberalism and corporate financing and the ensuing threat to the public health care system Combining archival analysis interviews with advocacy and industry representatives and personal observation Batt argues that the resulting power imbalance continues to challenge the groups ability to put patients interests ahead of those of the funders A movement that once encouraged democratic participation in the development of health policy now eerily echoes the demands of the pharmaceutical industry Batt's thorough account of this shift defines the stakes of activism in public health today

Private Profits versus Public Policy Joel Lexchin, 2016-01-01 In his new work Private Profits versus Public Policy Joel Lexchin addresses this question as he examines how public policy with respect to the pharmaceutical industry has evolved in Canada over the past half century

Transparency, Power, and Influence in the Pharmaceutical Industry Katherine Fierlbeck, Janice Graham, Matthew Herder, 2021-06-29 There is plenty of controversy surrounding pharmaceuticals but it cannot be denied that the pharmaceutical industry is both socially beneficial and profitable Regulators are expected to ensure that the economic success of the industry does not come at the expense of public safety yet they have also assumed a cooperative role by providing advice on regulation and by targeting unmet medical needs Concerns over regulatory standards conflicts of interest and the manipulation of information on drug safety and effectiveness have led to public mistrust and a greater need for transparency between the pharmaceutical industry and government regulators Transparency Power and Influence in the Pharmaceutical Industry evaluates the progress made in holding the pharmaceutical industry responsible for creating transparency in the industry from development to market The contributors to this volume examine the various mechanisms introduced to make the regulatory process more informative and situate these efforts within the larger project of enhancing the safety of drugs vaccines and other products

Doctors in Denial Joel Lexchin, MD, 2017-05-01 *Doctors in Denial* examines the relationship between the Canadian medical profession and the pharmaceutical industry and explains how doctors have become dependents of the drug companies instead of champions of patients health Big Pharma plays a role in every aspect of doctors work These giant wealthy multinationals influence how medical students are trained and receive information how research is done in hospitals and universities what is published in leading medical journals what drugs are approved and what patients expect when they go into their doctors offices But almost all doctors deny the influence and control the drug companies exert In this book Dr Lexchin urges the medical profession to make the changes needed to give priority to protecting and promoting patients health and benefitting society rather than enabling Big Pharma to dominate health care while raking in billions in profits from citizens and governments

Health Care Anne Crichton, 1997 Developed within the context of the expansion of the Canadian welfare

state in the years following the Great Depression the present organization of Canadian health care delivery is now in serious need of reform This book documents the causes and effects of changes made in this century to Canada s health care policy Particular emphasis is placed on the decades following 1940 the years in which Canada moved away from an individualistic entrepreneurial medical care system first toward a collectivist biomedical model and then to a social model for health care
