Justifiable Homicide Gerald Darnell, 2014-08-17 Carson's client is suspected of two murders and desperately needs his help After a night of drinking she

wakes up in a hotel room with a dead man but claims no memory of the previous night's events. However, a gun found in the hotel room was used for another murder used to kill a lawyer at the local Drive Inn Theater. Then things get worse. The murder gun belongs to his client's husband and has her fingerprints all over it. The dead lawyer was blackmailing her and witnesses saw her at both murder scenes. Interesting and dangerous characters surface and somehow events from World War Two are playing a part in the mystery. To prove his client innocent, Carson must unravel a complex blackmail scheme and explain a few murders. Follow Carson as he chases clues trying to solve this old-fashioned murder mystery. A mystery that has everyone looking the wrong way. This is an unusual case for Carson, a case of Justifiable Homicide. *Gender and the Race for Space* Erinn McComb, 2025-06-10. The American astronaut image was informed by early Cold War ideals of masculinity that helped mold a distinctly American anti-communist masculinity which appeared on the surface anyway to resolve not only an American crisis of masculinity but helped win the Cold War on an ideological and popular level. This American image focused on strict gender binaries of man as the protector controlling technology and containing communism while woman was the passive actor with spaceflight technology left behind in the home waiting for the return of the astronaut husband. Allowing women to fly into space would have represented a lack of individual control with spaceflight technology. **The Solution** C. J. Rysen, 2023-09-13. Without ever even handling a gun in your life, imagine if you are ordered to execute an innocent person or you will be tortured and killed. All that happens on stage in front of thousands. But then it gets worse. You're told if you fail to kill him, then your closest friend, your brother, will be mandated to kill both you and him. And if he fails, then all three of you will be similarly tortured and killed. Will you be willing to make him responsible for making that decision because you failed? In other words, if you fail to kill the innocent person, he will still die anyway, but then other people will also die and you will be accountable. But then it gets even worse. Much worse. Is there any possibility of escape from this dilemma? The Solution is a spellbinding tale with riveting adventure that confronts racism head-on. This third book by C. J. Rysen, author of *In the Course of Three Hours*, an apocalyptic thriller (www.inthecourseofthreehours.com) and coauthor of *Convinced*, *Decisive Answers to the 21 Most Challenging Questions*, results in a solution that is the only way to solve what has become the most repulsive challenge of all mankind. Javan and Christopher One is a well-educated, successful Christian businessman. The other grew up in the hood, is a drug addict, and atheist. But unforeseen, bizarre circumstances out of their control thrusts them together on an unexpected journey. They encounter the most stressful yet also the most rewarding experiences imaginable all while being chased by a mob intent on killing both of them. One, who has experience surviving in the wild, and the other, having never been outside the inner city, undergo adventures and exploits while on an unplanned three-day float trip together through the wilderness, encountering bears, Sasquatch, UFOs, and unexplained paranormal phenomena. The story is quite intense and culminates in an unexpected ending that will leave the reader entranced with a solution that applies to everyone on the face of our planet. Care for the Sorrowing Soul Duane Larson, Jeff Zust, 2017-10-26. Moral Injury is now

recognized as a growing major problem for military men and women Operant conditioning can overwhelm moral convictions and yet the question of whether to shoot or not to shoot often will never have a settled answer Certain theories and treatment models about MI have been well developed but too often overlook root issues of religious faith The authors propose a new model for understanding moral injury and suggest ways to mitigate its virtually inevitable occurrence in pre combat training and ways to resolve MI post trauma with proven spiritual resources People outside the military too among whom the incidence of MI also is a growing threat will benefit from this analysis The stories of the injured their shaping and their telling are the key and there are many illuminating stories of moral injury and recovery Those who suffer MI their families and caregivers including counselors pastors and faith communities will find hope giving first steps toward the healing of MI in this book

The One Elie Magloire, 2016-05-19 The thing that links us together as a human race may not be God It may just be that we were all children once We all know what it was like to make up the monsters in the closet or under the bed and realize we feel alone in a scary world We all know we were scared once and didnt know how to tell anybody So we made something up Maybe thats all I see when I see people shouting They are scared saying there are all kinds of monsters around the corner and trying to convince you its real when they really mean Im scared over here This is where it hurts And if it is just that that we were all scared children once and we seem to still be doing it for me it begs the question did we ever stop creating the monsters in the closet
