Real Women Never Pump Iron:

We'll Get 'Em in Sequins Max Davidson, 2012-03-01 A truly unique and fascinating look at the changing nature of masculinity and manliness told through the lens of a series of Yorkshire County Cricket Club player portraits through the ages George Hirst was a man of his time His apocryphal quotation We ll get em in singleseptomises his no fuss approach to all matters and his distaste for excess or ostentation His stiff upper lip was a requisite part of his Edwardian manliness Fast forward a century or so to Darren Gough s besequinned victory on Strictly Come Dancing or to Michael Vaughan s final teary press conference and the different versions of what it means to be masculine are worlds apart It is one of the oldest cliches in sports writing to say that sport mirrors life And yet in this instance the world of Yorkshire cricket has so faithfully mirrored the outside world that the cliché is unavoidable Yorkshire sobriety of counties has given us some remarkable characters over the years Len Hutton Geoffrey Boycott and Fred Trueman to name just a few Through portraits of these and other Yorkshire players and the values that they shared with their contemporaries this wonderfully original book maps the contours of a sexual revolution whose tremors are still being felt today *Real Women Never Pump Iron* Lisa Chambers, 1982 **The publishers weekly** , 1989 **The Secret Life of a Satanist** Blanche Barton, 2014-08-18 The Secret Life of a Satanist steps behind the curtain with the founder and High Priest of the Church of Satan What is contemporary Satanism and why would one start a church dedicated to the Dark One It wasn't a rebellion against an oppressive religious upbringing it was Anton Szandor LaVey s disgust with most of humanity Drawing from Jack London H L Mencken Friedrich Nietzsche Marquis de Sade George Bernard Shaw John Milton Benjamin Franklin and a host of reprobates with a large dose of alchemy and black magic LaVey formulated a philosophy that deeply resonated with him LaVey did not worship Satan he paid homage to the rebellious spirit of innovation defiance and self reliance that the archetype embodied His background as a musician circus lion trainer hypnotist and police photographer is covered here The author who later became his paramour and mother to his only son was allowed extraordinary access to documents concerning his life testimonies from people who had known him for years and most importantly anecdotes and fond memories from a man living out of his time After the original publication of this biography in 1990 LaVey and Blanche Barton fought through the Satanic Panic together and guided the Church for another seven years This revised edition adds a dozen new and never before seen images **A Window Bed** Virginia Burlingame, 2011 After a brief period of living with her daughter Margaret Mary s medical problems necessitate a move to St Anne s This is a mixed blessing for her daughter Jean who openly admits to always loving her mother but not usually liking her Her mother has her own complaints about Jean Despite their differences the two are drawn together in the mother s final year P 4 of cover **Sociological Abstracts** , 1983 **He-Motions** T. American Farming Culture and the History of Technology Joshua T. Brinkman, 2024-05-06 Presenting a history of agriculture in the American Corn Belt this book argues that modernization occurred not only for economic reasons but also because of how farmers use technology as a part of their identity and culture Histories of agriculture often fail to give agency to farmers in bringing about change and ignore how people embed technology with social meaning This book however shows how farmers use technology to express their identities in unspoken ways and provides a framework for bridging the current rural urban divide by presenting a fresh perspective on rural cultural practices Focusing on German and Jeffersonian farmers in the 18th century and Corn Belt producers in the 1920s the Cold War and the recent period of globalization this book traces how farmers formed their own versions of rural modernity Rural people use technology to contest urban modernity and debunk yokel stereotypes and women specifically employed technology to resist urban gender conceptions This book shows how this performance of rural identity through technological use impacts a variety of current policy issues and business interests surrounding contemporary agriculture from the controversy over genetically modified organisms and hog confinement facilities to the growth of wind energy and precision technologies Inspired by the author's own experience on his family's farm this book provides a novel and important approach to understanding how farmers' culture has changed over time and why machinery is such a potent part of their identity This book will be of great interest to students and scholars of agricultural history technology and policy rural studies the history of science and technology and the history of farming culture in the USA
