Living Shadows John Shirley, 2013-10-07 One of the darkest edgiest boldest writers around John Shirley lays down an adrenalized yet artful prose that fairly skids across the page dragging the reader along into shadowed corners of terror and desire Yet while it's thrilling there's psychological depth too as Shirley bores into the brains of his characters revealing the motivations of those who walk on the wild side Many writers extrapolate from peripheral observation and research but John Shirley's stories come from personal experience with extreme people and extreme mental states and his struggle with the seductions of addiction On the streets in the midst of darkest suburbia or just beyond consensus reality Shirley brings the shadows to vivid life
