## **Rebellious People Basques Protests And Politics:**

Politics, Culture, and Sociability in the Basque Nationalist Party Roland Vazquez, 2010-11-28 Until now social scientists studying Spanish politics have focused on party systems regime transition and election analysis and anthropologists studying Spain have largely neglected its political parties This book is a pathbreaking work of political anthropology and an ethnographic study of the Basque Nationalist Party PNV Author Roland Vazquez studies Basque nationalism as not merely a political phenomenon but as a cultural and social one as well He examines the forces that have shaped the Basque political panorama the nature of Basque political campaigns Basque cultural and social movements both inside and outside the explicitly partisan milieu and the role of other parties in the Basque Country The study is enhanced by extensive interviews and broad fieldwork among Basque contacts of diverse backgrounds and loyalties The result is a vivid portrait of political life in the contemporary Basque Country of the tensions between various nationalist parties and philosophies and of the way politics are influenced by Basque notions of community social connections and national identity The book also serves as a model for studies of other political and nationalist movements and the cultural and social ties and values that drive them

**Acts of Rebellion** Ward Churchill, 2003-12-16 What could be more American than Columbus Day Or the Washington Redskins For Native Americans they are bitter reminders that they live in a world where their identity is still fodder for white society The law has always been used as toilet paper by the status quo where American Indians are concerned writes Ward Churchill in *Acts of Rebellion* a collection of his most important writings from the past twenty years Vocal and incisive Churchill stands at the forefront of American Indian concerns from land issues to the American Indian Movement from government repression to the history of genocide Churchill one of the most respected writers on Native American issues lends a strong and radical voice to the American Indian cause *Acts of Rebellion* shows how the most basic civil rights laws put into place to aid all Americans failed miserably and continue to fail when put into practice for our indigenous brothers and sisters Seeking to convey what has been done to Native North America Churchill skillfully dissects Native Americans struggles for property and freedom their resistance and repression cultural issues and radical Indian ideologies **A**

**Rebellious People** Cyrus Ernesto Zirakzadeh, 1991 In this scholarly work Zirakzadeh argues that there is a calculated reasoning behind ETA's political violence that is often overlooked by researchers His book is a comprehensive account of the Basque region's grassroots politics *Out of Prison* Nicolás Buckley, 2021-04-15 In this engaging and original book Nicol

s Buckley draws on a unique body of oral history interviews with former armed activists in order to tell stories of ETA from inside Locating these stories in the rapidly changing historical landscape of Spain during the late Franco and transition periods the book challenges straightforward interpretations of the Basque independence movement as alternatively a terrorist organization or victims of Spanish nationalism Buckley combines historical analysis with reflections on his own personal experiences as a young Spanish student growing up in Madrid in the post Franco era arguing for the importance of

generation in presenting alternative accounts of ETA from the Spanish perspective and presenting an intriguing account of the role of ETA and Basque nationalism in shaping contemporary Spanish and national identity and social imaginary Weaving together history memory and self reflection this book makes a valuable contribution to the literature on ETA Basque nationalism and contemporary Spanish history Carrie Hamilton Oral Historian      **Contemporary Native American**

**Political Issues** Troy Johnson,2000-01-01 How does one make a clear distinction between issues such as tribal sovereignty indigenous rights and law and justice How do these topics differ and can they be separated from issues such as identity health and environment The answer of course lies in the interconnectedness of all aspects of Native American life culture religion and politics This format encourages the consideration of Native politics both in terms of unifying themes and contexts and with regard to local situations needs and struggles From the Introduction by Troy Johnson Troy Johnson and has assembled a volume of top scholarship from which emerges the complexity and diversity of Native American political life in the 1990 s Each topical section is introduced by the editor s own commentaries which provide background and integrated analyses of the issues at hand They are followed by informative critical case studies and essays that offer experiences and perspectives from a variety of Native American and political settings Students will gain grounded understandings of key issues as well as a variety of theoretical perspectives from which to understand contemporary American Indian political life Topics include sovereignty international indigenous rights economic development law repatriation and activism

*Nationalising and Denationalising European Border Regions, 1800-2000* Hans Knippenberg,J. Markusse,2012-12-06 During the last two centuries the political map of Europe has changed considerably More recently there are remarkably contrasting tendencies concerning the functions and densities of borders The borders inside the European Union lost their importance whereas Central and Eastern Europe saw the birth of a multitude of new state borders The long term study of border regions therefore is a fascinating subject for geographers historians social scientists and political scientists The main thesis of this book is that the rise of the modern nation state reinforced the separating function of state borders by nationalising the people on both sides of it This process gained strength in the late 19th and early 20th centuries and was challenged in the second half of this century by processes of supra national integration globalisation and the revolution in communication and transport as the case studies from different parts of Europe of this book will show Audience This book will be of interest to academics researchers and practitioners in geography history political sciences European studies and East European studies      *The Terrorism Reader* David J. Whittaker,2003 Exploring all the aspects of terrorism from its definition psychological and sociological effects legal and ethical issues to counter terrorism this reader illustrates the growth and variety of this puzzling international phenomenon It draws together material from a wide variety of experts and makes their opinions on terrorism easily accessible allowing understanding conjecture and debate It includes a series of case studies from four continents including ETA and Spain the Revolutionary Armed Forces of Colombia the Shining Path in Peru

the Liberation Tigers in Sri Lanka the IRA and UVF in Northern Ireland and the Quaddafi regime in Libya This updated edition also examines al Qaida the Taliban and the horrifying events of September 11th

**Self-Determination and Collective Responsibility in the Secessionist Struggle** Costas Laoutides,2016-03-03 The often violent emergence of new independent states following the end of the Cold War generated discussion about the normative grounds of territorial separatism A number of opposing approaches surfaced debating whether and under which circumstances there is a right for a community to secede from its host country Overwhelmingly these studies placed emphasis on the right to secession and neglected the moral stance of secessionist movements as agents in international relations In this book Costas Laoutides explores the collective moral agency involved in secessionist struggles offering a theoretical model for the collective responsibility of secessionist groups Case studies on the Kurds and the people of Moldova Transdniestria illustrate the author's theoretical arguments as he seeks to establish how although the principle of self determination was envisaged as a means of gradually bestowing political power upon the people it never managed to realize its full potential because it was interpreted strictly within a framework of exclusionary politics of identity

*Encyclopedia of the World's Minorities* Carl Skutsch,2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World's Minorities website

Nationalism, Violence and Democracy Ludger Mees,2003-06-24 Ludger Mees offers the first comprehensive study of one of Europe's most protracted ethnic conflicts He carefully analyzes both the historical roots of the conflict and its later growing violent dimension Special attention is paid to the framing of a new opportunity structure during the 1990s which facilitated the first serious but ultimately frustrated attempt to broker a settlement In the light of different theoretical and comparative approaches the reasons for the dramatic return of terrorism and the possibilities of a more successful conflict de escalation in the near future are discussed

**Fatal Future?** Richard M. Pearlstein,2009-06-03 The nature and goals of terrorist organizations have changed profoundly since the Cold War standoff among the U S Soviet and Chinese superpowers gave way to the current polyplex global system in which the old rules of international engagement have been shattered by a new struggle for power among established states non state actors and emerging nations In this confusing state of global disorder terrorist organizations that are privately funded and highly flexible have become capable of carrying out incredibly destructive attacks anywhere in the world in support of a wide array of political religious and ethnic causes This groundbreaking book examines the evolution of terrorism in the context of the new global disorder Richard M Pearlstein categorizes three generations of terrorist organizations and shows how each arose in response to the global conditions of its time Focusing extensively on today's transnational i e privately funded and internationally operating terrorist organizations he devotes thorough attention to the two most virulent types ethnoterrorism and radical Islamic terrorism He

also discusses the terrorist race for weapons of mass destruction and the types of attacks including cyberterrorism that are likely to occur in coming years Pearlstein concludes with a thought provoking assessment of the many efforts to combat transnational terrorism in the post September 11 period

### **Volatile Social Movements and the Origins of Terrorism**

Christine Sixta Rinehart, 2013 Although many scholars have studied terrorism few scholars have ever studied terrorism from the aspect of its initial origins in social movements Not only is research concerning this phenomenon outdated but there has also been no consensus as to what causes terrorism Many contemporary terrorist organizations were once social movements that formed for a specific purpose using nonviolent tactics to accomplish their agenda Eventually terrorist tactics became the method of choice for these once peaceful social movements Volatile Social Movements and the Origins of Terrorism The Radicalization of Change by Christine Sixta Rinehart focuses on why this transition occurred why did a peaceful social movement transition to a terrorist organization The case studies in this book include the Muslim Brotherhood the ETA the FARC and the LTTE The study focuses on the individual characteristics group dynamics and external forces that caused social movements to use terrorist tactics It is ascertained who made the decision to use terrorism and why and how that person or group of people ascended to a leadership position within the social movement After the person people time and place are found pertaining to the first decision to use terrorism Sixta Rinehart examines why terrorism became an attractive option for each social movement Volatile Social Movements and the Origins of Terrorism asks a necessary question for scholars and researchers in counterterrorism and international policy Under what conditions do social movements resort to the use of terrorist tactics

### **Terrorism and Democratic Stability**

Laud Humphreys, 2017-07-05 Can terrorism and state violence cause democratic breakdowns Although the origins of violence have been studied only rarely are its consequences And even when the consequences of violence are studied its effects are usually limited to consideration of preexisting conflict that originally spawned the violence In Terrorism and Democratic Stability Holmes claims that to understand the consequences of violence on democratic stability terrorism and state responses to terrorism must be studied together Her innovative approach identifies citizen support as a key factor in the state's ability to sustain democracy and achieve stability Her focus is Uruguay Peru and Spain

### **Museum Frictions**

Ivan Karp, Corinne A. Kratz, Lynn Szwaja, Tomas Ybarra-Frausto, 2006-12-07 Museum Frictions is the third volume in a bestselling series on culture society and museums The first two volumes in the series Exhibiting Cultures and Museums and Communities have become defining books for those interested in the politics of museum display and heritage sites Another classic in the making Museum Frictions is a lavishly illustrated examination of the significant and varied effects of the increasingly globalized world on contemporary museum heritage and exhibition practice The contributors scholars artists and curators present case studies drawn from Africa Australia North and South America Europe and Asia Together they offer a multifaceted analysis of the complex roles that national and community museums museums of art and history monuments heritage sites and theme parks play in creating

public cultures Whether contrasting the transformation of Africa's oldest museum the South Africa Museum with one of its newest the Lwandle Migrant Labor Museum offering an interpretation of the audio guide at the Guggenheim Bilbao reflecting on the relative paucity of art museums in Peru and Cambodia considering representations of slavery in the United States and Ghana or meditating on the ramifications of an exhibition of Australian aboriginal art at the Asia Society in New York City the contributors highlight the frictions contradictions and collaborations emerging in museums and heritage sites around the world The volume opens with an extensive introductory essay by Ivan Karp and Corinne A Kratz leading scholars in museum and heritage studies Contributors Tony Bennett David Bunn Gustavo Buntinx Cuauhtemoc Camarena Andrea Fraser Martin Hall Ivan Karp Barbara Kirshenblatt Gimblett Corinne A Kratz Christine Mullen Kreamer Joseph Masco Teresa Morales Howard Morphy Ingrid Muan Fred Myers Ciraj Rassool Vicente Razo Fath Davis Ruffins Lynn Szwaja Krista A Thompson Leslie Witz Tom's Ybarra Frausto

**World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era** James Ciment, 2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts

*The Terrorist's Dilemma* Jacob N. Shapiro, 2015-07-21 How do terrorist groups control their members Do the tools groups use to monitor their operatives and enforce discipline create security vulnerabilities that governments can exploit This title examines the great variation in how terrorist groups are structured

**Comparing Peace Processes** Alpaslan Özerdem, Roger Mac Ginty, 2019-03-18 This book offers a comparative survey of 18 contemporary peace processes conducted by leading international scholars There is no standard model of peace processes and all will vary according to the context type of conflict timing national and global economic climate and factors like natural disasters Therefore making comparisons between peace processes is difficult but it is beneficial indeed imperative and is the principal motivation behind this volume What works in one context may not work in another but it can be modified and adapted to fit another context The book is structured to maximise comparison between processes and the case studies chosen are topical and span the major regions of the world The concluding chapter systematically compares the case studies around 11 variables that cover the conflict context peace process procedures the responsiveness of the peace process to demands and levels of participation and inclusion Each peace process is then given a numeric score according to each of these variables and the book thereby reaches judgements on whether each case can be termed a success or a failure This book will be essential reading for students of peace studies conflict resolution war and conflict studies security studies and IR

**Handbook of Canadian Foreign Policy** Patrick James, Nelson Michaud, Marc O'Reilly, 2006-05-04 Handbook of Canadian Foreign Policy is the most comprehensive book of its kind offering an updated examination of Canada's

international role some 15 years after the dismantling of the Berlin Wall ushered in a new era in world politics Tackling recent developments in Canadian foreign policy the authors of this work spotlight Canadian idiosyncrasies within a global context that are defined by wrenching juxtapositions The specialists who have contributed their expertise to this book provide sophisticated analysis conceptual as well as historical rather than simply impressionistic judgments about contemporary events Highlighting both well known and understudied topics this handbook presents a marriage of the familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century     *Children's Knowledge, Beliefs and Feelings about Nations and National Groups* Martyn Barrett, 2013-04-15 Provides a state of the art account of how people s subjective sense of national identity develops through childhood and adolescence     **Social Movements in Politics** Cyrus Ernesto Zirakzadeh, 2006-08-19 In this book Zirakzadeh examines different types of social movements from the Greens in Germany to the Shining Path in Peru The book concludes with a juxtaposition of the three major theoretical approaches and historical findings and proposes a fourth theoretical approach emphasizing factional conflict and reconciliation
