## **Rebels And Their Causes Essays In Honour Of Al Morton:**

**Rebels and Their Causes** Arthur Leslie Morton, 1989      **Rebels and Their Causes** Maurice Campbell Cornforth, 1978-01-01      *English Radicalism, 1550-1850* Glenn Burgess, Matthew Festenstein, 2007-02 An exploration of the place of radical ideas and activity in English political and social history over three centuries Its core concern is whether a long term history of radicalism can be written Are the things that historians label radical linked into a single complex radical tradition or are they separate phenomena linked only by the minds and language of historians Does the historiography of radicalism uncover a repressed dimension of English history or is it a construct that serves the needs of the present more than the understanding of the past The book contains a variety of answers to these questions As well as an introduction and eleven substantive chapters it also includes two afterwords which reflect on the implications of the book as a whole for the study of radicalism The distinguished list of contributors is drawn from a variety of disciplines including history political science and literary studies      *British Marxist Criticism* Victor N. Paananen, 2021-12-12 British Marxist Criticism provides selective but extensive annotated bibliographies introductory essays and important pieces of work from each of eight British critics who sought to explain literary production according to the principles of Marxism      **E.P. Thompson** Harvey J. Kaye, Keith McClelland, 1990 A discussion of the historical theoretical and political problems that have been central to the work of Thompson as an historian socialist and peace activist A key focus is the relationship between determination and agency the central thesis of The making of the English working class in particular reference to historical theory and practice Paper edition unseen 15 95 Annotation copyrighted by Book News Inc Portland OR      *The Leveller Revolution* John Rees, 2017-11-14 The gripping story of the Levellers the radical movement at the heart of the English Revolution The Levellers formed out of the explosive tumult of the 1640s and the battlefields of the Civil War are central figures in the history of democracy In this thrilling narrative John Rees brings to life the men including John Lilburne Richard Overton and Thomas Rainsborough and women who ensured victory and became an inspiration to republicans of many nations From the raucous streets of London and the clattering printers workshops that stoked the uprising to the rank and file of the New Model Army and the furious Putney debates where the Levellers argued with Oliver Cromwell for the future of English democracy this story reasserts the revolutionary nature of the 1642 51 wars and the role of ordinary people in this pivotal moment in history In particular Rees places the Levellers at the centre of the debates of 1647 when the nation was gripped by the question of what to do with the defeated Charles I Without the Levellers and Agitators fortitude and well organised opposition history may have avoided the regicide and missed its revolutionary moment The legacy of the Levellers can be seen in the modern struggles for freedom and democracy across the world      **A Crooked Line** Geoff Eley, 2008-12-18 Eley brilliantly probes transformations in the historians craft over the past four decades I found A Crooked Line engrossing insightful and inspiring Lizabeth Cohen author of A Consumers Republic A Crooked Line brilliantly captures the most

significant shifts in the landscape of historical scholarship that have occurred in the last four decades Part personal history part insightful analysis of key methodological and theoretical historiographical tendencies since the late 1960s always thoughtful and provocative Eley s book shows us why history matters to him and why it should also matter to us Robert Moeller University of California Irvine Part genealogy part diagnosis part memoir Eley s account of the histories of social and cultural history is a tour de force Antoinette Burton Professor of History and Catherine C and Bruce A Bastian Professor of Global and Transnational Studies University of Illinois Eley s reflections on the changing landscape of academic history in the last forty years will interest and benefit all students of the discipline Both a native informant and an analyst in this account Eley combines the two roles superbly to produce one of most engaging and compelling narratives of the recent history of History Dipesh Chakrabarty author of *Provincializing Europe* Using his own intellectual biography as a narrative device Geoff Eley tracks the evolution of historical understanding in our time from social history through the so called cultural turn and back again to a broad history of society A gifted writer Eley carefully winnows unique experiences from the universal and uses the interplay of the two to draw the reader toward an organic understanding of how historical thinking particularly the work of European historians has evolved under the influence of new ideas His work situates history within History and offers students scholars and general readers alike a richly detailed readable guide to the enduring value of historical ideas Geoff Eley is Professor of History at the University of Michigan *Maurice Dobb* T. Shenk,2013-12-17 This book explores the life of the man whom even his critics acknowledged was one of the world s most significant Communist economists From his outpost at the University of Cambridge where he was a protégé of John Maynard Keynes and mentor to students Dobb made himself into one of British communism s premier intellectuals *Crowds, Culture, and Politics in Georgian Britain* Nicholas Rogers,1998 Here Professor Rogers looks at the role and character of crowds in Georgian politics and examines why the topsy turvy interventions of the Jacobite era gave way to the more disciplined parades of Hanoverian England **The Quakers in English Society, 1655-1725** Adrian Davies,2000-02-17 The early Quakers denounced the clergy and social life but how did that affect Friends relationships with others Drawing upon the insights of sociologists and anthropologists this lively and original study sets out to discover the social consequences of religious belief Why did the sect appoint its own midwives to attend Quaker women during confinement Was animosity to Quakerism so great that Friends were excluded from involvement in parish life And to what extent were the remarkably high literacy rates of Quakers attributable to the Quaker faith or wider social forces Using a wide range of primary source material this study demonstrates that Quakers were not the marginal and isolated people which contemporaries and historians often portrayed Indeed the sect had a profound impact not only upon members but more widely by encouraging a greater tolerance of diversity in early modern society *There Ain't No Black in the Union Jack* Paul Gilroy,2013-10-18 This classic book is a powerful indictment of contemporary attitudes to race By accusing British intellectuals and politicians on both sides of the political divide of refusing to take race

seriously Paul Gilroy caused immediate uproar when this book was first published in 1987 A brilliant and explosive exploration of racial discourses *There Ain't No Black in the Union Jack* provided a powerful new direction for race relations in Britain Still dynamite today and as relevant as ever this Routledge Classics edition includes a new introduction by the author

**Dissident Marxism** David Renton, 2013-07-04 We are witnessing the birth of a new politics anti capitalist libertarian and anti war But where do today's dissidents come from *Dissident Marxism* argues that their roots can be found in the life and work of an earlier generation of socialist revolutionaries including such inspiring figures as the Soviet poet Mayakovsky the Marxist philosopher Karl Korsch Communist historians Edward Thompson and Dona Torr the Egyptian surrealist Georges Henein American New Left economists Paul Baran and Paul Sweezy advocates of Third World liberation including Walter Rodney and Samir Amin Harry Braverman the author of *Labor and Monopoly Capital* and David Widgery the journalist of the May 68 revolts What these writers shared was a commitment to the values of socialism from below the idea that change must be driven by the mass movements of the oppressed In a world dominated by slump fascism and war they retained a commitment to total democracy *Dissident Marxism* describes the left in history Some readers will enjoy it as a history of revolutionary socialism in the years between Stalin's rise and the fall of the Berlin Wall Others will find here a challenging thesis that the most enduring of left wing traditions and highly relevant to the times we live in today were located in a space between the New Left and Trotskyism *Dissident Marxism* explores the lives and thinking of some of the most creative and striking members of the twentieth century left and asks if the new anti capitalist movement might provide an opportunity for just such another left wing generation to emerge

*Radical Underworld* Iain McCalman, 1988-03-03 This highly acclaimed study draws on information from spy reports and contemporary literature to look at English popular radicalism during the period between the anti Jacobin government Terror of the 1790s and the beginnings of Chartism The book traces for the first time the history of the underground revolutionary republican grouping founded by the agrarian reformer Thomas Spence Challenging conventional distinctions between high and low culture McCalman illuminates the darker more populist sides of Romanticism *Radical Underworld* broadens the conventional boundaries of popular politics and culture by exploring a political underworld connected with poverty crime prophetic religion and literary culture

*Marxism and Historical Practice (Vol. II)* Bryan D. Palmer, 2015-09-01 The two volumes of *Marxism and Historical Practice* bring together a wide range of essays written by one of the major Marxist historians of the last fifty years Collected in Volume II Interventions and Appreciations are articles and reviews capturing the breadth of Palmer's interests as a radical historian Cultural forms and representational productions are analysed political readings of historiography and pioneering historical practice provided Themes as diverse as the analytic and political contributions of Eric Hobsbawm and E P Thompson the conflicted legacies of American Trotskyism and the representation of class politics in Scorsese's *Gangs of New York* are covered

*English Revenge Drama* Linda Woodbridge, 2010-09-16 Vengeance permeates English Renaissance drama for example it crops up in

all but two of Shakespeare's plays This book explores why a supposedly forgiving Christian culture should have relished such bloodthirsty vengeful plays A clue lies in the plays passion for fairness a preoccupation suggesting widespread resentment of systemic unfairness legal economic political and social Revengers precise equivalents the father of two beheaded sons obliges his enemy to eat her two sons heads are vigilante versions of Elizabethan law where penalties suit the crimes thieves hands were cut off scolds tongues bridled The revengers language of paying hints at the operation of revenge in the service of economic redress Revenge makes contact with resistance theory justifying overthrow of tyrants and some revengers challenge the fundamental inequity of social class Woodbridge demonstrates how for all their sensationalism their macabre comedy and outlandish gore Renaissance revenge plays do some serious cultural work

**Robin Hood: People's Outlaw and Forest Hero** Paul Buhle, 2011-12-01 Where and what was Robin Hood Why is an outlaw from fourteenth century England still a hero today with films festivals and songs dedicated to his living memory This book explores the mysteries the historical evidence and the trajectory that led to centuries of village festivals around Mayday and the green space of nature unconquered by the forces in power Great revolutionaries including William Morris adopted Robin as hero children's books offered many versions and Robin entered modern popular culture with cheap novels silent films and comics There in the world of popular culture Robin Hood continues to hold unique and secure place The bad good hero of pulp urban fiction of the 1840s 50s and more important the Western outlaw who thwarts the bankers in pulps films and comics is essentially Robin Hood So are Zorro the Cisco Kid and countless Robin Hood knockoff characters in various media Robin Hood has a special resonance for leftwing influences on American popular culture in Hollywood film and television During the 1930s 50s future blacklist victims devised radical plots of people's outlaws including anti fascist guerilla fighters climaxing in The Adventures of Robin Hood network television 1955 58 written under cover by victims of the Blacklist seen by more viewers than any other version of Robin Hood Robin Hood People's Outlaw and Forest Hero also features 30 pages of collages and comic art recuperating the artistic interpretations of Robin from seven centuries and offering new comic art as a comic within a book With text by Paul Buhle comics and assorted drawings by Christopher Hutchinson Gary Dumm and Sharon Rudahl Robin Hood People's Outlaw and Forest Hero adds another dimension to the history and meaning of rebellion

**Warfare State** David Edgerton, 2005-12-08 A challenge to the central theme of the existing histories of twentieth century Britain that the British state was a welfare state this book argues that it was also a warfare state which supported a powerful armaments industry This insight implies major revisions to our understanding of twentieth century British history from appeasement to wartime industrial and economic policy and the place of science and technology in government David Edgerton also shows how British intellectuals came to think of the state in terms of welfare and decline and includes a devastating analysis of C P Snow's two cultures This groundbreaking book offers a new post welfarist and post declinist account of Britain and an original analysis of the relations of science technology industry and the military It will be essential reading for those working

on the history and historiography of twentieth century Britain the historical sociology of war and the history of science and technology     *Life and Times of Cultural Studies* Richard E. Lee, 2004-01-07 A comprehensive social history of the cultural studies movement with a strong political focus     Dictionary of Labour Biography Joyce M. Bellamy, David E. Martin, John Saville, 1993-01-15 Includes radicals of the Chartist and earlier periods trade unionists and other radicals after 1850 The book is especially concerned with 20th century activists and intellectuals notably those whose formative years or main political life was spent during the period between the two World Wars     **Workers and Canadian History** Gregory S. Kealey, 1995 This collection of twelve essays by Gregory Kealey will be of great interest to students and scholars of Canadian history labour history Marxist and socialist theory and history and political science

This is likewise one of the factors by obtaining the soft documents of this **Rebels And Their Causes Essays In Honour Of Al Morton** by online. You might not require more epoch to spend to go to the ebook introduction as competently as search for them.
