Rebirth In Washington The Christian Impact In The Nations Capital:

Rebirth in Washington Wallace Henley,1977-01-01 The End of Empathy John W. Compton,2020-07-01 When polling data showed that an overwhelming 81% of white evangelicals had voted for Donald Trump in the 2016 presidential election commentators across the political spectrum were left aghast Even for a community that had been tracking further and further right for decades this support seemed decidedly out of step How after all could an amoral twice divorced businessman from New York garner such devoted admiration from the most vociferous of values voters That this same group had not a century earlier rallied national support for such progressive causes as a federal minimum wage child labor laws and civil rights made the Trump shift even harder to square In *The End of Empathy* John W Compton presents a nuanced portrait of the changing values of evangelical voters over the course of the last century To explain the rise of white Protestant social concern in the latter part of the nineteenth century and its sudden demise at the end of the twentieth Compton argues that religious conviction by itself is rarely sufficient to motivate empathetic political behavior When believers do act empathetically championing reforms that transfer resources or political influence to less privileged groups within society for example it is typically because strong religious institutions have compelled them to do so Citizens throughout the previous century had sought membership in churches as a means of ensuring upward mobility but a deterioration of mainline Protestant authority that started in the 1960s led large groups of white suburbanites to shift away from the mainline Protestant churches There to pick up the slack were larger evangelical congregations with conservative leaders who discouraged attempts by the government to promote a more equitable distribution of wealth and political authority That shift Compton argues explains the larger revolution in white Protestantism that brought us to this political moment *Worthy of the Nation* United States. National Capital Planning Commission,Frederick Gutheim,Antoinette J. Lee,2006-11-19 Illustrated with plans maps and new and historic photographs the second edition of *Worthy of the Nation* provides researchers and general readers with an appealing and authoritative view of the planning and evolution of the federal district **Subject Catalog, 1979** Library of Congress,1979 **Library of Congress Catalogs** Library of Congress,1980 **The Nation's Capital Brewmaster** Mark Elliott Benbow,2017-10-23 Christian Heurich 1842 1945 was not only Washington D C s most successful brewer he was the world s oldest with 90 years experience He walked across central Europe learning his craft survived a shipboard cholera epidemic recovered from malaria and worked as a roustabout on a Caribbean banana boat all by age 30 Heurich lived most of his life in Washington becoming its largest private landowner and opening the city s largest brewery He won a beer war against his rivals and his beers won medals at World s Fairs He was trapped in Europe while on vacation at the start of both World Wars once sleeping through an air raid and was accused of being a German spy plotting to assassinate Woodrow Wilson A notably odd episode when they began to tear down his old brewery to build the Kennedy Center the wrecking ball bounced off the walls Drawing on family papers and photos the author chronicles Heurich s life and

Presidents Stephen Graubard,2009-05-07 In this magisterial examination of the Presidency over the course of the 20th Century the author explores the history of the world s greatest elective office and the role each incumbent has played in changing the scope of its powers Using individual presidential portraits of each of the presidents of the past century Graubard asks and answers a wide variety of crucial questions about each President What intellectual social and political assets did they bring to the White House and how quickly did they deplete or mortgage that capital How well did they cope with crises foreign and domestic How much attention did they pay to their election pledges after they were elected How did they use the media old and new Above all how did they conduct themselves in office and what legacy did they leave to their successors Graubard provides original analysis in each case and reaches many surprising conclusions **The**

Kathryn Teresa Long,1998-07-02 This book provides a fresh in depth examination of the Revival of 1857 58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857 58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen s revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women s history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis Congressional Record United States.
