admirably as a heavy passenger car and light truck engine. It also became quite accomplished in performance circles winning the 24 Hours of Le Mans as well as powering Ford's muscle car and drag racing programs in the mid to late 1960s. In this book you will learn everything you need to know to rebuild one of these legendary engines. CarTech's unique Workbench series format takes you step by step through the entire rebuilding process. Covered are engine identification and selection, disassembly, cleaning, parts analysis and assessment, machine shop processes, replacement parts selection, re-assembly and start up break in techniques. Along the way you find helpful tips on performance upgrades, trouble spots to look for, special tools required and professional builder's tips. FE master owner of Survival Motorsports and veteran author Barry Rabortnick shares all of his tricks and secrets on building a durable and reliable FE engine. Whether you are simply rebuilding an old truck for reliable service use, restoring a 100 point show car or building the foundation for a high performance street and strip machine, this book will be an irreplaceable resource for all your future FE engine projects.
