Medrano,Susan Kellog,2011-05-18 Negotiation within Domination examines the formation of colonial governance in New  
Spain through interactions between indigenous peoples and representatives of the Spanish Crown The book highlights the  
complexity of native negotiation and mediation with colonial rule across time culture and place and how it shaped colonial  
political and legal structures from the sixteenth to the eighteenth centuries Although indigenous communities reacted to  
Spanish presence with significant acts of resistance and rebellion they also turned to negotiation to deal with conflicts and  
ameliorate the consequences of colonial rule This affected not only the development of legal systems in New Spain and  
Mexico but also the survival and continuation of traditional cultures Bringing together work by Mexican and North American  
historians this collection is a crucially important and rare contribution to the field Negotiation within Domination is a  
valuable resource for native peoples as they seek to redefine and revitalize their identities and assert their rights relating to
