Reception Of Vatican Ii Liturgical Reforms In The Life Of The Church:

The Reception of Vatican II Liturgical Reforms in the Life of the Church Pierre-Marie Gy, 2003 **An Introduction to Vatican II as an Ongoing Theological Event** Matthew Levering, 2017

Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series *Sacra Doctrina* Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God's self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for *Dei Verbum* persons and propositions Louis Bouyer CO for *Sacrosanctum Concilium* active participation Yves Congar OP for *Lumen Gentium* true and false reform and Henri de Lubac SJ for *Gaudium et Spes* nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book's final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council's fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously

Vatican II Shaun Blanchard, Stephen Bullivant, 2023-02-21

Very Short Introductions Brilliant Sharp Inspiring The Second Vatican Council 1962-1965 or Vatican II is arguably the most significant event in the life of the Catholic Church since the Reformation The Council initiated intentionally or not profound changes not simply within Catholic theology but in the religious social and moral lives of the world's billion Catholics It also reconfigured intellectually and practically the Church's engagements with those outside of it most obviously with regard to other religions The sixteen documents formally issued by Vatican II constitute some of the most influential writings of the whole twentieth century Debates over their correct interpretation and authority are constant but they remain an indispensable point of reference for all areas of Catholic life from liturgy and sacraments to the Church's vast network of charitable and educational endeavours the world over In this Very Short Introduction Shaun Blanchard and Stephen Bullivant present the backstory to this event Vatican II is explored in light of the wider history of the Catholic Church and placed in the tumultuous context of the 1960s It distils the research on Vatican II employing the first hand accounts of participants and observers and the official proceedings of the Council to paint a rich picture of one of the most important events of the last century

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in

The Reception of the Second Vatican Council's Liturgical Reforms in Nigeria (Nsukka Diocese) Uchenna Aba, 2016 Fifty years after the promulgation of the Constitution on the Sacred Liturgy a great moment has dawned in which a more dispassionate assessment of the reception of this important document has become imperative in order to enable the Church to undertake necessary steps in realizing the full potential of the renewal envisaged by the Council Fathers The present study identifies peculiar and diverse challenges confronting the process of reception in

the Nsukka Diocese Nigerian Church today However the author acknowledges that the full reception of Sacrosanctum Concilium is still a work in progress Uchenna Aba is a Catholic priest in Nsukka Nigeria and currently the Chaplain of St Martin s Parish Goch Diocese of Muenster Germany Dissertation Subject Religious Studies African Studies **A Concise History of the Catholic Church (Revised Edition)** Thomas Bokenkotter,2007-12-18 Expanded and updated for the new millennium Covering the life of Christ the election of Pope Benedict XVI and everything in between A Concise History of the Catholic Church has been one of the bestselling religious histories of the past two decades and a mainstay for scholars students and others looking for a definitive accessible history of Catholicism With a clarity that will appeal to any reader Thomas Bokenkotter divides his study into five parts that correspond to the major historical and epochal developments in Catholicism His authoritative thorough approach takes readers from the Church s triumph over paganism through the sound and fury of renewal to a new section devoted to such topics as dissent and current developments in the ecumenical movement Informative illustrations throughout the book new to this edition enrich the reader s experience and the addition of a wide ranging bibliography increases its value as a sourcebook Liturgical Reform after Vatican II Nicholas E. Denysenko,2015-12-01 Sacrosanctum Concilium SC was the first document promulgated by the Second Vatican Council The impact of this document was broad and ecumenical the liturgical reforms approved by the Council reverberated throughout Christendom impacting the order and experience of worship in Reformed and Orthodox Churches Unrecognized in most studies the Orthodox Churches were also active participants in the liturgical movement that gained momentum through the Catholic and Protestant Churches in the twentieth century This study examines Orthodox liturgical reform after Vatican II through the lens of Catholic Orthodox ecumenical dialogue After establishing the retrieval of the priesthood of the laity and active liturgical participation as the rationales for liturgical reform the study presents the history of liturgical reform through four models the liturgical reforms of Alexander Schmemmann the alternative liturgical center in the Russian Orthodox Church Outside of Russia ROCOR the symposia on liturgical rebirth authorized by the Church of Greece and the renewed liturgy of New Skete Monastery Following a discussion of the main features of liturgical reform catechesis ars celebrandi and the role of the clergy Denysenko concludes with suggestions for implementing liturgical reform in the challenges of postmodernity and in fidelity to the contributions of Catholic Orthodox ecumenical dialogue **Yves Congar** Gabriel Flynn,2005 No theologian of the twentieth century is more deserving of a commemorative volume than Yves Congar The present symposium commends itself by the high quality of the multinational group of scholars contributing to it Quatri me de couverture

Vatican II Massimo Faggioli,2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism

The Collects of the Roman Missals Lauren Pristas,2013-08-01 This study

examines the collects assigned to the Sundays and major feasts of the proper seasons in the ordinary and extraordinary forms of the Roman rite The Latin collects assigned to each day in the typical editions of the respective missals are compared and contrasted both with their respective sources and with one another Pertinent discussions and decisions of the Consilium study groups responsible for the post Vatican II revisions of the liturgical calendar and Mass collects are also presented and considered The goal of the study is to determine whether the two sets of collects present the same picture of the human situation approach God in the same way seek the same things from him and where they do not to identify significant changes in theological and or spiritual emphases *A Council for the Global Church* Massimo Faggioli, 2015-05-01 The Second Vatican Council ended in December 1965 but Vatican II is still happening in the global church Catholicism has always had a universal claim but the globalization of Catholicism as a truly world church became part of Catholic theology only thanks to that gathering decided by St John XXIII of bishops theologians lay observers ecumenical representatives and journalists Vatican II is the most important event in church history after the Reformation and the Counter Reformation and it is the key to understanding Catholicism and its inner tensions today **Wingless Chickens, Bayou Catholics, and Pilgrim**

Wayfarers L. Lamar Nisly, 2011 Flannery O Connor Tim Gautreaux and Walker Percy are all Catholic writers from the South and seem to embody very fully both parts of that label Yet as quickly becomes clear in their writing their fiction employs markedly different tones and modes of addressing their audience O Connor seems intent on shocking her reader whom she anticipates will be hostile to her deepest beliefs Gautreaux gently and humorously engages his reader inviting his expected sympathetic audience to embrace the characters needed moral growth Percy satirically lampoons an array of social ills and failings in the Church as he tries to get his audience laughing with him while he makes his deadly serious point about the flaws he finds in the church and larger culture Why do these three writers assume such divergent images of their audience Why do texts by three writers who each embrace their Southern locale and their Catholic beliefs seem to have so little in common To answer these questions Nisly helps readers understand these authors fiction by examining the role that place and time had in shaping each author s idea of an audience and by extension his or her manner of addressing that audience More specifically Nisly focuses on each author s experience of Catholic community and each author s placement in relation to the Second Vatican Council Linking together biographical information and a reading of their fiction Nisly argues that O Connor s Gautreaux s and Percy s sense of audience has been shaped in significant ways by each author s own local experience of Catholicism in his or her home region as well as the larger global changes of Vatican II that transformed Roman Catholicism

Ever Directed Towards the Lord Uwe Michael Lang, 2007-04-01 The celebration of the liturgy of the Holy Eucharist is one of the central issues in the Roman Catholic Church today To mark the Year of the Eucharist the Society of St Catherine of Siena held a conference on the Eucharistic liturgy at Oxford in 2005 This book contains the energetic and fruitful reflection of the scholars present at the conference The contributions are academically demanding yet accessible to a wider audience

The collection does not seek a solution to the current problems rather it promotes an open discussion about the theological philosophical and historical issues surrounding the celebration of the liturgy and its future as well as paying attention to the increasing interest in the pre conciliar rites

Asian Christianities Phan, Peter C.,2018-08-23 *The Sacraments* Joseph Martos,2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org)

True Reform Massimo Faggioli,2012-09-01 For Massimo Faggioli the debate about the meaning of Vatican II too often misses the profound significance of that council s first and perhaps most consequential document Sacrosanctum Concilium The result is a misunderstanding of both the council as a whole and the liturgical reform that followed from it In True Reform Faggioli takes Sacrosanctum Concilium as a hermeneutical key to the council He offers a thorough reflection on the relationship between the liturgical constitution and the whole achievement of Vatican II and argues that the interconnections between the two must emerge if we want to understand the impact of the council on global Catholicism
