Recess Countdown Marilyn Burns, 2002 **They Only See the Outside** Kalli Dakos, 2021-03-23 This collection of insightful and endearing poems explores what kids experience on the inside that cannot be seen from the outside From topics that readers experience every day like the agony of waiting for recess to the monotony of homework to things that aren't easy to talk about like death and bullying the poems are incredibly relatable This empathetic collection by renowned children's poet Kalli Dakos is a unique reflection of what makes up some of the collective experiences of life **Little Panic** Amanda Stern, 2025-05-01 In the vein of bestselling memoirs about mental illness like Andrew Solomon's Nocturnal Demon Sarah Hepola's Blackout and Daniel Smith's Monkey Mind comes a gorgeously immersive immediately relatable and brilliantly funny memoir about living life on the razor's edge of panic The world never made any sense to Amanda Stern how could she trust time to keep flowing the sun to rise gravity to hold her feet to the ground or even her own body to work the way it was supposed to Deep down she knows that there's something horribly wrong with her some defect that her siblings and friends don't have to cope with Growing up in the 1970s and 80s in New York Amanda experiences the magic and madness of life through the filter of unrelenting panic Plagued with fear that her friends and family will be taken from her if she's not watching that her mother will die or forget she has children and just move away Amanda treats every parting as her last Shuttled between a barefoot bohemian life with her mother in Greenwich Village and a sanitized stricter world of affluence uptown with her father Amanda has little she can depend on And when Etan Patz disappears down the block from their MacDougal Street home she can't help but believe that all her worst fears are about to come true Tenderly delivered and expertly structured Amanda Stern's memoir is a document of the transformation of New York City and a deep personal and comedic account of the trials and errors of seeing life through a very unusual lens **The Great American Awakening** Jim DeMint, 2011-05-31 Following his New York Times best seller Saving Freedom U S Senator Jim DeMint's The Great American Awakening chronicles two tumultuous years from the presidential election of 2008 through the mid term elections of 2010 Untold insider views of the controversial stimulus bill passage corporate takeovers and lesser known executive actions that epitomize political paybacks and moral decay will further motivate DeMint's fellow citizens to reclaim their government and country in 2012 Just as fascinating the South Carolina official talks openly about his seized upon high profile moments from that Waterloo comment regarding health care reform to becoming known as Senator Tea Party He also addresses close to home disappointments such as the infidelity of Christian friends like Governor Mark Sanford and Senator John Ensign and shares personal spiritual insights that came from being part of such public battles But more than anything The Great American Awakening champions the American people who now feel a powerful stirring in their souls to take on Washington and realign politics in this nation DeMint tracks grass roots developments and new movements like the Freedom Congress fully expecting a fundamental sea change for the better to happen soon Acclaim for The Great American Awakening I have

Senator DeMint on my show often because Americans know he'll tell the truth about what's wrong in Washington. His latest book is a riveting account about the fight for fiscal sanity in Congress. It's essential reading for anyone who wants to understand why so many Americans clued in and got involved with the Tea Party Movement in the last election. Senator DeMint was a huge part of this and I only hope he is as involved in the 2012 race for the White House as he was this past election.
