Long Passage to Korea Bernard C. Nalty, 2003 **Long Passage to Korea** Bernard C. Nalty, 2003-09-30 This monograph in the Naval Historical Center's series commemorating the Korean War not only covers the contribution of African American Sailors in that conflict but traces the story of racial integration in the U S Navy since the American Revolution. Author Bernard Nalty is a renowned authority on racial integration of the armed services. Chapters: Introduction, The Early Republic, Filling the Ranks From Slavery to Jim Crow, World War II Experience, Into the Cold War, Robert A. Smalls, The March on Washington, African Americans in the U S Coast Guard, President Truman's Executive Order 981, Black Sports Heroes of the Korean War. *Explosivity* Javier Arbona-Homar, 2025-04-01 How explosions across history reveal the violence embedded in San Francisco's landscape. Offering a novel approach to contemporary landscape studies, *Explosivity* unearths the hidden legacies of violence that have shaped the physical and cultural environment of the San Francisco Bay area. As he sifts through the historical debris of previous centuries, Javier Arbona Homar analyzes a series of explosions that took place between 1866 and 2011 to call attention to the scattered remnants of militarism and racialized capitalism embedded in the region's geography. From incidents involving nineteenth-century explosives manufacturing and World War II munitions loading to radical activism and contemporary television productions, Arbona Homar locates a pattern of historical violence that refocuses the broader racial and colonial context. Citing the material social and political conditions that gave rise to these disparate episodes, he reviews the historic erasure of those driving forces and puts forth alternative possibilities for how such disasters might be memorialized. Synthesizing a diverse set of field research methods including oral histories and site visits and supplemented by specially commissioned landscape photographs by Andrea Gaffney, *Explosivity* presents a radical exercise in the exposition of public memory. [Doris Miller, Pearl Harbor, and the Birth of the Civil Rights Movement](#) Thomas W. Cutrer, T. Michael Parrish, 2018-03-05 On the morning of December 7, 1941, after serving breakfast and turning his attention to laundry services aboard the USS West Virginia, Ship's Cook Third Class Doris Dorie Miller heard the alarm calling sailors to battle stations. The first of several torpedoes dropped from Japanese aircraft had struck the American battleship. Miller hastily made his way to a central point and was soon called to the bridge by Lt. Com. Doir C. Johnson to assist the mortally wounded ship's captain Mervyn Bennion. Miller then joined two others in loading and firing an unmanned anti-aircraft machine gun, a weapon that, as an African American in a segregated military, Miller had not been trained to operate. But he did fire the weapon on attacking Japanese aircraft until the .50-caliber gun ran out of ammunition. For these actions, Miller was later awarded the Navy Cross, the third highest naval award for combat gallantry. Historians Thomas W. Cutrer and T. Michael Parrish have not only painstakingly reconstructed Miller's inspiring actions on December 7, they also offer for the first time a full biography of Miller placed in the larger context of African American service in the United States military and

the beginnings of the civil rights movement Like so many sailors and soldiers in World War II Doris Miller's life was cut short Just two years after the attack on Pearl Harbor Miller was aboard the USS Liscome Bay when it was sunk by a Japanese submarine But the name and symbolic image of Dorie Miller lived on As Cutrer and Parrish conclude Dorie Miller's actions at Pearl Harbor and the legend that they engendered were directly responsible for helping to roll back the navy's then to fore unrelenting policy of racial segregation and prejudice and in the chain of events helped to launch the civil rights movement of the 1960s that brought an end to the worst of America's racial intolerance *The Korean War* Keith D.

whole this book documents how the Navy's domination of the seas around Korea enabled Allied forces to project combat power ashore the length and breadth of the Korean peninsula. It also shows how the powerful presence of U.S. and Allied naval forces discouraged China and the Soviet Union from launching other military adventures in the Far East, thus keeping the first limited war of the Cold War era confined to Korea. But far from being an aberration unlikely to be replicated, the Korean War proved to be only the first in a long line of twentieth century and early twenty first century conflicts involving U.S. naval forces confronting Communist and nontraditional adversaries and a full understanding of the Korean War experience as provided in this book helps define the role of sea power in today's world. *Parameters*, 2004 **Understanding War**

Our Team Luke Epplin, 2021-03-30 The riveting story of four men: Larry Doby, Bill Veeck, Bob Feller, and Satchel Paige whose improbable union on the Cleveland Indians in the late 1940s would shape the immediate postwar era of Major League Baseball and beyond. In July 1947, not even three months after Jackie Robinson debuted on the Brooklyn Dodgers snapping the color line that had segregated Major League Baseball, Larry Doby would follow in his footsteps on the Cleveland Indians. Though Doby, as the second Black player in the majors, would struggle during his first summer in Cleveland, his subsequent turnaround in 1948 from benchwarmer to superstar sparked one of the wildest and most meaningful seasons in baseball history. In intimate, absorbing detail, Luke Epplin's *Our Team* traces the story of the integration of the Cleveland Indians and their quest for a World Series title through four key participants: Bill Veeck, an eccentric and visionary owner adept at exploding fireworks on and off the field; Larry Doby, a soft-spoken hard-hitting pioneer whose major league breakthrough shattered stereotypes that so much of white America held about Black ballplayers; Bob Feller, a pitching prodigy from the Iowa cornfields who set the template for the athlete as businessman; and Satchel Paige, a legendary pitcher from the Negro Leagues whose belated entry into the majors whipped baseball fans across the country into a frenzy. Together as the backbone of a team that epitomized the postwar American spirit in all its hopes and contradictions, these four men would captivate the nation by storming to the World Series all the while rewriting the rules of what was possible in sports.
