Look Out By Water:

Look Out by Water Helena Ramsay, 2003 Look Out by Water is a no nonsense book with a strong safety message for young children about how they should avoid potentially dangerous situations near water The narrative throughout is in simple straightforward language which is undramatic and reassuring whilst stressing the dangers that seemingly familiar situations can hold for children A mixture of running narrative and speech bubbles has been specially developed in association with the National Centre for Language and Literacy Reading Reading Centre to draw in both confident and less able readers Specially commissioned photographs are combined with child centred artwork to support the text and re iterate the safety message Water Resources Development by the U.S. Army Corps of Engineers in Oregon United States.
