Earth, Air, Fire and Custard Tom Holt, 2012-09-04 A novel set in the magical offices of The Portable Door, now a majorly fantastical film starring Christoph Waltz, Sam Neill, and Miranda Otto. Tom Holt may be the most imaginative satirist to land on our shores since Douglas Adams. Christopher Moore, New York Times bestselling author, J. W. Wells seemed to be a respectable establishment, but the company now paying Paul Carpenter's salary is in fact a deeply sinister organization with a mighty peculiar management team. Paul thought he was getting the hang of it, particularly when he fell head over heels for his strangely alluring colleague Sophie, but death is never far away when you work at J. W. Wells. Our love-struck hero is about to discover that Custard is definitely in the eye of the beholder. And that it really stings. The J. W. Wells Co. Series: The Portable Door, In Your Dreams, Earth, Air, Fire, and Custard. You don't have to be evil to work here, but it helps. The Better Mousetrap May Contain Traces of Magic. Look Homeward, Angel & Of Time and the River Thomas Wolfe, 2023-12-15 Thomas Wolfe's seminal works *Look Homeward, Angel* and *Of Time and the River* offer a profound exploration of the human experience framed within the complexities of familial bonds and the quest for identity. Utilizing a stream of consciousness narrative style, Wolfe crafts an evocative tapestry of his semi-autobiographical characters, particularly the introspective Eugene Gant, whose journey reflects the universal struggle between aspiration and the pull of home. Set against the backdrop of early 20th-century America, these novels delve into themes of nostalgia, memory, and the passage of time, all conveyed through Wolfe's lush, lyrical prose that often teeters on the edge of the poetic. Thomas Wolfe, an American novelist born in 1900 in Asheville, North Carolina, was greatly influenced by his own tumultuous upbringing in a family of stone masons and his experiences of both small-town life and the vastness of the American landscape. His formative years, marked by the dichotomy of ambition and the warmth of home, propelled him to articulate the intricacies of his personal narrative. Wolfe's encounters with literary giants such as

Sherwood Anderson and F Scott Fitzgerald further shaped his distinctive voice and experimental approach to storytelling Readers are encouraged to engage with Wolfe s works as they grapple with not only the nuances of Gant s experience but also the larger questions of belonging and self discovery This profound duality encapsulates a poignant reflection on life itself making both novels essential reading for those interested in the emotional depths of American literature *Earth Lab*

Proteus can't bear the loss and he sets off in pursuit of answers. Thus starts a surreal philosophically maddening quest for meaning. Chasing the elusive Mosquito leads Proteus to in-between worlds where things do not quite hold together and where the living and the dead must learn to live in and out of the boundaries of time. Playful but unapologetically challenging, *New People of the Flat Earth* is a breathtakingly original novel that defies categorisation or summary.
