Speedy Gonzales Piet Zeeman, 1997 *Ballonstrips* *Vitaphone Films* Roy Liebman, 2015-05-20 The headline of the *Variety* extra on October 27 1926 proclaimed *Vitaphone* 1 Thrills L A *Vitaphone* a subsidiary of Warner Bros formed in association with Western Electric was one of the major producers of talkies even though its sound on disc technology barely lasted four years The *Vitaphone* features and shorts that have survived intact or that have been so carefully restored preserve much of the show business history that might otherwise have been lost with the industry's fast paced advances in movie making This book is a catalogue of *Vitaphone* features and shorts The first section lists the features and shorts by release number The New York productions 1926 1940 are listed first followed by the West Coast productions 1927 1970 For shorts the following particulars if known and if applicable are given title alternate

 John's Blue Moves** Matthew Restall,2020-05-14 By 1976 Elton John was the best selling recording artist and the highest
 grossing touring act in the world With seven 1 albums in a row and a reputation as a riveting piano pounding performer the
 former Reggie Dwight had gone with dazzling speed from the London suburbs to the pinnacles of rock stardom his songs
 never leaving the charts his sold out shows packed with adoring fans Then he released Blue Moves and it all came crashing
 down Was the commercially disappointing and poorly reviewed double album to blame Can one album shoot down a star No
 argues Matthew Restall Blue Moves is a four sided masterpiece as fantastic as Captain Fantastic as colorful as Goodbye
 Yellow Brick Road a showcase for the three elements piano playing troubadour full orchestra rock band with which Elton
 John and his collaborators redirected the evolution of popular music Instead both album and career were derailed by a
 perfect storm of circumstances Elton s decisions to stop touring and start his own label the turbulent shiftings of popular
 culture in the punk era the minefield of attitudes toward celebrity and sexuality The closer we get to Blue Moves the better
 we understand the world into which it was born and vice versa Might that be true of all albums **Greasers and Gringos**
 Steven Bender,2003-09 A lawyer criticizes media portrayals of latino as because it leads to unfair judgements in the court
 system This is an important look at stereotyping in American culture **A Companion to V.** J. Kerry Grant,2011-03-15 To
 the uninitiated Thomas Pynchon s V seems to defy comprehension with its open ended and fragmented narrative huge cast of
 characters some 150 of them and wide range of often obscure references J Kerry Grant s Companion to V takes us through
 the novel chapter by chapter breaking through its daunting surface by summarizing events and clarifying Pynchon s many
 allusions The Companion draws extensively from existing critical and explicative work on V to suggest the range of
 interpretations that the novel can support The hundreds of notes that comprise the Companion are keyed to the three most
 widely cited editions of V Most notes are interpretive but some also provide historical and cultural contexts or help to
 resurrect other nuances of meaning Because it does not constitute a particular reading of or take on the novel the
 Companion will appeal to a wide range of users Rather than attempting to make final sense of the novel the Companion
 exposes and demystifies Pynchon s intent to play with our conventional attitudes about fiction **Icons of Latino America**
 Roger Bruns,2008-08-30 Latinos have contributed a tremendous amount to American cultural heritage injecting energy a
 unique style and piquant flavor This set profiles the big names from this century and the last who represent the highest
 achievement in their field and who have inspired led educated informed and entertained us A diverse representation from the
 world of sports entertainment education music journalism literature and labor is offered Biographical essays engagingly tell

the story behind the icon with background including family and education career trajectory and highlights and contributions and circumstances that have led to icon status Along with these famous figures several essays on other types of Latino pop culture icons iconic characters from cartoons and comics and film and even iconic Latino foods are included Entertaining side bars and classic photos complement the essays Perfect for student reports and browsing with more in depth coverage than an encyclopedia entry but less than a full biography there is something fascinating and informative here for everyone Readers will find that that a number of the icons profiled were influenced by other icons profiled or have an important connection to one another For example Tito Puente and Celia Cruz performed together for many years Actress Jennifer Lopez portrayed the singer Selena in a biopic Cesar Chavez and Dolores Huerta made the United Farm Workers union a reality Furthermore in telling the story of these icons each essay relates so much of the historical and social issues of the times Thus together these essays offer a good sense of recent Latino and Latin American history and progress Icons include Desi Arnaz Ruben Blades Fabiola Cabeza de Baca Cesar Chavez Chiles Tortillas and the Mexican Food Explosion Sandra Cisneros Roberto Clemente Celia Cruz Placido Domingo Jaime Escalante Gordo Speedy Gonzales Dora the Explorer Bongo and La Cucaracha Dolores Huerta Jennifer Lopez Rita Moreno Edward James Olmos Tito Puente Ruben Salazar Carlos Santana Cristina Saralegui Selena Lee Trevino Luis Valdez Ritchie Valens and Zorro

Reel Latinxs Frederick Luis Aldama,Christopher González,2019-09-24 Latinx representation in the popular imagination has infuriated and befuddled the Latinx community for decades These misrepresentations and stereotypes soon became as American as apple pie But these cardboard cutouts and examples of lazy storytelling could never embody the rich traditions and histories of Latinx peoples Not seeing real Latinxs on TV and film reels as kids inspired the authors to dive deep into the world of mainstream television and film to uncover examples of representation good and bad The result a riveting ride through televisual and celluloid reels that make up mainstream culture As pop culture experts Frederick Luis Aldama and Christopher Gonz lez show the way Latinx peoples have appeared and are still represented in mainstream TV

and film narratives is as frustrating as it is illuminating Stereotypes such as drug lords petty criminals buffoons and sexed up lovers have filled both small and silver screens and the minds of the public Aldama and Gonz lez blaze new paths through Latinx cultural phenomena that disrupt stereotypes breathing complexity into real Latinx subjectivities and experiences In this grand sleuthing sweep of Latinx representation in mainstream TV and film that continues to shape the imagination of U S society these two Latinx pop culture authorities call us all to scholarly action

Locating the Voice in Film Tom Whittaker,Sarah Wright,2016-11-25 Where is the place of the voice in film Where others have focused on Hollywood film this volume aims to extend the field to other cinemas from around the world encompassing Latin America Asia and Africa amongst others Traditional theoretical accounts based on classical narrative cinema examine the importance of the voice in terms of a desired perfect match between visuals and sonic effects But as the chapters of this volume illustrate what is normative in one film industry may not apply in another The widespread practices of dubbing postsynch sound and playback singing in some countries for instance provide an alternative means of understanding the location of the voice in the soundtrack Through seventeen original chapters this volume situates the voice in film across a range of diverse national transnational and cultural contexts presenting readings which challenge traditional readings of the voice in film in exciting new ways By taking a comparative view this volume posits that the voice may be best understood as a mobile object one whose trajectory follows a broader network of global flows The various chapters explore the cultural transformations the voice undergoes as it moves from one industry to another In doing so the volume addresses sound practices which have been long been neglected such as dubbing and non synch sound as well the ways in which sound technologies have shaped nationally specific styles of vocal performance In addressing the place of the voice in film the book intends to nuance existing theoretical writing on the voice while applying these critical insights in a global context
