Man Ray Parisla Smart Art Press Series V 2 No 17:

Man Ray: luces, cámara, revolución Puyol Loscertales, Ana, 2019-11-08 Bajo una visión sin pítica Man Ray fue un creador pluridisciplinar que cultivó técnicas de expresión teórica gráfica plástica fotográfica o cinematográfica. Desarrolló una teoría de la imagen transgresora siendo portador de una revolución estética cuya estela permanece. La confluencia de su cultura familiar judía europeos llegados a un país sumido en un intenso proceso industrial su formación artística e ideológica anarquista en el Ferrer Center neoyorquino prolongada en la colonia artística de Ridgefield y en el círculo de Stieglitz constituyeron el germen conceptual de este pionero en la configuración del Dadá ofreciendo claves esenciales para la lectura de su producción integral.

Alias Man Ray Mason Klein, Man Ray, George Thomas Baker, Lauren Schell Dickens, Merry A. Foresta, 2009 New York Dadaist Parisien surrealist international portraitist fashion photographer this work considers how the career of Man Ray was shaped by his turn of the century Jewish immigrant experience his lifelong evasion of his past

Permanent Curios Don Ed Hardy, 1997 Don Ed Hardy's weirdly beautiful pictorial narratives are drawn from a rich heritage of graphic traditions. Illustrated in this catalogue are a stunning array of paintings, drawings and watercolors that mine sources as diverse as classical Japanese tattooing, eccentric Chinese and Tibetan pictorial traditions and the paintings of Renaissance Siena. Tapping into and twisting the iconography and themes distilled from his twenty-year career as one of the founding fathers of modern tattooing, Hardy's paintings revel in the enigmatic allegories that surround the essential life experiences so often commemorated in tattoos: sex, love, death. Above all, it is his love of drawing everywhere evident in this topsy-turvy mixing of old and new in subject and technique from traditional religious iconography and modern cartoon characters to Japanese ukiyo-e painting and classic tattoo motifs from World War I that gives Hardy's paintings their raw power, sense of humor and alluring beauty.

Decade of Protest Susan Martin, 1996 This catalogue documents a watershed social and political moment: the Viet Nam War from the point of view of three distinct cultures. Exuberant do-it-yourself images from students, draft resisters, vets and other opponents of the war in America are juxtaposed with images produced in North Viet Nam which display a riveting artistry at the service of nationalism and productivity as well as with Cuban posters which express solidarity with the Vietnamese struggle against U.S. imperialism using an array of modernist styles.
