Prologue ,2012 London's Hidden Rivers David Fathers,2024-10-24 A fantastic guide to exploring the hidden rivers of London London has many rivers but they are often hidden under centuries of development Rivers like the Walbrook the Fleet or the Effra have left their mark on the city and still form an important part of our subterranean world From the former watering hole by the Earl's Sluice where Canterbury pilgrims rested David Bowie rehearsed and Henry Cooper trained to the Gardens by the Westbourne where a young Mozart performed From Counter's Creek and its burial grounds of Kensal Green and Brompton to the River Effra and the West Norwood cemetery From the pipe carrying the River Tyburn over Baker Street Underground station to the grate in Farringdon through which the River Fleet can be heard and seen David Fathers shows the course of London's hidden rivers in a series of detailed guided walks illustrating the traces they have left and showing the ways they have shaped the city Each walk starts at the tube or rail station nearest to the source of the river and then follows it down to the Thames through parkland suburbia historic neighbourhoods and the vestiges of our industrial past London's Hidden Rivers contains over 120km of walks both north and south of the Thames Winding through the hills valleys and marshes that underlie the city every page is a revelation Midnight Ghosts Thirteen O'Clock Press,2016-03-29 Ghosts walk at night when they can be seen against the darkness ghosts haunt houses deserted crossroads silenced cars ghosts can be anywhere any place around midnight Ghost stories are always a challenge and the Thirteen authors met that challenge

superbly in this varied and fascinating collection of ghost stories Enjoy in the daylight **The Winning Tradition** Bert Nelli, Steve Nelli, 2014-07-15 In its 95 year history the Kentucky Wildcats have won more games than any other college basketball team Their winning percentage is the highest in the country They share the record for the most 20 win seasons They are second in all time number one rankings And despite no longer holding the record for winningest coach Adolph Rupp will always be a giant in the pantheon of college basketball When The Winning Tradition first appeared in 1984 it was the first complete history of the Wildcat basketball program Bert Nelli pointed out that contrary to the accepted mythology Adolph Rupp arrived at a program already strong and storied Nor did Rupp bring an entirely new style of play to the Bluegrass Instead he adopted and perfected that of his predecessor John Mauer What Rupp did bring was an ability to charm the news media and a fierce determination to turn out winning teams making him the undisputed Baron of Basketball This new and expanded edition of The Winning Tradition brings the history of Kentucky basketball up to date Nelli and his son Steve turn the same unflinching gaze that characterized the honesty of the first edition on the scandals that marred Eddie Sutton's tenure the return to glory under Rick Pitino and a full accounting of Tubby Smith's history making first year The start of basketball season is welcomed in the Bluegrass with an unmatched enthusiasm and intensity Each year brings a new team new stars and new glory Other books have documented individual seasons individual players or individual coaches But The Winning Tradition remains the only complete and authoritative history of the most celebrated college basketball program in the world A book no fan can afford to be without The Winning Tradition brings alive the agonies frustrations and glories of each season of Kentucky basketball from the first team fielded by women to the surprising victory in the 1998 NCAA tournament **Soviet Military Review**, 1970 *Tsushima 1905* Mark Lardas, 2018-11-29 Japan was closed to the world until 1854 and its technology then was literally medieval Great Britain France and Russia divided the globe in the nineteenth century but Japan was catching up Its army and navy were retrained by Western powers and equipped with the latest weapons and ships Japan wanted to further emulate its European mentors and establish a protectorate over Korea yet Japanese efforts were blocked by Imperial Russia who had their own designs on the peninsula The Russo Japanese War started with a surprise Japanese naval attack against an anchored enemy fleet still believing itself at peace It ended with the Battle of Tsushima the most decisive surface naval battle of the 20th century This gripping study describes this pivotal battle and shows how the Japanese victory over Russia led to the development of the dreadnought battleship and gave rise to an almost mythical belief in Japanese naval invincibility *Bradstreet's*, 1893 **Daily Graphic** M.
