Man Is Not A Number:

Psychological Commentaries on the Teaching of Gurdjieff and Ouspensky Maurice Nicoll, 1996-08-01 When Maurice Nicholl was studying in Zurich he met Jung and Ouspensky He went on to study with Gurdjieff and from 1931 to his death in 1953 he began at Ouspensky's request a programme of work devoted to passing on the ideas he had received Reissued in hard cover these five unedited commentaries are taken from the weekly lectures and talks Nicoll gave to his students in England and which were recorded verbatim the sixth volume is an index produced by the Gurdjieff society Washington DC These differ from Nicholl's more polished works they are more concerned with directly applying certain deep ideas to daily life Brother Swaggart, Here Is My Question About Bible Prophecy Jimmy Swaggart, 2020-03-17 The Word of God alone gives us the account of the most astounding happenings for the future that Planet Earth will ever see They are soon to come to pass They are The Rapture of the Church The Rise of the Antichrist The Great Tribulation The Battle of Armageddon The Second Coming of the Lord The 1 000 Year Kingdom Age The Perfect Age to come which will last forever This book we believe will help you to understand these great events to come as possibly you've not experienced previously The material therein is a must for every Believer **The Organon** Aristotle, 1853 **PEOPLE OF THE STATE OF MICHIGAN V MICHAEL R. risen through a mode of quantitative self objectification As the author argues an epistemological rift has separated the Maoist years from the present age of the People s Republic which appears on the global stage as a mirage This study is an ethnographic investigation of concepts of the conceptual forces that have produced and been produced by two forms of knowledge life and governance As the author shows the world of China contrary to the common view is not the Chinese world it is a symptomatic moment of our world at the present time
