Marius Barbeau's Vitalist Ethnology Frances M. Slaney, 2023-03-28 This book examines Marius Barbeau's career at Canada's National Museum now the Canadian Museum of History in light of his education at Oxford and in Paris 1907 1911 Based on archival research in England France and Canada Marius Barbeau's Vitalist Ethnology presents Barbeau's anthropological training at Oxford through his meticulous course notes as well as archival photographs at the Pitt Rivers Museum and the Bibliothèque et Archives nationales du Québec It also draws upon Barbeau's professional correspondence at Library and Archives Canada the BC Archives and above all the National Museum where he worked for over four decades The author Frances M Slaney sheds light on the professional life of this founder of Canadian anthropology exploring his difficult working relationships with Edward Sapir his collaborations with Franz Boas and his outstanding fieldwork in rural Quebec and with Indigenous communities on British Columbia's Northwest Coast Barbeau penned over 1 000 books and articles in addition to curating innovative museum exhibitions and art shows He invited Group of Seven artists into his field sites convinced that their works could better capture the vitality of Quebec's rural culture than his own abundant photographs For these and many other contributions the Historic Sites and Monuments Board of Canada recognized him as a person of national historic importance in 1985 **Around and about Marius Barbeau** Gordon E Smith, Lynda

Jessup, Andrew Nurse, 2007-01-01 Marius Barbeau 1883 1969 played a vital role in shaping Canadian culture in the twentieth century Rooted in the premise that his cultural work in anthropology fine arts music film folklore studies fiction historiography cannot be read unidimensionally the sixteen articles that comprise this book demonstrate that by merging disciplinary perspectives about Barbeau evaluations and understandings of the situation around Barbeau can be deepened Published in English *The Trajectories of Rural Life* University of Regina. Canadian Plains Research Center, Saskatchewan Institute of Public Policy, 2003 Rural communities have been profoundly affected by recent political economic demographic and cultural change In Canada the impacts of these changes are all about us in the absolute population declines in Saskatchewan and Newfoundland in the crises of the east and west coast fisheries in the farm crisis in serious ecological problems and in the reorientation of rural social services There is a tendency to view these problems in stark terms as part of a qualitatively new era in Canadian history triggered perhaps by the forces of globalization or urbanization or the rise of the service sector economy In important ways however the problems of rural Canada are not particularly new Rural migration pollution wildlife conservation and other matters have been long standing persistent concerns of rural Canadians This book

attempts to both resist the seemingly persistent urge to romanticize and prognosticate about rural Canada and the people who live geographically outside the urban environment and suggest different ways of looking at rural life In this sense its goal is to build upon an increasingly strong base of research and writing on rural Canada to suggest different perspectives on the countryside the small town the environment and the landscape *At the Bridge* Wendy Wickwire,2019-06-10 At the Bridge chronicles the little known story of James Teit a prolific ethnographer who from 1884 to 1922 worked with and advocated for the Indigenous peoples of British Columbia and the northwestern United States From his base at Spences Bridge BC Teit forged a participant based anthropology that was far ahead of its time Whereas his contemporaries including famed anthropologist Franz Boas studied Indigenous peoples as members of dying cultures Teit worked with them as members of living cultures resisting colonial influence over their lives and lands Whether recording stories mapping place names or participating in the chiefs fight for fair treatment he made their objectives his own With his allies he produced copious meticulous records an army of anthropologists could not have achieved a fraction of what he achieved in his short life Wickwire s beautifully crafted narrative accords Teit the status he deserves consolidating his place as a leading and innovative anthropologist in his own right **Historicizing Canadian Anthropology** Julia Harrison,Regna

Darnell,2011-11-01 Historicizing Canadian Anthropology is the first significant examination of the historical development of anthropological study in this country It addresses key issues in the evolution of the discipline the shaping influence of Aboriginal anthropological encounters the challenge of compiling a history for the Canadian context and the place of international and institutional relations The contributors to this collection reflect on the definition and scope of the discipline and explore the degree to which a uniquely Canadian tradition affects anthropological theory practice and reflexivity Historicizing Canadian Anthropology is a watershed that will revitalize critical reflexivity within the field With contributions from a broad cross section of anthropologists from senior scholars to doctoral students this book is essential reading for practising Canadian anthropologists their students and others who seek to understand the historical contours of the field

History of the Book in Canada: 1840-1918 History of the Book in Canada Project,2004-01-01 This second of three volumes in theHistory of the Book in Canada demonstrates the same research and editorial standards established with Volume One by book history specialists from across the nation Newfoundland Rhapsody Glenn David Colton,2014-03-01 Frederick Rennie Emerson 1895 1972 was a dynamic presence in the cultural and intellectual life of Newfoundland and Labrador for much of the twentieth century A musician lawyer educator and folklore enthusiast Emerson was a central figure in the preservation and mediation of Newfoundland culture in the tumultuous decades prior to and following Confederation with Canada in 1949 Glenn Colton shows how Emerson fostered greater awareness and understanding of Newfoundland s cultural heritage in local national and international contexts His collaboration with song collector Maud Karpeles in the late 1920s preserved some of the most cherished folk songs in the English language and a decade later his lectures at Memorial

University College emphasized folk traditions and classical repertoire to inspire cultural discovery for an entire generation As Newfoundland's representative on the first Canada Council and vice president of the Canadian Folk Music Society he played a crucial role in shaping Canadian cultural policy during the transformative years of the mid twentieth century Colton also reveals the meaningful creative works Emerson composed in response to the same cultural heritage he documented and preserved his one act drama Proud Kate Sullivan 1940 is a pioneering depiction of Newfoundland life and the folk inspired Newfoundland Rhapsody 1964 is one of few examples of symphonic music composed by a Newfoundlander of his generation Newfoundland Rhapsody explores Newfoundland society Canada's emerging arts scene and the international folk music community to offer a new lens through which to view the cultural history of twentieth century Newfoundland and Canada

The Heavens Are Changing Susan Neylan, 2003 A study of Protestant missionization among the Tsimshianic speaking peoples of the North Pacific Coast of British Columbia during the latter half of the nineteenth century *To Know Our Many*

Selves Dirk Hoerder, 2010 *To Know Our Many Selves* profiles the history of Canadian studies which began as early as the 1840s with the Study of Canada. Indiscussing this comprehensive examination of culture, Hoerder highlights its unique interdisciplinary approach which included both sociological and political angles. Years later as the study of other ethnicities was added to the cultural story of Canada a solid foundation was formed for the nation's master narrative. Against this background *To Know Our Many Selves* focuses on why Canadian studies can be used as a sound model for the study of other societies in a framework of transcultural societal studies. **The University of Toronto** Martin L. Friedland, 2013-01-01

Anyone who attended the University or who is interested in the growth of Canada's intellectual heritage will enjoy this compelling and magisterial history. **The Strange Demise of British Canada** C. P. Champion, 2010 Did Canada come of age in the 1960s or does it remain a British country? *Histories of Anthropology Annual* Regna Darnell, Frederic Gleach, 2007-01-01 Annual series exploring perspectives on the history of anthropology. *Coming of Age* Deborah Beatriz Blum, 2017-07-11 The startling coming of age story of famed anthropologist Margaret Mead whose radical ideas challenged the social and sexual norms of her time. The story begins in 1923 when twenty-two year old Margaret Mead is living in New York City engaged to her childhood sweetheart and on the verge of graduating from college. Seemingly a conventional young lady she marries but shocks friends when she decides to keep her maiden name. After starting graduate school at Columbia University she does the unthinkable she first enters into a forbidden relationship with a female colleague then gets caught up in an all-consuming and secret affair with a brilliant older man. As her sexual awakening continues she discovers it is possible to be in love with more than one person at the same time. While Margaret's personal explorations are just beginning her interest in distant cultures propels her into the new field of anthropology. Ignoring the constraints put on women she travels alone to a tiny speck of land in the South Pacific called Samoa to study the sexual behavior of adolescent girls. Returning home on an ocean liner nine months later a chance encounter changes the course of her life forever. Now drawing on letters, diaries and memoirs Deborah Beatriz Blum reconstructs these five transformative years of Margaret Mead's life before she became famous revealing the story that she hid from the world during her lifetime and beyond. *The North American Folk Music Revival: Nation and Identity in the United States and Canada, 1945-1980* Gillian Mitchell, 2016-02-17 This work represents the first comparative study of the folk revival movement in Anglophone Canada and the United States and combines this with discussion of the way folk music intersected with and was structured by conceptions of national affinity and national identity. Based on original archival research carried out principally in Toronto, Washington and Ottawa it is a thematic rather than general study of the movement which has been influenced by various academic disciplines including history, musicology and folklore. Dr Gillian Mitchell begins with an introduction that provides vital context for the subject by tracing the development of the idea of the folk, folklore and folk music since the nineteenth century and how that idea has been applied in the North American context before going on to examine links forged by folksong collectors, artists and

musicians between folk music and national identity during the early twentieth century. With the boom of the revival in the early sixties came the ways in which the movement in both countries proudly promoted a vision of nation that was inclusive, pluralistic and eclectic. It was a vision which proved compatible with both Canada and America, enabling both countries to explore a diversity of music without exclusiveness or narrowness of focus. It was also closely linked to the idealism of the grassroots political movements of the early 1960s, such as integrationist civil rights and the early student movement. After 1965, this inclusive vision of nation in folk music began to wane. While the celebrations of the Centennial in Canada led to a re-emphasis on the Canadianness of Canadian folk music, the turbulent events in the United States led many ex-revivalists to turn away from politics and embrace new identities as introspective singer-songwriters. Many of those who remained interested in traditional folk music styles such as Celtic or Klezmer music tended to be very insular and conservative in their approach rather than linking their chosen genre to a wider world of folk music. However, more recent attempts at fusion or world music suggest a return to the eclectic spirit of the 1960s folk revival. Thus, from 1945 to 1980, folk music in Canada and America experienced an evolving and complex relationship with the concepts of nation and national identity. Students will find the book useful as an introduction not only to key themes in the folk revival but also to concepts in the study of national identity and to topics in American and Canadian cultural history. Academic specialists will encounter an alternative perspective from the more general broad approach offered by earlier histories of the folk revival movement.
