Man The Image Of God

G. C. Berkouwer

Man The Image Of God:

Man Gerrit Cornelis Berkouwer, 1962 This is a print on demand book and is therefore non returnable This study in theological anthropology considers man as the image of God the meaning of the image immortality and human freedom dealing always with living actual man and his inescapable relation to God *The Image of God in Man* David Cairns, 1973

Man, The Image of God Christoph Schoenborn, 2011-08-22 God created man in his own image and the profound implications of this assertion are the subject of this book Drawing on philosophy theology science Scripture and art Cardinal Sch nborn reflects on man as the greatest of God s creatures and on the Christian understanding of his incomparable dignity that flows from this truth According to the Christian faith all the works of God converge toward man and find their goal in him The world was made for man and man was made for God This anthropocentrism resounds like good news at a time when many find it hard to believe in God s special and personal providence for man It is good news indeed that man has worth and his life has meaning because God bears an infinite love for him a love which is the very origin of creation and is the reason for the work of redemption Among the topics Cardinal Schonborn addresses are Christ the Loveliest of Men The Exaltation of Man The Basis of Man s Dignity Faith in Art God with a Human Face Man is created by God and for God he has an incomparable dignity because God in creating him has for him an infinite love the very origin of creation and the reason for the work of redemption Cardinal Christoph Schonborn **The Image of God in Man According to Cyril of Alexandria**

Walter J. Burghardt, 2008-01-20 **The Image of God in Man** David J. A. Clines, 1968 **The Image of God and the Perfect Man** Charles L. Hill, 2008-05 My book The Image of God and the Perfect Man does not consist of only one perfect man or woman but it comprises a society of people A city of people who is set on a hill and cannot be hidden A nation a state a city whose builder and maker is God Where holiness unto the Lord is The Image of God and the Perfect Man is also relating to a free society Where there is no dictatorship of sin mastering or controlling your life A nation of people who believes that all things are possible through Jesus Christ who strengthens them A society of people who believes in overcoming sin while yet living in this present world After you have received the power of the holy ghost in your life If you can recall John the baptist is the one who said behold the lamb of God which taketh away the sin of the world Now if Christ have taken away the sin of the world than why are we still continuing therein He has taken away the very nature of sin because he intended for us to live in a world that is free from sin So that you and I can be happy It is sin that causes us to be unhappy dissatisfied with ourselves and with others It does not matter how much money we have or how many Grammys you have won Without Jesus Christ in your life you will never reach the full potential of true happiness The image of God and the perfect man is a nation of people within a nation The nation of Jesus Christ where you shall know the truth and the truth shall make you free

Imago Dei: Man/Woman Created in the Image of God George Hobson, 2019-09-30 The question What is human nature is in vogue today Like everything else this concept is being deconstructed in the context of the reigning ideology of

individualistic materialism Is there a fixed human nature or is this simply a manipulatable social construct with no objective reference This book says Yes there is the imago Dei man woman created in the image of God Hobson argues that this text from Genesis 1 26 28 is a God given anthropological revelation that establishes the relational bond of human beings with their Creator and also with his creation for which the imago equips us to be responsible stewards Many of Hobson s essays were delivered as talks in parishes They explore from multiple angles the import of the imago Dei for theological and sacramental reflection apologetics aesthetics art and at a hands on practical level for pastoral counseling and inner healing His texts one of which opens with a discussion of genocide contain incisive critiques of the dark side of modernity alongside wide ranging demonstrations of the pertinence of the imago Dei to the current debates about human dignity and rights His book is a ringing call to the church to take the measure of the value of this anthropological revelation for its proclamation of the gospel

Man in God's World Helmut Thielicke,2016-11-24 Helmut Thielicke s lectures first spoken in defiance of the Nazi regime are recorded here He covers a wide range of topics including ethics politics the state war atomic power economics sex and art Revolutionary in their time they offeran example of how Christian faith can provide a strong ground to stand on when living in the constant danger of death Delivered during World War II when one after another of Thielicke s meeting places were bombed the lectures were aimed at people who were not conventional churchgoers and were not accustomed to the language and premises of the church They were people who had to be met on their own ground and then introduced to the Christian faith Thielicke had a unique gift for finding the point of contact and addressing the Gospel to this point Relevant even to this day his words remind us what it means to be a Christian

The Mode of Man's Immortality: Or, the When, where and how of the Future Life Thomas A. Goodwin,1874 **Graduated lessons on the Old Testament. Ed. by L.J.M. Bebb** Ulric Zuinglius Rule,1902 **The Gentleman's Magazine** ,1841 *The Scriptural Idea of Man* Mark Hopkins,1883 Images of the Spirit Meredith G. Kline,1999-01-05 The underlying concept developed here is the paradigmatic function of the theophanic Glory cloud in the creation of the image of God Dr Kline identifies the major symbolic models employed in Scripture to expound the nature of the divine image in humanity the priestly and the prophetic

The Image of God in the Antiochene Tradition Frederick G. McLeod,1999 This work presents the Antiochene understandings of how humans are the image of God The author begins with an analysis of the Antiochenes s literal and historical method of interpreting scripture and then traces how they applied their hermeneutical principles to the passages regarding image

The Word of Truth Dale Moody,1981-01-16 Bringing together the insights of several disciplines biblical theology modern science biblical criticism textual source form redaction historical theology and the history of doctrine

Moody develops a systematic theology that is biblically grounded and ecumenically oriented Thoroughly indexed **God and Intelligence in Modern Philosophy** Fulton John Sheen, 1925 **Rejected of Men** Howard Pyle, 1903 THIS is the story of the scribes pharisees priests and Levites and of certain Romans It is intended as a phase of that divine history already told to the world but now told from another stand point and translated from the ancient Hebrew habits of life into modern American so that the reader may more readily understand the circumstances that directed our actions If it has been told aright he may see why it was that we crucified the Truth We scribes and pharisees have been vilified and abused for nineteen hundred years because we acted as the circumstances of our lives compelled us The fact seems to be overlooked that we were not born publicans and sinners but upright and virtuous citizens and that it was out of the question for us to desert our own class and to ally ourselves with those whose only recommendation appeared to lie in the fact that they were poor and lowly or else that they were social outcasts and sinners We could hardly be held to have been more worthy of respect if we had violated our traditions of order and of virtue to accept an entirely new code of ethics supported by such advocates which code if carried out meant the overthrow of all that we held most sacred and worthy of preservation
