Halfway House Liam Martin, 2021-10-19 Halfway House draws on three and a half years of intensive ethnographic fieldwork to open a window on the little known web of organizations governing prisoner reentry at the frontier of mass incarceration. It tells the story of Joe Badillo along with a small cast of connected characters by following the ups and downs of his unfolding experience as he leaves jail and searches for a place in the world outside while confronting overwhelming obstacles. Joe's first stop after release is Bridge House and the author moves into the program as a researcher around the same time he arrives the beginnings of the long term collaboration at the heart of the book. This deeply personal account is weaved into a larger analysis of the halfway house as an institution, a site of punishment and carceral control as well as housing and social support. With a national push underway for decarceration and alternatives to imprisonment, it provides an opportunity to rethink the pitfalls and possibilities of using the halfway house to challenge the worst excesses of mass incarceration.

**Beach Time** Charles Mitchell, 2005-02 Beach Time is a powerful collection of stories weaving a tapestry of the shore as a place of reflection, a sanctuary for addressing life's challenges and opportunities and as a point of departure for life's many journeys. Whether finding romance among the canals and lanes of magical Venice, facing life, death, and ghosts along the Carolina coasts, honeymooning in the south of Portugal, or solving mysteries in the Greek isles, the stories will hold your interest across the miles and years. Additional tales speak to youth's desire to find direction in life, whether in the beach towns of Florida, at a Buddhist shrine on Cheju Island, Korea, or along the North Shore of Oahu. Darker tales reveal how outcasts prey upon the young or confused in the chaos of the beach. Beach Time by the author of *Hues of Tokyo* can be read straight through, engaging the themes linking the stories, or each story can be cherished individually as you travel to multiple shores in the US, Asia, and Europe to be entertained by whimsical tales that both amuse and provoke deep thought about life's relationship with that in-between space where the land meets the sea and the sky.

Eighteen months ago he'd thought his in-name-only wife had walked out. Now instinct warned him Josy hadn't left by choice. Adam vowed to bring her home this time, safe in his arms.
