

Management Culture And Effectiveness Of Local Executives In Japanese Owned Us Corporations

Sikander Khan,Hideki Yoshihara

Management Culture And Effectiveness Of Local Executives In Japanese Owned US Corporations:

Management Culture and the Effectiveness of Local Executives in Japanese-owned U.S. Corporations Vladimir Pucik, 1989

International Human Resource Management in Japanese Firms T. Keeley, 2001-09-25 This book examines possibly the greatest challenge facing Japanese multinationals as they continue to expand their foreign direct investment how to integrate local managers into the management process of overseas subsidiaries as well as in that of the parent companies themselves In the majority of Japanese subsidiaries management control has remained in the hands of Japanese managers at extremely high cost but now Japanese firms are being forced to consider integrating local nationals into the management process of their companies a process which may yield significant competitive advantage **Japanese Multinationals (RLE**

International Business) Nigel Campbell, Fred Burton, 2013-01-04 International in perspective this volume provides insights into the important problem of how to transfer Japanese practice to Western countries It also examines key aspects of Japanese multinationals and discusses how they are developing their global strategies and how they are managing their local workforces Topics covered include relations with suppliers governments and competitors leadership patterns and business philosophy The impact of Japanese multinationals on the local economies of host countries is a particular focus The dynamics of strategic alliances technology transfers and research and development centres are also discussed **Japanese**

Management R. Haak, M. Pudelko, 2005-11-01 Japanese management is currently considered to be in crisis This book analyzes the degree to which the Japanese management model is changing in order to regain its competitiveness It brings together up to date research on this important topic by a number of the best known American Asian and European scholars of Japanese management A broad variety of management areas such as strategy corporate governance globalization organization finance HRM production innovation organizational learning and retailing is covered Japanese Multinationals

Abroad Schon L. Beechler, Allan Bird, 1999-04-29 A defining feature of Japan's emergence as a global economic superpower has been Japanese firms establishment of thousands of affiliate operations in North America Europe and Asia Despite the tremendous importance of this development there have been surprisingly few articles published on the management of Japanese operations abroad and even fewer attempts to collect and make sense of this scholarship Schon Beechler and Allan Bird remedy this situation with *Japanese Multinationals Abroad* Individual and Organizational Learning a unique collection of essays from an international and interdisciplinary group of scholars The book opens with an introduction by the editors followed by a chapter analyzing the evolution of research on multinational enterprises in general and on Japanese multinational corporations in particular The remainder of the book is divided into three sections In the first section the contributors address the impact of Japanese management practices on individuals and groups analyzing the interactions between Japanese expatriates and local employees that lead to negotiated third cultures The second section shifts to the business unit level examining the ways in which Japanese firms attempt to transfer or substantially modify home country

management philosophies policies and practices to fit the local affiliate The final section focused on the corporate level deals with the impact of subsidiary management activities on the organization as a whole The contributors address various aspects of organizational learning related to the transfer of managerial knowledge from subsidiary to parent or from one overseas affiliate to another Japanese Multinationals Abroad Individual and Organizational Learning addresses a set of issues that are critical for both international business researchers and practicing managers It not only provides an integrated picture of how Japanese employees and organizations learn to adapt and prosper it presents an clear lessons for all multinational corporations regardless of their national origins

Working for the Japanese Jonathon Morris,Max Munday,Barry Wilkinson,2013-12-17 Wales has one of the highest concentrations of Japanese manufacturing investment in Europe It provides a case study for examining the economic and social impact of this investment which is often perceived as being very different from existing foreign investment The book evaluates this case study looking at the attraction of Japanese capital to Wales its impact on the Welsh economy upon employment management practice industrial relations the community and upon the Japanese themselves First published in 1993 this title is part of the Bloomsbury Academic Collections series

Cultural Diversity in Organizations Taylor Cox,1994-03-01 Cultural Diversity in Organizations provides the most comprehensive base of knowledge yet assembled on the topic of cultural diversity It captures the enormous complexity of the topic by examining diversity on three levels of analysis individual group and organizational and addressing diversity from multiple perspectives theory research and practice Winner of the 1994 George R Terry Book Award given by the National Academy of Management to the book judged to have made the most outstanding contribution to the advancement of management knowle

On the Record Re Japan ,1993 *Journal of Japanese Trade & Industry* ,1991 **Transforming Organizations** Thomas A. Kochan,Michael Useem,1992-02-06 This book examines how organizations can and should transform their practices to compete in a world economy Research results from a multi disciplinary team of MIT researchers along with the experiences and insights of a select group of industry practitioners are integrated into a model that stresses the need for systemic and transformative rather than piecemeal or incremental changes in organization practices and public policy This integration of research and experience results in an argument for a new organizational learning model one capable of gaining advantage from employee diversity cooperation across organizational boundaries strategic restructuring and advanced technology The book begins with a foreword by Lester C Thurow

The Global Challenge Vladimir Pucik,Paul Evans,Ingmar Bjorkman,Shad Morris,2024-05-03 Formerly published by Chicago Business Press now published by Sage Since strategy organizational capabilities and people management are increasingly intertwined in multinational firms The Global Challenge takes a general management perspective on the issues associated with international human resources Each chapter in this book is a stand alone guide to a particular aspect of international human resource management HRM from the history and overview of international human resource management in the first chapter to the functional implications for

human resource professionals in the last from building multinational coordination to managing the human side of cross border acquisitions The authors build on the traditional agenda of international human resource management how to respond to cultural and institutional differences manage cross border mobility and develop global leaders This new edition contains the latest advances from research and practice **On the Record** Pamela Fields,1997 Organization 21C Subir Chowdhury,2003 Organization 21C Someday All Organizations Will Lead This Way brings together 19 all new essays by the world s leading management thinkers covering every key driver of organizational success leadership process people and organizational design You ll find breakthrough ideas and practical solutions for virtually every tactical and strategic challenge you face Key topics include James Champy s X engineering Total Rewards Management the New Boardroom the changing nature of power and influence building workable hierarchies and sustainable organizations and new best practices for leading change **Japanese Direct Investment in the United States** Anant R. Negandhi,Manuel G. Serapio,1992

Strategy and Performance of Foreign Companies in Japan Sikander Khan,Hideki Yoshihara,1994 Despite the competitive nature of the Japanese market a large number of foreign companies are successful in terms of profits innovation and reverse technology In fact some are so successful that their profit levels in Japan exceed those elsewhere It is an unfounded myth that the Japanese market is unprofitable for foreign companies Foreign companies succeed in part by utilizing Japanese CEOs a high degree of autonomy and individual creative resources they fail because of a lack of understanding of the intensity of competition and demanding customers in the Japanese market A comprehensive empirical study of a large number of foreign companies doing business in Japan show that the majority of these firms classify themselves as successful Only six percent were failures The companies that are successful display an ability to use their own resources to create new technologies and new products and then transfer them back to the parent company Findings from the study suggest that there are a number of inadequacies in the existing theories of MNEs and FDI's Practical conclusions are offered to foreign companies who plan to invest in Japan as well as to foreign and Japanese policymakers who seek to boost FDI in Japan

Market Entry in Japan René Haak,Ulrike Haak,2008-11-03 An essential guide to the current state of Market Entry in Japan that illustrates the challenges opportunities and routes to successfully doing business in Japan It offers a short but scientifically well founded overview of the ways into the Japanese market that promise success **A Longitudinal Study of Staffing Patterns in U.S. Affiliates of Japanese Multinational Corporation[s]** Schon Beechler,1994 **Managing a Global Workforce: Challenges and Opportunities in International Human Resource Management** Charles M Vance,Yongsun Paik,2014-12-18 Revised and updated to incorporate new research insights and findings Managing a Global Workforce provides balanced and contemporary coverage of human resource management in the international marketplace Directed at future general managers and international executives rather than HR specialists it is designed to help readers recognize the critical human resource issues underlying the cultural and economic challenges they face The book s approach

is truly global in nature not just focused on expatriates from the home office The authors also recognize contemporary trends in the global business arena including the growing use of contingent workers strategic alliances and the need to have an active influence on the workers in these new organizational relationships Reader friendly tools including an opening case scenario in each chapter to attract interest and emphasize topic importance enhance the book's practical real world emphasis For this edition new end of chapter short cases as well as new topics ideas and illustrations featuring current issues and challenges such as the global economic challenge have been added and updated Internet resource references are provided for each chapter

Dividend, 1988 **Directory of Japan Specialists and Japanese Studies Institutions in the United States and Canada: Japan specialists**, 1995 This directory is part of an ongoing project through which The Japan Foundation gathers information about Japan specialists and Japanese studies institutions in various countries The U S part of the series is handled separately and has been managed and edited since the late 1980s by Patricia Steinhoff professor of sociology at the University of Hawai i The Japan Foundation is the Japanese government's agency for cultural diplomacy and international cultural affairs Established in 1972 by special legislation in the Japanese Diet The Japan Foundation became an Independent Administrative Institution in October 2003 Its mission is to promote international cultural exchange and mutual understanding between Japan and other countries It maintains its headquarters in Tokyo and operates through a network of 19 overseas offices in 18 countries worldwide
